INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of Inframark 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Inframark 401(k) Savings Plan (the "Plan"), formerly known as Severn Trent 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Prudential Trust Company, the trustee, and The Prudential Insurance Company of America, the insurance company, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee and insurance company hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from Prudential Trust Company and The Prudential Insurance Company of America as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the trustee and insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and insurance company have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of Inframark 401(k) Savings Plan (the "Plan"), formerly known as Severn Trent 401(k) Savings Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

Effective January 1, 2018, the Plan Sponsor became known as Inframark, LLC (the "Company"), formerly known as Severn Trent Services, Inc., and the name of the Plan changed to Inframark 401(k) Savings Plan. The Plan is a defined contribution plan covering all nonunion employees and certain union employees, whose collective bargaining agreements specifically provide for participation, of the Inframark US Controlled Group. Employees, including temporary employees, are immediately eligible to enter the Plan upon their date of hire.

The Plan is subject to the provisions of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Contributions:

Participants may contribute up to 75% of pre-tax annual compensation, up to a maximum of \$18,000 in 2017, and may make catch-up contributions, as defined by the Plan. In addition, participants may contribute up to 15% of after-tax compensation, as defined by the Plan. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for automatic enrollment and auto escalation features whereby participants are automatically enrolled in the Plan at a contribution rate of 6% which is increased annually on July 1 by 1%, up to a maximum of 10%. Participants may change their contribution percentages daily. Participants direct the investment of participant and employer contributions. The Company matches 50% of the participant's pre-tax contributions, up to 6% of base compensation. The Plan also allows for two types of discretionary profit sharing contributions as follows: (1) additional discretionary profit sharing contributions, and (2) supplemental union profit sharing contributions. Additional discretionary profit sharing contributions may be made at the discretion of the Company's Board of Directors. In general, to be eligible, a participant must work 1,000 hours in the given Plan year and be employed on the last day of the Plan year. There were no additional discretionary profit sharing contributions made in 2017. The Plan also allows for supplemental union profit sharing contributions for certain unions as defined in the Plan document and in accordance with the respective collective bargaining agreements. In general, to be eligible, a participant must be a member of the defined unions (and hired on or before the effective dates of the respective collective bargaining agreements which range from September 11, 2014 to October 19, 2014), complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. A 9% supplemental union profit sharing contribution was made in 2017.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions portion of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Service</u>	<u>Vesting</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loan balances ranged from 4.25% to 9.25% during the year. Delinquent notes receivable from participants are reclassified as distributions, based upon the terms of the Plan document.

[6] Payment of benefits:

Upon termination of service for any reason, excluding death, a participant may elect to receive a single lump sum cash payment or monthly, quarterly or annual installments paid over a period of time not to exceed 10 years, in an amount equal to the value of the participant's vested interest in his or her account.

If the value of the account of a participant who retired, terminated employment, became disabled, or died, is \$1,000 or less, the Plan administrator may distribute the participant's account without his/her consent in the form of a single lump sum cash payment.

[7] Forfeitures:

Forfeited non-vested accounts are used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2017, forfeitures of approximately \$154,000 and \$4,000 were used to reduce employer contributions and pay Plan expenses, respectively. Forfeited non-vested accounts available to reduce future employer contributions and pay Plan expenses at December 31, 2017 and 2016 were approximately \$98,000 and \$62,000, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[1] Basis of accounting: (continued)

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were available to be issued.

The Plan sponsor has signed an agreement to change the Plan trustee, effective October 1, 2018, from Prudential Trust Company to Great-West Trust Company, LLC.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

The Plan pays administrative expenses to the extent that they are not paid by the Company. Administrative expenses paid by the Plan for recordkeeping and investment advisory services were approximately \$77,000 during the year ended December 31, 2017.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Prudential Trust Company and The Prudential Insurance Company of America, have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Investment Assets at Fair Value as of December 31, 2017

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Investment Assets at Fair Value as of December 31, 2016

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 55,938,628	\$ -	\$ -	\$ 55,938,628
Total investment assets at fair value	<u>\$ 55,938,628</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 55,938,628</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the transfers between levels and for the year ended December 31, 2017, there were no transfers into or out of Levels 1, 2 or 3.

