INDEPENDENT AUDITORS' REPORT

To the Trustees of
FM Home Loans 401(k) Plan
Brooklyn, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FM Home Loans 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Great-West Life & Annuity Insurance Company (GWL&A), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. **DESCRIPTION OF PLAN:** The following description of the FM Home Loans 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established on January 1, 2005 to provide benefits to all eligible employees. The Plan covers all full-time employees of FM Home Loans, LLC (the "Company") except for employees who are either non-resident aliens, leased employees, or whose employment is governed by a collective bargaining agreement to which retirement benefits were the subject of good faith bargaining. To be eligible, an employee must have completed three consecutive months of service and be age nineteen or older. The Board of Trustees is responsible for the oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees.

Contributions

Each year, participants may contribute any percentage of pretax annual compensation, as defined in the plan document. Participants who have obtained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may decide each plan year whether to make a discretionary matching contribution equal to a uniform percentage or dollar amount of the employees' elective deferrals on behalf of active participants. The employer may also decide each plan year whether to make a discretionary non-elective contribution equal to a predetermined percentage to active employees, who completed at least one thousand hours of service during the plan year. During the year ended December 31, 2017, the Company made no profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings on the contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 4 years of credited service.

DESCRIPTION OF PLAN (continued):

Notes Receivable from Participants

Participants may borrow from their fund accounts an amount ranging from a minimum of $1,000 up to a maximum of the lesser of one-half of the vested account balance or $50,000 reduced by the highest outstanding loan balance in the account during the prior twelve-month period. Participants are only permitted to have two outstanding loans from the Plan at any time. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59½ years of age. Hardship withdrawals are permitted under the Plan.

Forfeited Accounts

At December 31, 2017 and 2016, there were no forfeited nonvested accounts. Forfeited accounts are used to reduce future employer contributions or Plan expenses.

Plan Amendments

Effective October 17, 2017, the name of the Plan was changed from the First Meridian 401(k) Plan to the FM Home Loans 401(k) Plan to reflect a similar name change by the plan sponsor.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 3 for discussion of fair value measurements.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Expenses
Certain expenses incurred maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 10, 2018, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of observable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

FAIR VALUE MEASUREMENTS (continued):

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed annuities are valued daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. The valuation includes inputs other than quoted prices that are observable for the investment.

Collective Trust Funds are valued based on the net asset values (NAV's) per unit of the portfolios in which the assets of a fund are invested. The NAV per unit is determined by the portfolio and equals the total value of its assets, less its liabilities, divided by the number of outstanding units. Units are only valued as of the close of regular trading on the New York Stock Exchange (NYSE) each day the exchange is open for trading. Each portfolio values its investments for which market quotations are readily available at market value and values its short term investments that will mature within 60 days at amortized cost, which approximates market value. Each portfolio values all other investments and assets at their fair value. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

FAIR VALUE MEASUREMENTS (continued):

	Assets at Fair Value as of December 31, 2017		
	Level 1	Level 2	Total
Mutual funds	$ 1,500,602	$ -	$ 1,500,602
Fixed annuities	-	60,964	60,964
Total assets in the fair value hierarchy	1,500,602	60,964	1,561,566
Investments measured at net asset value (a)	-	-	219,887
Investments at fair value	$ 1,500,602	$ 60,964	$ 1,781,453

	Assets at Fair Value as of December 31, 2016		
	Level 1	Level 2	Total
Mutual funds	$ 938,138	$ -	$ 938,138
Fixed annuities	-	63,592	63,592
Total assets in the fair value hierarchy	938,138	63,592	1,001,730
Investments measured at net asset value (a)	-	-	38,239
Investments at fair value	$ 938,138	$ 63,592	$ 1,039,969

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Transfers Between Levels: For years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient: The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017. There were no participant redemption restrictions or redemption notice period for these investments.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Putnam Retirement Advantage 2030	$21,475	n/a	n/a	n/a
Putnam Retirement Advantage 2045	158,877	n/a	n/a	n/a
Putnam Retirement Advantage Maturity	39,535	n/a	n/a	n/a

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan holds a guaranteed investment contract with Great-West Life & Annuity Insurance Company (GWL&A) that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Guaranteed investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS: Certain Plan investments are managed by GWL&A. GWL&A is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. GWL&A provides certain administrative services to the Plan pursuant to a service agreement between the Company and GWL&A. GWL&A receives revenue from mutual fund service providers for services GWL&A provides to the funds. This revenue is used to offset certain amounts owed to GWL&A for its administrative services to the Plan.

6. TRUSTEE CERTIFICATION: Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by GWL&A, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year):

For the Year Ended December 31,	2017	2016
Investments at fair value	$ 1,781,453	$ 1,039,969
Investments at contract value	93,179	278,739
Notes receivable from participants	9,781	18,719

For the Year Ended December 31,	2017
Net appreciation in the fair value of investments	$ 140,378
Interest income	3,129
Dividend income	59,774
Interest income on notes receivable from participants	482

7. PLAN TERMINATION: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. TAX STATUS: The Plan is structured and follows a prototype non-standardized cash or deferred profit sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated March 31, 2014, that the prototype plan is acceptable in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe that the Plan is qualified and related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing

TAX STATUS (continued): jurisdictions; however, there are currently no audits for any tax periods in progress.

9. PROHIBITED TRANSACTIONS: During 2015, the Company erroneously failed to remit certain employee deferrals to the Plan aggregating $14,614. These deferrals are included in the Plan's receivables at December 31, 2016. The Company computed the lost earnings on these 2015 deposits and subsequently remitted the deposits and made a contribution for lost earnings to the Plan.

In addition, during 2017, the Company erroneously failed to remit certain employee deferrals to the Plan aggregating $24,399. These deferrals are included in the Plan's receivables at December 31, 2017. The Company computed the lost earnings on these 2017 deposits and subsequently remitted the deposits and made a contribution for lost earnings to the Plan.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500: The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016, to Form 5500:

For the Year Ended December 31,	2017	2016
Net assets available for benefits, per the financial statements	$1,920,293	$1,352,041
Less: Participant contributions receivable at year end	35,880	14,614
Net assets available for plan benefits, per Form 5500	$1,884,413	$1,337,427

The following is a reconciliation of participant contributions, per the financial statements, to Form 5500:

For the Year Ended December 31,	2017
Total participant contributions, per the financial statements	$ 304,961
Less: Participant contributions receivable at year end	35,880
Add: Participant contributions receivable in prior year	14,614
Total participant contributions, per Form 5500:	$ 283,695

11. RISKS AND UNCERTAINTIES: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
