General

The Plan is a defined contribution plan covering substantially all full-time employees of American Kenda Rubber Industrial Co., Ltd. and Americana Development, Inc. (the Companies) who have completed 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the plan agreement and as allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows for Roth elective deferrals. Participants direct the investment of all contributions into various investment options offered by the Plan. The Companies may make discretionary employer matching contributions and/or discretionary employer non-elective contributions, as determined by the Companies. During 2017 and 2016, the Companies contributed a matching contribution equal to 50% of each participant's contribution, up to 5% of the participant's eligible compensation for all non-union participants. During 2017 and 2016, the Companies contributed a matching contribution equal to 25% of each participant's contribution, up to 6% of the participant's eligible compensation for all union participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the employer contributions, (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer matching and non-elective contribution portions of their accounts plus actual earnings is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes must be repaid within five years unless the note is granted to allow the participant to purchase his or her principal residence. The notes are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to separation of service, death, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or elect an annuity contract to be purchased and distributed by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also provides for employees to make in-service withdrawals from their account under certain hardship circumstances or once they attain age 59 1/2.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$13,256 and \$12,237, respectively. Forfeitures are used at year-end to reduce employer contributions or to pay administrative expenses of the Plan. During 2017 and 2016, forfeitures of \$4,458 and \$7,376, respectively, were used to reduce employer contributions. During 2017 and 2016, forfeitures of \$370 and \$839, respectively, were used to pay administrative expenses of the Plan.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid

Benefits are recorded when paid.

Administrative Expenses

The Companies elect to pay the administrative expenses of the Plan, the fees and the retainers of the Plan's trustee, accountant, legal counsel, investment managers, administrator and other specialists, except expenses relating directly to the investments of the Plan. Should the Companies elect not to pay all or part of such expenses, the trustee then pays these expenses from the Plan's assets.

Investment Contract with Insurance Company

The Plan has an investment contract with Great-West Life & Annuity Insurance Company (Great-West Life). Great-West Life maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements at fair value. The average yield and crediting interest rates were 1.10% and 1.16% for 2017 and 2016, respectively. There is no minimum crediting interest rate under the terms of the contract. Such interest rates are reviewed on a quarterly basis for resetting.

Information Prepared and Certified by Trustee and Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by Great-West Trust Company, LLC (Great-West) the trustee of the Plan, and Great-West Life, the custodian of the Plan.

	2017	2016
Mutual funds	\$ 8,442,391	\$ 7,450,278
Common collective trusts	721,752	-
Group annuity contract	1,003,609	1,127,361
Notes receivable from participants	181,908	177,382
Total	\$ 10,349,660	\$ 8,755,021

The trustee and custodian also certified to the completeness and accuracy of \$721,385 and \$227,124 of net appreciation in fair value of investments and \$707,501 and \$361,041 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2017 and 2016, respectively.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.

KENDA GROUP COMPANY
401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2017 and 2016

Fair Value Measurements (continued)

- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

*Common
Collective*

Trust Funds: Valued at the NAV provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

*Group Annuity
Contract:*

Valued on a daily basis, based on the fund's guaranteed rates/period, which is based upon the three-month Treasury Note yield. On day one of a guaranteed period, a fixed fund's unit value will be \$1.00 and will increase incrementally to reflect the interest that is earned daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,442,391	\$ -	\$ -	\$ 8,442,391
Group annuity contract	-	1,003,609	-	1,003,609
Investments measured at net asset value *	-	-	-	721,752
Total assets at fair value	\$ 8,442,391	\$ 1,003,609	\$ -	\$ 10,167,752

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,450,278	\$ -	\$ -	\$ 7,450,278
Group annuity contract	-	1,127,361	-	1,127,361
Total assets at fair value	\$ 7,450,278	\$ 1,127,361	\$ -	\$ 8,577,639

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Tax Status

The Companies have adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement sponsored by Benefit Advantage Inc., which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Great-West. Great-West is the trustee as defined in the plan agreement and, therefore, these transactions qualify as party-in-interest. The Benefit Advantage is the contract administrator of the Plan and therefore, these transactions qualify as party-in-interest. UBS Financial Services and Empower Retirement Advisory Service are investment advisors to the plan and therefore, these transactions qualify as party-in-interest. GBQ Partners LLC is the auditor of the plan and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative expenses amounted to \$18,915 and \$25,434 during 2017 and 2016, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the accompanying 2017 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