NOTE E - GUARANTEED INCOME FUND

The Plan has an investment contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"), a wholly owned subsidiary of The Prudential Insurance Company of America. The guaranteed income fund is reported at contract value. The valuation is an amount equal to the sum of the deposits made, credited interest and transfers for other investment vehicles of the Plan, less expenses and transfers, distributions or termination disbursements made from the fund. The guaranteed income fund, a fully benefit-responsive investment, is a stable value product, and principal and interest are fully guaranteed by PRIAC. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Generally, there are not any events that could limit the ability of the Plan to transact at the contract value within 90 days. There are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid either within 90 days or over time. If the contract were to be terminated, the valuation date would be 90 days after the date PRIAC receives all information necessary to make the disbursement, or 90 days after the date PRIAC recovers all outstanding expenses under the agreement, if any.

Distributions resulting from a plan participant's termination of employment, retirement, death or disability, hardship withdrawals and minimum required distributions will always be paid in full without any fees or restrictions and will not be deferred. In service withdrawals (other than hardship or minimum required distributions) and loan requests may be deferred if pool level cash outflows exceed 10% of the pool's beginning of calendar year balance. Amounts withdrawn may not be transferred to a competing fund for 90 days after withdrawal. A competing fund is an investment option available under the Plan that is primarily comprised of high quality fixed income securities with an average duration of less than or equal to 3.5 years.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE F - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 20, 2013, that the Plan is qualified under the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receipt of the letter and the Plan administrator believes that the Plan continues to be designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and a guaranteed income fund managed by Prudential Trust Company and Prudential Retirement Insurance and Annuity Company, therefore, these transactions qualify as party-in-interest transactions. Total fees paid to Prudential Trust Company and Prudential Retirement Insurance and Annuity Company were approximately \$14,000 for the year ended December 31, 2017.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of Inframark 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Inframark 401(k) Savings Plan (the "Plan"), formerly known as Severn Trent 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Prudential Trust Company, the trustee, and The Prudential Insurance Company of America, the insurance company, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee and insurance company hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from Prudential Trust Company and The Prudential Insurance Company of America as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the trustee and insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and insurance company have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of Inframark 401(k) Savings Plan (the "Plan"), formerly known as Severn Trent 401(k) Savings Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

Effective January 1, 2018, the Plan Sponsor became known as Inframark, LLC (the "Company"), formerly known as Severn Trent Services, Inc., and the name of the Plan changed to Inframark 401(k) Savings Plan. The Plan is a defined contribution plan covering all nonunion employees and certain union employees, whose collective bargaining agreements specifically provide for participation, of the Inframark US Controlled Group. Employees, including temporary employees, are immediately eligible to enter the Plan upon their date of hire.

The Plan is subject to the provisions of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Contributions:

Participants may contribute up to 75% of pre-tax annual compensation, up to a maximum of \$18,000 in 2017, and may make catch-up contributions, as defined by the Plan. In addition, participants may contribute up to 15% of after-tax compensation, as defined by the Plan. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for automatic enrollment and auto escalation features whereby participants are automatically enrolled in the Plan at a contribution rate of 6% which is increased annually on July 1 by 1%, up to a maximum of 10%. Participants may change their contribution percentages daily. Participants direct the investment of participant and employer contributions. The Company matches 50% of the participant's pre-tax contributions, up to 6% of base compensation. The Plan also allows for two types of discretionary profit sharing contributions as follows: (1) additional discretionary profit sharing contributions, and (2) supplemental union profit sharing contributions. Additional discretionary profit sharing contributions may be made at the discretion of the Company's Board of Directors. In general, to be eligible, a participant must work 1,000 hours in the given Plan year and be employed on the last day of the Plan year. There were no additional discretionary profit sharing contributions made in 2017. The Plan also allows for supplemental union profit sharing contributions for certain unions as defined in the Plan document and in accordance with the respective collective bargaining agreements. In general, to be eligible, a participant must be a member of the defined unions (and hired on or before the effective dates of the respective collective bargaining agreements which range from September 11, 2014 to October 19, 2014), complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. A 9% supplemental union profit sharing contribution was made in 2017.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions portion of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Service</u>	<u>Vesting</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loan balances ranged from 4.25% to 9.25% during the year. Delinquent notes receivable from participants are reclassified as distributions, based upon the terms of the Plan document.

[6] Payment of benefits:

Upon termination of service for any reason, excluding death, a participant may elect to receive a single lump sum cash payment or monthly, quarterly or annual installments paid over a period of time not to exceed 10 years, in an amount equal to the value of the participant's vested interest in his or her account.

If the value of the account of a participant who retired, terminated employment, became disabled, or died, is \$1,000 or less, the Plan administrator may distribute the participant's account without his/her consent in the form of a single lump sum cash payment.

