Note 1 – Description of the Plan

The following description of the American Innovations, Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of American Innovations, Ltd. (the "Plan Sponsor") and Bass Corrosion Service, Inc. dba Bass Engineering Company, a majority-owned subsidiary of the Plan Sponsor.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and qualified under Section 401(a) of the Internal Revenue Code (the "IRC"). The trustee of the Plan is Standard Insurance Company (the "Trustee"). Plan Sponsor management personnel act as the administrator of the Plan.

Employees over 21 years old are eligible to participate in the Plan after three months of service. Leased employees, agency workers, certain nonresident aliens and employees covered by a collective bargaining agreement are not eligible to participate in the Plan.

Employee Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period.

Eligible employees have the option to contribute pre-tax and Roth 401(k) contributions up to the maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

Employer Contributions

The Plan Sponsor contributes Safe Harbor employer matching contributions equal to 100% of the first 3% of contributed compensation and 50% of the next 2% of contributed compensation.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers and Transfers

Participants, who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the IRC, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Note 1 – Description of the Plan (continued)

Forfeited Accounts
Forfeitures by participants of unvested Plan Sponsor contributions are used to reduce Plan administrative expenses and future employer contributions. The forfeited unvested account balance was not significant at December 31, 2017 and 2016, and no forfeitures were utilized during the year ended December 31, 2017.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. The notes receivable are secured by the balance in the participant's account. The rate of interest on the note will be determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Only two note receivable may be outstanding at a time.

All notes must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of the principal residence in which case the note repayment period may not extend beyond 10 years from the date of the note.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon and in the Safe Harbor employer matching contribution plus actual earnings thereon.

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

If the vested account balance is $5,000 or less, the Plan Administrator may direct the Trustee to distribute to an Individual Retirement Account or to the terminating participant regardless of whether participant consent is received.

On termination of service due to death prior to retirement, the account balance is paid to the participant's spouse or beneficiary in a lump sum. Active participants can withdraw benefits once they reach 59 ½ years of age.

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and distributions would be made as soon as administratively practicable after the Plan terminates.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan Document. For the year ended December 31, 2017, $1,295 was recorded as interest income on notes receivable from participants.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through the date of the Independent Auditors' Report, the date the financial statements were available to be issued.

Note 3 – Information certified by the Trustee

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2017 and 2016, and the related net investment loss and interest income on notes receivable from participants for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document is based upon a volume submitter plan instrument from Standard Retirement Services, Inc. which received an IRS advisory letter dated March 31, 2014. The volume submitter plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Stable value collective trust fund: This investment is a stable value fund that invests in a variety of high quality stable value investment contracts as well as cash and cash equivalents, and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Pooled Separate Accounts: Valued at the NAV of units for each fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

As of December 31, 2017 and 2016, the Company does not have any investments that are measured in the fair value hierarchy.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Investments measured at net asset value	Fair Value at December 31, 2017	Fair Value at December 31, 2016	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Noticed Period
Stable value fund	$ 2,883,174	$ 2,529,231	Not applicable	Daily	12 months
Pooled separate accounts	10,390,463	7,714,048	Not applicable	Daily	None
Total investments	$ 13,273,637	$ 10,243,279			

Note 6 – Related-party and Party in Interest Transactions

Certain Plan investments are managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net depreciation in fair value of investments. Certain fees incurred by the Plan for recordkeeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

Note 7 – Qualified Non-Elective Contribution

During 2017, the Plan Sponsor failed to withhold participant contributions and related employer match on certain bonus earnings. The Plan Sponsor identified missed contributions and related lost earnings of $16,683 for the year ended December 31, 2017. On September 18, 2018, the Plan Sponsor made a qualified non elective contribution ("QNEC") for the missed contributions and related lost earnings to the Plan on behalf of the affected participants.

Note 7 – Qualified Non-Elective Contribution (continued)

During 2016, the Plan Sponsor failed to withhold participant contributions and related employer match on certain bonus earnings. The Plan Sponsor identified missed contributions and related lost earnings of $6,781 for the year ended December 31, 2016. On September 18, 2018, the Plan Sponsor made a QNEC for the missed contributions and related lost earnings to the Plan on behalf of the affected participants.

As of December 31, 2017, the Plan has recorded a corrective employer contribution receivable of $23,464 related to the missed contributions and related lost earnings.

Note 8 – Prohibited Transactions

During 2017, the Plan Sponsor failed to remit participant contributions in a timely manner. The Plan Sponsor identified one instance during the year ended December 31, 2017, where $5,390 in participant contributions were remitted to the Plan in violation of Department of Labor ("DOL") regulations. The missed earnings and interest were submitted to the Plan in accordance with the DOL's Self Correction Program ("SCP") on May 17, 2018.

During 2016, the Plan Sponsor failed to remit participant contributions in a timely manner. The Plan Sponsor identified one instance during the year ended December 31, 2016, where $21,384 in participant contributions and $274 in participant loan repayments were remitted to the Plan in violation of Department of Labor ("DOL") regulations. The missed earnings and interest were submitted to the Plan in accordance with the DOL's Self Correction Program ("SCP") on November 20, 2017.

A summary of nonexempt prohibited transactions related to the delinquent remittances is shown in the attached supplemental schedule of delinquent participant contributions for the year ended December 31, 2017 and 2016.
