NOTE A - DESCRIPTION OF PLAN

The following description of the Southern Orthopedic Associates 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan, which was established December 6, 1979 and last restated January 1, 2015, is a 401(k) defined contribution plan covering all eligible employees of Southern Orthopedic Associates, S.C. and Southern Illinois Orthopedic Center, LLC (the Company), and Massac County Surgery Center, LLC (d/b/a The Orthopedic Institute Surgery Center) who are at least 21 years of age or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Great West Financial is the custodian for all assets and has authority to purchase and sell investments of the Plan subject to participant elections in accordance with provisions of the Plan agreement.

Highly compensated participants may elect to maintain participant-directed brokerage accounts with Wells Fargo Securities. Great West Financial acts as the custodian for the individual participants' Plan assets and Wells Fargo Advisors executes investment transactions for the participants at their direction.

2. Contributions

All participants may make tax deferred cash contributions (subject to limitations imposed under the Internal Revenue Code (IRC)) under a salary deferral agreement into accounts administrated by Benefit Plans Plus (the Plan Administrator) or participant directed investment accounts. Participants may also make contributions to a Roth account (after-tax contributions) subject to IRC limitations. The Company may make matching contributions equal to a discretionary percentage of each participant's elective deferrals. In 2017 and 2016, the Company elected not to make any matching contributions.

For 2017 and 2016, the Company elected to make safe harbor contributions to eligible participants equal to 3% of compensation. Profit sharing contributions for 2017 and 2016 respectively, were equal to 1.445% and 1.403% of wages for non-owners, and a profit sharing contribution equal to 10.333 % and 10.208% for owners under a New Comparability Plan, as defined by the Internal Revenue Service. All contributions were based on cumulative maximum wages equal to $265,000 in 2017 and 2016.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

3. Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching, safe harbor, and profit sharing contributions and the earnings on the individuals' investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The contributions to the Plan, both employee and employer, are allocated to the various investments at the direction of the participant. Participants should refer to each mutual fund's prospectus for a description of the fund's investment objectives or other information readily available for non-mutual fund investments.

4. Notes Receivable From Participants

Participants may borrow from their fund accounts an amount greater than $1,000 but less than 50% of the participant's vested account balance. In no event can the participant borrow more than $50,000. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 4.50%, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. Loan transfers are treated as a transfer to/from the investment fund from/to the Participant Loans. If a participant fails to make a required loan payment by the end of the calendar quarter following the calendar quarter in which the loan payment is due, they will be in default and the entire amount of the outstanding loan (plus accrued interest) will be taxed as a distribution.

5. Vesting

Participants are immediately vested in their voluntary savings contributions, safe harbor contributions, employer matching contributions, and actual earnings thereon. Participants vest in profit sharing contributions and actual earnings thereon as follows:

Years of Service	Vested and Non-Forfeitable
Less than 2 years	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

6. Payment of Benefits

In the case of normal retirement, retirement due to permanent disability, death, or termination of employment, participants receive the value of their vested plan benefits in accordance with the provisions of the Plan in a lump-sum distribution.

NOTE A - DESCRIPTION OF PLAN - CONTINUED

7. Forfeited Accounts

Forfeitures of nonvested Company contributions may be used to reduce Company contributions or pay Plan expenses. The amount of nonvested forfeitures for the years ended December 31, 2017 and 2016 were $17,296 and $16,959, respectively.

8. Participant Hardship Withdrawals

A participant may withdraw from the Plan that portion of their account resulting from their elective deferrals in the event of undue hardship, as defined in the Plan.

9. Plan Termination

Although management has not expressed an intention to do so, the Company may terminate the Plan by delivering a written notice of termination to the Custodian and Administrator. Upon termination each participant's account shall become fully vested and non-forfeitable.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Asset Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

2. Valuation of Investments

The fair value of participation units and shares owned by the Plan in separate accounts is based on the fair market value on the last day of the business year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The unallocated insurance contracts are valued at contract value; which approximates fair value; as estimated by Great West Financial (Insurer). Contract value represents contributions made under the contracts, plus interest at the contract rate, less funds used to pay retirement benefits.

3. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Contributions Receivable

The 2017 employer safe harbor and profit sharing contribution of $1,345,950 was remitted to the Plan in September 2018.

The 2016 employer safe harbor and profit sharing contribution of $1,282,178 was remitted to the Plan in September 2017.

5. Payment of Benefits

Benefits are recorded when paid to participants.

6. Administrative and Investment Expenses

It is the policy of the Plan that certain administrative expenses pertaining to the Plan be paid by the Company.

The participant-directed brokerage accounts incur management and transaction related costs. These costs are deducted directly from the related participant account.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

7. Participant Loans

Loans to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans to participants are recorded as a distribution based upon the terms of the plan document.