[7] Forfeitures:

Forfeited non-vested accounts are used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2017, forfeitures of approximately \$154,000 and \$4,000 were used to reduce employer contributions and pay Plan expenses, respectively. Forfeited non-vested accounts available to reduce future employer contributions and pay Plan expenses at December 31, 2017 and 2016 were approximately \$98,000 and \$62,000, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[1] Basis of accounting: (continued)

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were available to be issued.

The Plan sponsor has signed an agreement to change the Plan trustee, effective October 1, 2018, from Prudential Trust Company to Great-West Trust Company, LLC.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

The Plan pays administrative expenses to the extent that they are not paid by the Company. Administrative expenses paid by the Plan for recordkeeping and investment advisory services were approximately \$77,000 during the year ended December 31, 2017.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Prudential Trust Company and The Prudential Insurance Company of America, have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Investment Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 55,938,628	\$ -	\$ -	\$ 55,938,628
Total investment assets at fair value	<u>\$ 55,938,628</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 55,938,628</u>

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the transfers between levels and for the year ended December 31, 2017, there were no transfers into or out of Levels 1, 2 or 3.

NOTE E - GUARANTEED INCOME FUND

The Plan has an investment contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"), a wholly owned subsidiary of The Prudential Insurance Company of America. The guaranteed income fund is reported at contract value. The valuation is an amount equal to the sum of the deposits made, credited interest and transfers for other investment vehicles of the Plan, less expenses and transfers, distributions or termination disbursements made from the fund. The guaranteed income fund, a fully benefit-responsive investment, is a stable value product, and principal and interest are fully guaranteed by PRIAC. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Generally, there are not any events that could limit the ability of the Plan to transact at the contract value within 90 days. There are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid either within 90 days or over time. If the contract were to be terminated, the valuation date would be 90 days after the date PRIAC receives all information necessary to make the disbursement, or 90 days after the date PRIAC recovers all outstanding expenses under the agreement, if any.

Distributions resulting from a plan participant's termination of employment, retirement, death or disability, hardship withdrawals and minimum required distributions will always be paid in full without any fees or restrictions and will not be deferred. In service withdrawals (other than hardship or minimum required distributions) and loan requests may be deferred if pool level cash outflows exceed 10% of the pool's beginning of calendar year balance. Amounts withdrawn may not be transferred to a competing fund for 90 days after withdrawal. A competing fund is an investment option available under the Plan that is primarily comprised of high quality fixed income securities with an average duration of less than or equal to 3.5 years.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE F - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 20, 2013, that the Plan is qualified under the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receipt of the letter and the Plan administrator believes that the Plan continues to be designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and a guaranteed income fund managed by Prudential Trust Company and Prudential Retirement Insurance and Annuity Company, therefore, these transactions qualify as party-in-interest transactions. Total fees paid to Prudential Trust Company and Prudential Retirement Insurance and Annuity Company were approximately \$14,000 for the year ended December 31, 2017.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries
of Inframark 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Inframark 401(k) Savings Plan (the "Plan"), formerly known as Severn Trent 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Prudential Trust Company, the trustee, and The Prudential Insurance Company of America, the insurance company, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee and insurance company hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from Prudential Trust Company and The Prudential Insurance Company of America as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by the trustee and insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and insurance company have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of Inframark 401(k) Savings Plan (the "Plan"), formerly known as Severn Trent 401(k) Savings Plan, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

Effective January 1, 2018, the Plan Sponsor became known as Inframark, LLC (the "Company"), formerly known as Severn Trent Services, Inc., and the name of the Plan changed to Inframark 401(k) Savings Plan. The Plan is a defined contribution plan covering all nonunion employees and certain union employees, whose collective bargaining agreements specifically provide for participation, of the Inframark US Controlled Group. Employees, including temporary employees, are immediately eligible to enter the Plan upon their date of hire.

The Plan is subject to the provisions of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Contributions:

Participants may contribute up to 75% of pre-tax annual compensation, up to a maximum of \$18,000 in 2017, and may make catch-up contributions, as defined by the Plan. In addition, participants may contribute up to 15% of after-tax compensation, as defined by the Plan. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan provides for automatic enrollment and auto escalation features whereby participants are automatically enrolled in the Plan at a contribution rate of 6% which is increased annually on July 1 by 1%, up to a maximum of 10%. Participants may change their contribution percentages daily. Participants direct the investment of participant and employer contributions. The Company matches 50% of the participant's pre-tax contributions, up to 6% of base compensation. The Plan also allows for two types of discretionary profit sharing contributions as follows: (1) additional discretionary profit sharing contributions, and (2) supplemental union profit sharing contributions. Additional discretionary profit sharing contributions may be made at the discretion of the Company's Board of Directors. In general, to be eligible, a participant must work 1,000 hours in the given Plan year and be employed on the last day of the Plan year. There were no additional discretionary profit sharing contributions made in 2017. The Plan also allows for supplemental union profit sharing contributions for certain unions as defined in the Plan document and in accordance with the respective collective bargaining agreements. In general, to be eligible, a participant must be a member of the defined unions (and hired on or before the effective dates of the respective collective bargaining agreements which range from September 11, 2014 to October 19, 2014), complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year. A 9% supplemental union profit sharing contribution was made in 2017.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[4] Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contributions portion of their accounts, plus actual earnings thereon, is as follows:

