401(k) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of Canton Christian Home, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) retirement plan that covers substantially all full time employees of Canton Christian Home ("Company"), who have twelve consecutive months of service, worked at least 1000 hours during that time and are age twenty-one or older. The plan excludes union employees and non-resident aliens. The plan was amended on December 31, 2016 to allow any employee who was hired in 2016 and satisfied the plan eligibility requirements to enter the plan on their employment anniversary date. The amendment's effective date was January 1, 2017 and only applies to the 2017 plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants can voluntarily contribute up to 100% of pre-tax annual compensation or make Roth contributions, as defined in the Plan. The maximum employee contribution allowed in 2017 was $18,000. Participants who have attained age 50 by the end of the Plan year may also make catch up contributions to the Plan up to $6,000 for 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. Participants may change their deferral percentage contribution at monthly intervals throughout the Plan year. Investment election changes can be made at any time. With the exception of participants who are classified as managers or PRN employees, the Company makes tiered matching contributions to the Plan based upon years of service in an amount up to 5% of eligible compensation, as follows:

Years of service	Matching percentage
1 to <5	25%
5 to <10	50%
10 to <15	75%
15 or more	100%

The Company also may elect to make additional profit sharing contributions to the Plan as determined by the Board of Directors.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings, and is charged with loan origination fees, as applicable, and benefits paid. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their contributions and Company contributions plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts the lessor of: (1) 50% of their vested account, less any outstanding loan balances they might have or (2) $50,000, less their highest outstanding loan balance from the Plan during the past year. Loan terms may range from 1 to 5 years, or up to 15 years for the purchase or a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
During their employment, participants may withdraw their vested account balance in the event of financial hardship. The balance in an employee's account not previously withdrawn may be paid to the participants or their designated beneficiary in the event of death, permanent disability, retirement, or other termination of employment with the Company. In addition, an in-service withdrawal may be taken after age 59 ½. Benefit payments are generally made in a lump-sum amount but there is an option for installment payments.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan's administrative expenses are paid by either the Plan or the plan sponsor as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events
Subsequent events have been evaluated through October 8, 2018, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock (the custodian of the Plan).

NOTE 4: INVESTMENTS

During the Plan years ended December 31, 2017 and 2016, the Plan's investments (including investments bought, sold and held during the year) appreciated in value as follows, $445,757 and $399,689.

NOTE 5: FAIR VALUE MEASUREMENT

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. NAV is based on the value of underlying assets owned by the fund minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted market price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Investments valued using NAV as a practical expedient (a)				$ 3,177,594
Total assets at fair value				$ 3,177,594

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Investments valued using NAV as a practical expedient (a)				$ 2,938,154
Total assets at fair value				$ 2,938,154

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation for the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2017 and 2016, respectively.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Asset Allocation (a)	$ 3,099,512			
Aggressive Growth (b)	$ 28,122			
Growth (c)	$ 43,653	n/a	None	None
Income (d)	$ 6,306			

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENT (Continued)

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Asset Allocation (a)	$ 2,547,571			
Aggressive Growth (b)	$ 107,676			
Growth (c)	$ 148,382	n/a	None	None
Income (d)	$ 134,525			

(a) This category seeks high total return through its' target retirement date, with a greater focus on income beyond the target date. The category allocates its assets among underlying funds according to an asset allocation strategy that becomes increasingly conservative over time. The Portfolio's asset mix increases its allocation to fixed income funds and reduces its allocation to stock funds as it nears its target date. Automatic reallocation helps maintain an age-appropriate investment mix up to, and throughout, retirement.

(b) This category includes funds that seek long-term capital appreciation. This category includes funds that seek long-term capital appreciation. The primary objectives of the category include capturing the return premiums of the emerging U.S. and non-U.S. value asset class by investing in well-diversified portfolios of securities.

(c) This category includes funds that seek primarily to provide long-term growth of capital. The portfolio's investment professionals diversify among blue chip companies in the United States and abroad, emphasizing multi-national or global companies and focusing on opportunities generated by changes in global trade patterns and economic and political relationships.

(d) This category includes funds that seek to provide a high level of current income with prudent investment risk. The fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in a diversified portfolio of bonds. These may include, but are not limited to, corporate bonds and debentures, mortgage-related and asset-backed securities, and U.S. government and agency securities.

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are accumulation units of variable annuity portfolios managed by affiliates of John Hancock, custodian of the Plan (see Note 3). Therefore, these transactions qualify as party-in-interest transactions. Management fees for these portfolios are paid by the respective portfolios and reduce the return earned on the portfolios. Trustee fees for administering the Plan are paid by the Company.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA during the year.

NOTE 8: TAX STATUS

The Plan administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan sponsored by Omega Pensions, Inc., which has received a favorable opinion letter from the IRS. Therefore, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of a company to evaluate tax positions taken by the company and recognize a tax liability if the company has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2017, the Plan held $3,105,818 of John Hancock (JH) pooled separate accounts, which was approximately 98% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.