8. Change in Accounting Principle

In 2017, the Plan changed its method of presentation and disclosure of investments in accordance with Accounting Standards Update (ASU) 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) and ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962). The major changes associated with the ASU 2015-07 are to eliminate the requirement to present or categorize investments valued using the net asset value per share as a practical expedient in the fair value hierarchy. The major changes associated with the ASU 2015-12 is that contract value is now the relevant measurement for fully benefit responsive investment contracts thus eliminating the requirement to categorize in the fair value hierarchy. In addition, various disclosures were simplified to (1) no longer report investments with a value equal to or greater than 5% of net assets available for benefits, (2) net appreciation (or depreciation) in fair value of investments is disclosed in aggregate rather than by general type, and (3) simplified the level of disaggregation disclosure for investments to be by general type. The changes were retrospectively applied and had no effect on prior year net assets available for benefits.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Company has accepted the certification of Great West Financial (Empower Retirement) as to the accuracy and completeness of the investment information included in the accompanying financial statements and supplemental schedule; and instructed the Plan's independent accountants not to perform any auditing procedures with respect to such information. Accordingly, the following information was certified by Great West Financial for the years ended December 31, 2017 and 2016 and was not subject to any auditing procedures, except for comparing such information with the related information contained in the accompanying financial statements and schedule:

- Investments at fair value including participant loans as of December 31, 2017 and 2016, which are included in the Statements of Net Assets Available for Benefits.
- Dividends and interest and net appreciation (depreciation) in fair value of investments for the years ended December 31, 2017 and 2016, which are included in the Statements of Changes in Net Assets Available for Benefits.
- All information regarding assets held by the Plan at December 31, 2017, included in the Schedule of Assets (Held at End of Year).
- Party-in-interest transactions for the year ended December 31, 2017 and 2016, which are described in Note E.

NOTE E - TAX STATUS

The Plan constitutes a prototype non-standardized safe harbor cash or deferred profit-sharing and 401(k) plan whose basic design was approved by the Internal Revenue Service as of October 29, 2008 as satisfying the requirements of ERISA. The approval of the general form of the prototype plan by the Internal Revenue Service does not constitute a determination letter or ruling as to whether the actual Plan qualifies under the Internal Revenue Code Section 401(a). The Plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan, as designed, is qualified and tax-exempt as of the financial statement date. Amounts distributed or made available for participants or their beneficiaries are taxable to the participants.

The accounting standards for uncertainty in income taxes prescribes a comprehensive model for financial statement recognition, measurement, classification and disclosure of uncertain tax positions. The implementation of the standard had no net effect on net assets available for benefits.

As of December 31, 2017 and 2016, the Plan has recognized in the financial statements the effects of all tax positions and continually evaluates changes in tax law and new authoritative rulings. The Plan is not aware of any circumstances or events that make it reasonably possible that unrecognized tax benefits may increase or decreased within 12 months of the statement of net assets available for benefits date. Penalties and interest accessed by taxing authorities are included in the provision for income taxes, if applicable. There were no interest or penalties paid during fiscal years 2017 or 2016.

The Plan files Form 5500 annually in the U.S. federal jurisdiction.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in certain funds of the Plan custodian. In 2017 and 2016, Great West Financial was the custodian of the Plan's assets and is considered a party-in-interest as defined by ERISA. As of December 31, 2017 and 2016, the Plan assets held by Great West Financial totaled $28,107,690 and $24,015,976.

NOTE G - FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There are three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016, however as disclosed in Note B, certain disclosures have changed.

Insurance contracts: Valued at contract value; which approximates fair value; as estimated by Great West Financial (Insurer). Contract value represents contributions made under the contracts, plus interest at the contract rate, less funds used to pay retirement benefits.

Pooled separate accounts: Through a group annuity contract, pooled separate accounts are invested in mutual funds that are registered with the Securities and Exchange Commission and required to publish their daily net asset value (NAV) and to transact at that price. Participants do not purchase shares of the mutual fund directly; they purchase units of the fund in the pooled separate account, based on the unit value on the day of the purchase or contribution. Units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis.

Participant Directed Brokerage Accounts: Accounts consist of common and preferred stock (equity investments), corporate bonds, government bonds and mutual funds. Mutual funds are valued at the net asset value ("NAV") of shares held by the account at year end. Assets are valued using the observable inputs set forth by major debt and equity markets upon daily settlement.

NOTE G - FAIR VALUE MEASUREMENT - CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Input levels by investment category of the Plan's net assets at December 31, 2017 are as follows:

Investment Category	Level 1	Level 2	Level 3	Total
Commodities	$ 104,796	$ -	$ -	$ 104,796

Investments measured at contract value				559,655
Total investment at fair value				$ 27,657,212

Input levels by investment category of the Plan's net assets at December 31, 2016 are as follows:

Investments measured at contract value				807,261
Total investment at fair value				$ 23,603,372

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE I - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Company entered into a fully benefit-responsive insurance contract with Great West Financial (Insurer). The Insurer maintains the Plan's deposits in an unallocated general account to which it adds interest. The contract value of the unallocated insurance contract aggregated $559,655 and $807,261 at December 31, 2017 and 2016, respectively; which approximates fair value. The funds can be used to purchase units in the Insurer's Pooled Separate Accounts. The Pooled Separate Accounts portfolio is primarily invested in private market bonds, stocks, real estate, or money markets. The Insurer does not guarantee the monies invested in the Separate Accounts as to principal or income. Benefit payments to employees or their beneficiaries are made directly from the Separate Accounts.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurer, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meets its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE J - SUBSEQUENT EVENT

Management evaluated all events and transactions that occurred after December 31, 2017, through October 9, 2018, the issue date of these financial statements. No subsequent events were identified.
