BERGELECTRIC CORPORATION
EMPLOYEES PENSION & 401(k) PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE A DESCRIPTION OF PLAN

The following brief description of the BERGELECTRIC CORP EMPLOYEES' PENSION & 401(K) PLAN AND TRUST (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

1. General: The Plan is a defined contribution plan covering all employees of Bergelectric Corporation who have completed 30 days of service and have attained age 18 (for the 401(K) Plan), and employees who have completed six months of service and have attained age 18 (for the Employees' Pension Plan). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions: Under the Plan, the employee can make a voluntary contribution as a percentage of his or her salary up to a maximum of $18,000 for 2017. Individuals who attain age 50 by the end of the Plan year may make (if their Plan permits) additional pre-tax "catch-up" contributions of up to $6,000 for 2017. There is no matching contribution by the Sponsor. However, each year, the sponsor may contribute a discretionary amount allowed under the Internal Revenue Code to each participant's account under the Plan.

3. Participant accounts: Each participant's account is credited with an allocation of (a) Participant's contribution, (b) Company's contribution, and (c) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit provided from the participant's account.

4. Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is a percentage of the total amount credited to the participant's account determined on the basis of the participant's number of years of service. A participant is generally 100% vested after six years of service.

5. Payment of benefits: Upon termination of service, a participant may elect to receive the amount of vested portion as a lump sum distribution upon retirement or termination, or annual installments over an elected period of time.

6. Death and disability benefits: If an active employee dies, all amounts credited to such participant's account become fully vested and will be paid to the employee's beneficiary. Active employees who become totally disabled become automatically 100% vested and all amounts credited to such participant's account will be distributed as though he/she had retired.

7. Forfeitures: Forfeitures may be used to reduce the contribution of the Company or to defray reasonable plan administration costs.

8. Administration costs: Administrative expenses of the Plan, including the cost of legal and accounting services necessary to administer the Plan, may be paid by the sponsor or from Plan Assets. Investment related expenses are included in net appreciation of fair value of investments.

NOTE A DESCRIPTION OF PLAN (CONTINUED)

9. Participant loans: Participants may borrow from their funded account a minimum of $1,000 and up to a maximum equal to the lessor of $50,000 or 50 percent of their account balance. Note terms range from one to five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates on current outstanding notes range from 4.75 percent to 5.50 percent. Principal and interest are repaid ratably though monthly payroll deductions. These note values approximate fair market value. Loan transactions are treated as a transfer to (from) the investment funds from (to) a participant's loan receivable.

NOTE B SUMMARY OF ACCOUNTING POLICIES

1. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

2. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Payment of Benefits

Benefits are recorded when paid or in the case of excess contributions when the amount is due to the Participant.

5. Date of Management's Review

Subsequent events were evaluated through October 10, 2018, which is the date the financial statements were available to be issued.

NOTE C FUNDING POLICY

The Plan includes a 401(k) profit sharing plan and thus minimum funding does not apply.

NOTE D INVESTMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:
-Quoted prices for similar assets or liabilities in active markets;
-Quoted prices for identical or similar assets or liabilities in inactive markets;
-Inputs other than quoted prices are observable for the asset or liability;
-Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE D INVESTMENTS (CONTINUED)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31.

The Plan's investments were held by Schwab Retirement Plan Services, Inc. at December 31, 2017. The Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income and Security Act of 1974 All investments are participant directed.

The Plan's investments changed in value by $5,753,302 in 2017. The custodian certification applies to interest and dividend income of $1,885,568 in 2017 and $1,627,857 in 2016 and to information included in the supplemental schedule of assets held at the end of the year.

NOTE E CASH SURRENDER VALUE, LIFE INSURANCE

Various life insurance policies have been issued with a total face value of $4,637,838. The Plan is the owner and beneficiary of these policies. The cash surrender value of these life insurance policies was $403,330 at December 31, 2017 and $396,692 at December 31, 2016.

NOTE F FORFEITURES

Forfeitures in the amount of $322,658 for the plan year ending December 31, 2017 and $403,311 for the plan year ending December 31, 2016 will be applied to the Sponsor's discretionary contribution amount.

NOTE G PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or employees eligible to retire for that three year period that would have been receiving benefits if they had retired with benefits in the normal form of annuity under the plan.
b) Vested benefits
c) Nonvested benefits

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency at that time of the Plan's net assets to provide those benefits.

NOTE H RECONCILIATION WITH FORM 5500

The financial statements of the Plan are prepared using the accrual method of accounting. Differences can occur in the reporting of certain income and expense items on the financial statements versus the tax returns. Upon termination of the participant, the cash surrender value reverts back to those participants who have cash surrender value. There are no reconciling items.

NOTE I TAX STATUS

The Employees Pension Plan and Trust and the 401(k) Plan and Trust each have received Favorable Determination letters from the Internal Revenue Service, as of October 2011 and March 2008, respectively. The trusts established under the separate Plans to hold the Plan assets are qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trusts' net investment income are exempt from income taxes. The Employees Pension Plan and Trust was merged with the 401(k) Plan and Trust, effective September 15, 2011. The merged Plan received a Favorable Determination letter from the Internal Revenue Service as of June 2014. Additional amendments to the Plan have occurred subsequent to this determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is subject to examination by the U. S. Department of Labor and Internal Revenue Service.

Accounting principles generally accepted in the United States of America require the evaluation of tax positions taken by the Plan and recognition of a tax liability if the Plan has taken an uncertain tax position that is not more likely than not to be sustained upon examination by the IRS. The Sponsor, on behalf of the Plan, has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audit; however, there are currently no

NOTE I TAX STATUS (CONTINUED)

audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE J RISKS AND UNCERTAINTIES

The Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Additionally, many mutual funds invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than similar types of securities of comparable U.S. companies.

The Plan has invested approximately 57% of its mutual fund investments with Vanguard Mutual Funds.

NOTE K DOL LIMITED SCOPE AUDIT

These audited financial statements were prepared as a Department of Labor (DOL) limited scope audit. All transactions involving any investments were not audited, but certified by the trustee as complete and accurate.

NOTE L PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by Charles Schwab. Schwab Retirement Plan Services, Inc. is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees were paid by the Plan for the investment management services in the amount of $232,574. Another party-in-interest was Moss, Levy & Hartzheim, LLP who received $9,350 and who performed the statutory audit of the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
