1. DESCRIPTION OF PLAN

The following description of Seal Master Corporation Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Seal Master Corporation and Elbex Corporation (the Companies) who have completed one year of service and are age 21 or older. To receive the discretionary profit sharing contribution, an eligible employee must also be employed by the Companies on the last day of the plan year unless terminated due to death, disability, or attainment of retirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, up to the Internal Revenue Code (IRC) limit. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Companies contribute annual safe harbor non-elective contributions of 3% of participants' compensation. Safe harbor non-elective contributions totaled $119,535 during 2017 and $121,674 during 2016.

The Companies may make a discretionary profit sharing contribution. For the years ended December 31, 2017 and 2016, the Companies contributed 2% of compensation, as defined by the Plan, for eligible employees. The profit sharing contributions totaled $75,237 during 2017 and $79,721 during 2016. Contributions are subject to certain limitations.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution(s) and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions and the Companies' safe harbor non-elective contributions plus actual earnings thereon. Vesting in the Companies' discretionary profit sharing contribution portion of their accounts is based on the following table:

Years of Service	Percentage
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a reasonable period selected by the participant.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Companies and are excluded from these financial statements. Distribution fees are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation of fair value of investments.

Forfeited Accounts

As of December 31, 2017 and 2016, there were unused forfeitures of $12,458 and $12,003, respectively. These amounts will be used to reduce future employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The Plan has evaluated subsequent events through August 22, 2018, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

a. Quoted prices for similar assets or liabilities in active markets,
b. Quoted prices for identical or similar assets or liabilities in inactive markets,
c. Inputs other than quoted prices that are observable for the asset or liability,
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts: Investments in units of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on the net asset value of units held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	2017		2016	
	Level 1	**Total**	**Level 1**	**Total**
Pooled separate accounts	$7,358,289	$7,358,289	$6,409,254	$6,409,254
Mutual funds	134,340	134,340	133,388	133,388
Total investments at fair value	$7,492,629	$7,492,629	$6,542,642	$6,542,642

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the years ended December 31, 2017 and 2016, there were no such transfers.

4. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2017 and 2016 has been certified as complete and accurate by John Hancock Life Insurance Company (U.S.A) (John Hancock U.S.A.), the custodian of plan assets, and has not been audited by the independent auditors for the Plan: investments at fair value, dividends, and net appreciation in fair value of investments.

4. CERTIFICATION OF FINANCIAL INFORMATION (Continued)

The Plan's administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the year ended December 31, 2017. Accordingly, as permitted under such election, the plan's administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information as certified by John Hancock U.S.A., the custodian of the Plan, except for comparing such information as certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2017 and 2016 has been certified as complete and accurate by John Hancock U.S.A.:

	2017	2016
Investments at fair value	$ 7,370,747	$ 6,421,256

	2017	2016
Net appreciation in the fair value of investments	$ 795,480	$ 500,929
Administrative expenses	695	1,773

5. NONPARTICIPANT-DIRECTED INVESTMENTS

The general types of nonparticipant-directed investments as of December 31, 2017 and 2016 and the changes in net assets available for benefit for the years then ended:

	2017	2016
Balance, beginning of year, mutual funds:	$ 121,386	$ 180,433
Dividends	646	142
Distributions to participants	-	(59,039)
Administrative fees	(150)	(150)
Balance, end of year, mutual funds	$ 121,882	$ 121,386

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Companies may determine.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds or units of pooled separate accounts managed by John Hancock U.S.A, while other plan investments are shares of mutual funds managed by Merrill Lynch, Inc., collectively, the custodians and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

8. TAX STATUS

The Companies use a volume submitter plan document sponsored by John Hancock U.S.A. The volume submitter plan sponsor has obtained an opinion letter dated March 31, 2014 in which the Internal Revenue Service (IRS) stated that the restated volume submitter plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator timely adopted the restated volume submitter plan. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believe that the Plan was designed, and is being operated, in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.
