Independent Auditors' Report

To the Plan Administrator of ENGIE 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ENGIE 401(k) Plan (the Plan), which comprise the Statement of Net Assets Available for Benefits as of December 31, 2017 and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related Notes to Financial Statements.

Plan Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), Plan management instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 8, which was certified by Great-West Trust Company, LLC, the trustee of the Plan (Trustee), except for comparing such information with the related information included in the financial statements. We have been informed by Plan management that the Trustee holds the Plan's investment assets and executes investment transactions. Plan management has obtained a certification from the Trustee as of December 31, 2017 and for the year then ended, that the information provided to Plan management by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplementary Information

The supplementary information listed in the table of contents as of December 31, 2017 is required by DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplementary information.

Other Matter – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Great-West Trust Company, LLC, the trustee of the Plan. Their report, dated October 16, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Trustee, has been audited by us in accordance with US GAAS and, in our opinion, is presented in compliance with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description of the Plan

The following description of the ENGIE 401(k) Plan (formerly GDF SUEZ Energy North America, Inc. 401(k) Plan) (the "Plan") provides only general intonation. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective October 1, 2016, the Plan is sponsored by ENGIE Holdings Inc. (the "Company") and the name of the Plan was changed to ENGIE 401(k) Plan. Prior to that date the Plan was sponsored by GDF SUEZ Energy North America, Inc. With the exception of certain union employees, nonresident aliens, inpatriates (other than an inpatriate employee who is subject to local employment terms and conditions), and leased employees, the Plan covers substantially all employees of the Company. There are no age or service requirements.

The Company acts as the Plan administrator and is responsible for the Plan. Effective January 1, 2016, Great-West Trust Company LLC (the "Trustee") became the trustee of the assets of the Plan. Empower Retirement serves as the record keeper of the Plan, maintaining individual accounts for each participant.

The Company entered into an Amended and Restated Stock Purchase Agreement with Atlas Power Finance LLC, a wholly owned subsidiary of Atlas Power, LLC, an indirect wholly owned subsidiary of Dynegy Inc. for the sale of the majority of its thermal assets located throughout the United States. The closing date of sale was February 7, 2017. With this transaction, certain employees were terminated and received information to facilitate an individual rollover to Dynegy's 401(k) plan or an IRA. In addition, those employees with balances greater than \$5,000 may leave their account in the Company's plan until age 70 ½, when mandatory required minimum disbursements must take place.

Contributions

Participants may contribute up to 100% of their eligible compensation, as defined in the Plan.

Prior to January 1, 2017, the Company contributed 50% of each participant's elective deferrals made on the first 6% of eligible compensation, and an amount equal to 3% of each participant's eligible quarterly compensation as a profit-sharing contribution on a quarterly basis, provided the participant is an active employee of the Company at the end of the quarter.

Prior to January 1, 2017, the Company made a non-elective contribution on behalf of each 401(k) Plus participant of the FirstLight Bargaining Associates Plan, a 401(k) plan that was previously merged into the Plan and then transferred out of the Plan in 2016 in conjunction with the sales of the Company's hydro assets located in Massachusetts and Connecticut to PSP H2O FL USA, Inc.

Effective January 1, 2017, the Plan was amended to change the percentage of employer matching contributions to equal to 100% of salary deferrals that do not exceed 3% of employee compensation plus 50% of salary deferrals between 3% and 5% of employee compensation. The quarterly profit sharing contribution decreased to 1.5% of employee compensation. With this amendment, the Plan has become a safe harbor plan.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, Company profit-sharing contributions and allocations of Company discretionary contributions and Plan earnings, and charged with withdrawals and allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

If not previously enrolled, all new employees are automatically enrolled into the Plan sixty days after the employee's initial hire date. Absent an election by the employee to the contrary, 3% is automatically withheld from his/her compensation and deposited in the Plan as an employee contribution. This amount will increase by 1% each year until it reaches 6% of participants before-tax pay. If the employee does not select an investment option, the contributions will be invested in the Vanguard Target Retirement Fund that most closely matches the employees target retirement year, but may be subsequently redirected by the employee at any time. Each employee is responsible for directing his/her account.

Investments

Upon enrollment in the Plan, a participant may direct employee contributions into various investment options. Company contributions are contributed according to the same allocation.

Vesting

All participant and employer contributions and earnings thereon vest immediately. Upon termination of service, retirement, death, disability, or termination of the Plan, the participant may receive a lump-sum amount equal to his/her account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate, as defined in the Plan document, plus 1% of interest on the date of the loan. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

ENGIE 401(k) Plan

December 31, 2017 and 2016

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risk and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and a common collective trust fund that is considered to be a stable value fund. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The common collective trust fund (Putnam Stable Value Fund) is stated at fair value as determined by the issuer of the common collective trust based on the net asset value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and stable value fund are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or the Plan, as provided in the Plan document.

Benefit Payments

Benefits are recorded upon distribution.

Note 3: Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows:

- Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets;
- Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and
- Level 3, which refers to securities valued based on significant unobservable inputs.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2017 and 2016.

December 31, 2017				
	Level 1	Level 2	Level 3	Total

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of the transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2017 and 2016, there were no transfers between levels.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4: Stable Value Fund

The stable value fund (the "Fund") is a common collective trust fund sponsored by Putnam Fiduciary Trust Company. The investment objective of the Fund is to provide a competitive yield with minimal market-related risk through investing in a variety of guaranteed investment contracts (GICs), security-backed investment contracts (SBICs), and money market instruments.

The Fund is valued on a daily basis by Putnam Fiduciary Trust Company. All income and expenses shall be deemed to be accrued, received or paid at an equal rate from day to day. Daily unit values are determined by dividing the Fund's net assets by the number of participating units outstanding on the valuation date. Contributions and redemptions to the Fund may be made daily at the current net asset value and are considered as made immediately after the daily valuation. The Fund declares and records dividends daily and pays them monthly. Dividends are reinvested in the Fund and the units issued are adjusted accordingly.

Subject to certain restrictions, withdrawals from the Fund are generally permitted daily. The Fund invests at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and pursuant to liquidity and deposit agreements, stable value funds with investment policies and other provisions similar to those of the Fund.

As of December 31, 2017 and 2016, the balance of the Fund was \$36,940,756 and \$50,705,732, respectively.

Note 5: Exempt Party-In-Interest Transactions

Transactions with the Trustee and the funds they manage qualify as party-in-interest transactions. Investment management fees and operating fees paid by the Plan were included as a reduction of the return earned on each fund. Additionally, participant loans qualified as exempt party-in-interest transactions.

ENGIE 401(k) Plan
Notes to Financial Statements
December 31, 2017 and 2016

During 2017, Empower Retirement, the Plan's record keeper, paid the Plan directly \$100,000 in unused expense credits which were payable to the Plan. This amount is recorded as other additions in the Statements of Changes in Net Assets Available for Benefits.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7: Tax Status

The Plan uses a prototype plan document sponsored by Great-West Trust Company. Great-West Trust Company received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the plan's administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the taxing jurisdictions. There are currently no audits for any tax periods in progress and the plan administrator believes it is no longer subject to income tax examination for years prior to 2014.

Note 8: Information Certified by the Trustee

Information on investments as of December 31, 2017 and 2016 and related investment income for the year ended December 31, 2017 has been certified by the Trustee of the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

Note 9: Reconciliation of Financial Statements to Form 5500

A reconciliation to Form 5500 of net assets available for benefits per the financial statements at December 31, 2017 and 2016, is as follows:
