ENGINEERED GLASS PRODUCTS, LLC SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Engineered Glass Products, LLC Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by Engineered Glass Products, LLC (the "Company"), which covers all employees who have three months of service. Non-resident aliens and leased employees are excluded from participation in the Plan. Effective September 1, 2016, non-union employees were excluded from participation in the Plan, and as of that date, only bargained employees are included in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan restatement - Effective September 1, 2016, the Plan changed trustees from Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company to Charles Schwab Bank. The Plan recordkeeper changed from Principal Life Insurance Company ("Principal") to Schwab Retirement Plan Services ("Charles Schwab"). Effective September 1, 2016, the Plan adopted the Charles Schwab prototype defined contribution plan document and made some changes to the plan provisions as noted below. The Internal Revenue Service ("IRS") has determined that the prototype defined contribution plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC") and informed Charles Schwab of such in a letter dated June 19, 2014.

Contributions - Prior to September 1, 2016, participants could contribute up to 40% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Prior to September 1, 2016, the Company matched 100% of non-union employees' contributions up to \$700 per year and matched 50% of union employees' contributions up to \$700 per year. Prior to September 1, 2016, the Company at its discretion could make an additional profit sharing contribution to the Plan during the plan year for non-union employees. No profit sharing contribution was made in 2016.

Effective September 1, 2016, participants may contribute up to the maximum statutory dollar limitation as defined by the IRC as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. Effective September 1, 2016, the Company matched 50% of the union employees' contributions up to \$700 per year. Effective July 1, 2017, the Company began matching 100% of the union employees' contributions up to 3% per year. Contributions are subject to certain IRC limitations.

Participant investment account options - The Plan currently offers twenty mutual funds and a stable value fund as investment options for participants.

(1) Description of plan (continued)

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus actual earnings are 100% immediately.

Participants hired before April 1, 2017 were 100% vested in the Company's matching contribution. Participants hired on or after April 1, 2017 are subject to the following vesting schedule for the Company's matching contribution:

<u>Years of Service</u>	<u>Vested %</u>
1	25%
2	50%
3	75%
4	100%

Company profit sharing contributions made prior to September 1, 2016 are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants may only have one outstanding loan at a time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - Upon termination, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest, installment payments or annuity payments. Terminated participants with account balances of less than \$1,000 are mandatorily cashed out.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Forfeited accounts - At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$5,814 and \$5,716, respectively. These amounts will be used to reduce future employer contributions. For the years ended December 31, 2017 and 2016, employer contributions were reduced by \$6,382 and \$23,514, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value (except for the fully benefit-responsive investment contract which was reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

(3) **Information prepared and certified by the trustees**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value (except the fully benefit-responsive investment contract which was reported at contract value)
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

ENGINEERED GLASS PRODUCTS, LLC SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common collective trust: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 1,519,589</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV practical expedient ^(a)			<u>887,495</u>
Total investments at fair value			<u>\$ 2,407,084</u>

Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 1,345,631</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV practical expedient ^(a)			<u>799,394</u>
Total investments at fair value			<u>\$ 2,145,025</u>

(4) Fair value measurements (continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is based on NAV per share practical expedient as of December 31, 2017 and 2016, respectively.

Investments	Fair Value 12/31/2017	Fair Value 12/31/2016	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Common Collective Trust	\$ 887,495	\$ 799,394	\$ -	Daily	(b)

(b) Units may be redeemed on a daily basis. There is a 30 day redemption notice period for benefit payments and participant transfers to noncompeting options. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a twelve month written notice.

(5) Fully benefit-responsive investment contract

The Plan held a fully benefit-responsive guaranteed investment contract with Principal. Principal maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but was not be less than 1 percent. The crediting interest rate was reviewed on a quarterly basis for resetting. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Principal, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations could be affected by future economic and regulatory developments.

ENGINEERED GLASS PRODUCTS, LLC SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Fully benefit-responsive investment contract (continued)**

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events occurred that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

Effective September 1, 2016, the value of the fully benefit-responsive investment contract offered by Principal was transferred to the Morley Stable Value Fund.

(6) **Related party transactions and party-in-interest transactions**

Certain Plan investments are managed by Charles Schwab. Prior to September 1, 2016, certain Plan investments were shares of mutual funds and an investment contract managed by Principal. Charles Schwab and Principal are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrators of \$975 and \$19,682 for the years ended December 31, 2017 and 2016, respectively, which was not covered by revenue sharing. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(7) **Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTES TO FINANCIAL STATEMENTS

(8) **Tax status**

Prior to September 1, 2016, the Plan had filed for a determination letter from the IRS. The plan administrator believed the Plan was designed and operated in compliance with the applicable requirements of the IRC.

Effective September 1, 2016, the Plan adopted the Schwab Retirement Plan Services, Inc. prototype nonstandardized profit sharing plan. The IRS determined that the prototype nonstandardized profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated June 19, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) **Risks, uncertainties and concentrations**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2017 and 2016 approximately 37% of the Plan's investments were invested in the Morley Stable Value Fund.

(10) **Transfers**

Effective September 1, 2016, the Plan was restated and at that time, non-union employees were excluded from participation in the Plan. As a result, \$5,291,460 was transferred from the Plan to FutureGuard (EIN 38-0614230, Plan 004) in 2016.

(11) **Subsequent events**

The Plan has evaluated subsequent events through October 10, 2018, which is the date the financial statements were available to be issued and noted the following item for disclosure:

Effective May 12, 2018, an agreement was signed to move the Plan's recordkeeping services to Alight Solutions LLC beginning April 1, 2019. At that date, the Plan's trustee will be Northern Trust.