<u>Years of Service</u>	<u>Vesting</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loan balances ranged from 4.25% to 9.25% during the year. Delinquent notes receivable from participants are reclassified as distributions, based upon the terms of the Plan document.

[6] Payment of benefits:

Upon termination of service for any reason, excluding death, a participant may elect to receive a single lump sum cash payment or monthly, quarterly or annual installments paid over a period of time not to exceed 10 years, in an amount equal to the value of the participant's vested interest in his or her account.

If the value of the account of a participant who retired, terminated employment, became disabled, or died, is \$1,000 or less, the Plan administrator may distribute the participant's account without his/her consent in the form of a single lump sum cash payment.

[7] Forfeitures:

Forfeited non-vested accounts are used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2017, forfeitures of approximately \$154,000 and \$4,000 were used to reduce employer contributions and pay Plan expenses, respectively. Forfeited non-vested accounts available to reduce future employer contributions and pay Plan expenses at December 31, 2017 and 2016 were approximately \$98,000 and \$62,000, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[1] Basis of accounting: (continued)

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

[2] Subsequent events:

The Plan has evaluated subsequent events through October 2, 2018, the date the financial statements were available to be issued.

The Plan sponsor has signed an agreement to change the Plan trustee, effective October 1, 2018, from Prudential Trust Company to Great-West Trust Company, LLC.

[3] Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

The Plan pays administrative expenses to the extent that they are not paid by the Company. Administrative expenses paid by the Plan for recordkeeping and investment advisory services were approximately \$77,000 during the year ended December 31, 2017.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Prudential Trust Company and The Prudential Insurance Company of America, have certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

INFRAMARK 401(k) SAVINGS PLAN

Notes to Financial Statements December 31, 2017 and 2016

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Investment Assets at Fair Value as of December 31, 2017

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the transfers between levels and for the year ended December 31, 2017, there were no transfers into or out of Levels 1, 2 or 3.

NOTE E - GUARANTEED INCOME FUND

The Plan has an investment contract with Prudential Retirement Insurance and Annuity Company ("PRIAC"), a wholly owned subsidiary of The Prudential Insurance Company of America. The guaranteed income fund is reported at contract value. The valuation is an amount equal to the sum of the deposits made, credited interest and transfers for other investment vehicles of the Plan, less expenses and transfers, distributions or termination disbursements made from the fund. The guaranteed income fund, a fully benefit-responsive investment, is a stable value product, and principal and interest are fully guaranteed by PRIAC. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Generally, there are not any events that could limit the ability of the Plan to transact at the contract value within 90 days. There are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value paid either within 90 days or over time. If the contract were to be terminated, the valuation date would be 90 days after the date PRIAC receives all information necessary to make the disbursement, or 90 days after the date PRIAC recovers all outstanding expenses under the agreement, if any.

Distributions resulting from a plan participant's termination of employment, retirement, death or disability, hardship withdrawals and minimum required distributions will always be paid in full without any fees or restrictions and will not be deferred. In service withdrawals (other than hardship or minimum required distributions) and loan requests may be deferred if pool level cash outflows exceed 10% of the pool's beginning of calendar year balance. Amounts withdrawn may not be transferred to a competing fund for 90 days after withdrawal. A competing fund is an investment option available under the Plan that is primarily comprised of high quality fixed income securities with an average duration of less than or equal to 3.5 years.

Notes to Financial Statements December 31, 2017 and 2016

NOTE F - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 20, 2013, that the Plan is qualified under the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receipt of the letter and the Plan administrator believes that the Plan continues to be designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments are shares of mutual funds and a guaranteed income fund managed by Prudential Trust Company and Prudential Retirement Insurance and Annuity Company, therefore, these transactions qualify as party-in-interest transactions. Total fees paid to Prudential Trust Company and Prudential Retirement Insurance and Annuity Company were approximately \$14,000 for the year ended December 31, 2017.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2017 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.
