IQMS 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the IQMS 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of IQMS (the Company) who are age 21, are not members of a collective bargaining unit, non-resident aliens or leased employees, and have met the service requirement. The service requirement is 3 months of employment, with no minimum hour requirement. Employees enter the Plan on the first of each calendar month that occurs after the employee has met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring of investment performance.

The trustee, Fidelity Management Trust Company, has been granted discretionary authority to invest and reinvest the assets of the Plan, subject to the investment discretion of the individual participants over the participant contributions and Company matching contributions, if any.

Contributions:

Each year, participants may elect to contribute a percentage of their compensation, as defined in the Plan document, which is withheld from the employee's pay through payroll deductions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company makes a matching contribution of 50% of employee contributions made each monthly period, up to 6% of Plan compensation for that period. The eligibility requirements for the matching contribution are the same as the Plan eligibility requirements. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with the participant's contributions via payroll deductions, employer matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations

IQMS 401(k) Plan

Notes to Financial Statements

are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may also transfer benefits from other qualified plans into the Plan.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting of the employer matching contribution plus earnings thereon is vested based on years of service as follows:

<u><i>Years of service</i></u>	
Less than 2	0%
2	100%

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and the loan is charged interest at a rate which has been determined by the Plan administrator as a reasonable rate of interest, commensurate with local prevailing rates, as of the loan date. Principal and interest are paid through payroll deductions or through direct payments from the participants.

Benefit payments:

On termination of service for any reason, participants or their beneficiaries are entitled to a benefit equal to the vested and non-forfeitable interest in their account as a lump sum distribution. If the terminated participant's vested and non-forfeitable balance is less than \$5,000, the participant's balance will automatically be distributed in the form of a lump sum, as a cash distribution if the balance is under \$1,000, and as a direct rollover to a default IRA if the balance is under \$5,000, unless otherwise specified by the participant.

A participant may withdraw the elective deferral balance of their account for reasons of hardship.

At December 31, 2017, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Forfeitures of terminated participants' non-vested accounts may be applied to reduce administrative expenses of the Plan, then any remaining forfeitures may be used to supplement employer contributions.

At December 31, 2017 and 2016, the forfeiture balance was \$34,557 and \$3,457, respectively.

IQMS 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and cash equivalents:

The Plan considers cash equivalents to be highly liquid debt instruments purchased with an original maturity of three months or less.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the trustee and third party administrator. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

IQMS 401(k) Plan

Notes to Financial Statements

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Benefit payments:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative fees.

Note 3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (Fidelity).

Note 4. Investments and Fair Value Measurements

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

IQMS 401(k) Plan

Notes to Financial Statements

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes to the methodologies used at December 31, 2017 and 2016.

Mutual funds (and money market funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u><i>Level 1</i></u>
Mutual funds, total investments at fair value	<u><u>\$ 12,231,094</u></u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u><i>Level 1</i></u>
Mutual funds, total investments at fair value	<u><u>\$ 10,567,861</u></u>

For the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1, 2, or 3.

Note 5. Related Party and Party-in-Interest Transactions

Plan investments are managed by Fidelity and affiliated entities. Fidelity is the trustee and the third party administrator for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for these services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan also made direct payments of \$14,412 to Fidelity for administrative services during the year ended December 31, 2017.

IQMS 401(k) Plan

Notes to Financial Statements

Notes receivable from the participants and the related interest income are also considered party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

Note 7. Tax Status

The Plan is an adopter of a volume submitter plan which obtained its latest approval letter on March 31, 2014, in which the IRS stated that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Although the Plan has been amended since receiving the volume submitter approval letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; and therefore, believes that the Plan is qualified and the related trust is tax-exempt. As such, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, which are insignificant or operational in nature, are handled by the Plan administrator in accordance with applicable IRS correction policies.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2017, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

Caliber Audit & Attest, LLP

805 Aerovista Place, Suite 103

San Luis Obispo, CA 93401

This representation letter is provided in connection with your audits of the financial statements and supplemental schedules of IQMS 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule are fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole. We understand that the form and content of the information in the financial statements and supplemental schedules, other than that derived from the information certified by Fidelity Management Trust Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstance, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An

omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of the date of this letter, the following representations made to you during your audits.

- 8) The effects of uncorrected misstatements, if any, are immaterial, both individually and in the aggregate, to the financial statements as a whole. A list of the corrected and uncorrected misstatements is attached to the representation letter.
- 9) We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments.

Information Provided

15) We have provided you with:

- Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters.
- Additional information that you have requested from us for the purpose of the audit.
- Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.
- Plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.

16) All material transactions have been recorded in the accounting records and are reflected in the financial statements.

17) We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

18) We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:

- Management,
- Employees who have significant roles in internal control, or
- Others where the fraud could have a material effect on the financial statements.

19) We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

20) We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.

21) We are not aware of any pending or threatened litigation, claims, or assessments or unasserted claims or assessments that are required to be accrued or disclosed in the financial statements in accordance with U.S. GAAP, and we have not consulted a lawyer concerning litigation, claims, or assessments.

- 24) We have no—
- Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
 - Intentions to terminate the Plan.
- 25) Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.
- 26) The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.
- 27) The methods and significant assumptions used to estimate fair values of financial instruments, including nonreadily marketable securities, are as follows: the fair value of the mutual funds (including money market funds) is based on the value at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end investment companies that are registered with the Securities Exchange Commission, and these funds are required to publish their daily net asset value (NAV) and to transact at that price. The methods and significant assumptions used result in a measure of fair value appropriate for financial measurement and disclosure purposes.
- 28) All required amendments to and filings of Plan documents with the appropriate agencies have been made. The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.
- 29) The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). The Plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status. - 30) The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan, or made all necessary corrections.
- 31) The Plan has complied with the fidelity bonding requirements of ERISA.
- 32) We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
- 33) We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

- 34) We believe the form and content of the Schedule of Assets (Held at End of Year) and the Schedule of Delinquent Participant Contributions are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- 35) We have obtained the service auditor's report from our service organization Fidelity (recordkeeper and trustee). We have reviewed such reports, including the complementary user controls. We have implemented the relevant user controls, and they were in operation for the year ended December 31, 2017, except for instances of which you have been made aware.
- 36) In regard to the financial statement preparation and any other non-attest services performed by you, we have:
- Assumed all management responsibilities.
 - Designated an individual (within senior management) with suitable skill, knowledge, and/or experience to oversee the services.
 - Evaluated the adequacy and results of the services performed.
 - Accepted responsibility for the results of the services.
