(1) Description of plan

The following description of the Eastern Plating 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Eastern Plating, Inc. (the "Plan Sponsor"). The Plan covers substantially all employees who have completed one year of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participant contributions are permitted up to 100% of compensation subject to certain IRC limitations.

The Plan automatically enrolls all newly eligible employees at a deferral rate of 3%, unless the employee elects to not participate in the Plan or has a salary deferral agreement in place. Each enrolled employee's deferral percentage will automatically increase by 1% per year after the second year, to a maximum of 6% unless the employee elects otherwise.

The Plan Sponsor will match an amount equal to 100% of the participant's contributions up to 6%. Plan Sponsor contributions may not exceed the maximum amount deductible for federal income tax purposes.

The Plan also provides that the Plan Sponsor may contribute each year a profit-sharing amount authorized by the Plan Sponsor's Board of Directors; however, an annual contribution by the Plan Sponsor is not required. There was no profit-sharing contribution made in 2017.

(c) Participant accounts

Each participant's account is credited with the Plan Sponsor contribution as calculated above and participant contributions. Each participant's account is credited or charged with the actual earnings (losses) of the investment options selected by the participant and an allocation of administrative expenses. Allocations are based on participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their elective salary deferrals and Plan Sponsor matching contributions plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's discretionary contribution is based on years of continuous service. Participants vest over six years as follows:

Years of Service	Percentage Vested
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants may also become 100% vested upon full or partial termination of the Plan, or in one of the following ways, if incurred while employed: (1) death, (2) disability, or (3) reaching normal retirement age of 65.

(e) Notes receivable from participants

The Plan does not permit participants to borrow from their accounts.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan. There were no forfeited nonvested accounts at December 31, 2017 and 2016.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. If a participant receives a hardship withdrawal from the Plan, the participant will be unable to make contributions to the Plan for a period of six months.

(i) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. Fees for administrative services are charged to the participant's account and are included in administrative expenses.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

(b) Investment valuation and income recognition

Investments are stated at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements and Note (5) for discussion of investment contract at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2017 and October 10, 2018, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified Information

Certain information related to investments reported and disclosed in the accompanying financial statements and the schedule of assets (held at end of year), including the fair or contract value of investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments and interest for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Sentry Life Insurance Company, ("Sentry").

(4) Investments measured at net asset value using the practical expedient

The Plan's pooled separate accounts are measured at net asset value ("NAV") as a practical expedient to estimate fair value, and therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments.

Description	Fair Value 12/31/2017	Fair Value 12/31/2016	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$2,389,696	$1,978,881	n/a	Daily	None

(5) Investment contract with insurance company

As of December 31, 2017 and 2016, the Plan maintained a Guaranteed Investment Contract ("GIC") related investment option with Sentry, the Guaranteed Interest Account. The contract underlying this investment option is considered to be fully benefit-responsive. As of December 31, 2017 and 2016, the contract value of the investment in the Sentry Guaranteed Interest Account was $611,377 and $801,571, respectively.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including a complete or partial plan merger with another plan) (ii) changes to the Plan's prohibition on competing investment options; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Guaranteed Interest Account does not permit Sentry to terminate the agreement prior to the scheduled maturity date.

(6) Income tax status

The Plan Sponsor adopted a prototype profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted prototype plan is designed, as amended, and is currently being operated in compliance with the applicable provisions of the IRC and is therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulations to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld in 2015, the funds were not remitted timely and corrective measures have not been made.

(8) Related party and party-in-interest transactions

Certain Plan investments are units of pooled separate accounts and a guaranteed investment contract managed by Sentry, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note (1), the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2017 and 2016:

	2017	2016
Net assets available for benefits per the financial statements	$ 3,039,497	$ 2,780,452
Contributions Receivable	(38,424)	-
Net assets available for benefits per the Form 5500	$ 3,001,073	$ 2,780,452

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2017:

Change in net assets available for benefits per the financial statements	$ 259,045
Contributions receivable 2017	(38,424)
Change in net assets available for benefits per the Form 5500	$ 220,621

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Eastern Plating 401(k) Plan

2017 Client Service Communication

The Plan Administrator of
Eastern Plating 401(k) Plan

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the Eastern Plating 401(k) Plan (the "Plan") as of and for the year ended December 31, 2017, and have issued our report thereon dated October 10, 2018. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note (3) to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Sentry Life Insurance Company, in accordance with the auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated March 14, 2018. Professional standards also require that we communicate to you certain other matters related to our audit.

This information is intended solely for the information and use of the plan administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We appreciate the confidence you place in LBMC as your business advisor. We strive to help you stay compliant, manage risk, and improve performance as you manage your employee benefit plan.

Overview of the Audit and Responsibilities

Scope of Attest Services	Engaged to perform a DOL limited-scope audit of the 2017 financial statements of the Eastern Plating 401(k) Plan including subjecting the form and content of certain supplemental information to auditing procedures.
Eastern Plating 401(k) Plan Management Responsibilities	Management is responsible for the preparation and fair presentation of the financial statements, and supplemental information, and maintaining internal controls.
Attest Deliverable	LBMC issued a disclaimer of opinion on the Plan's financial statements and communicated certain matters relating to the financial statements and supplemental information.
Other Services	Performed nonattest service of drafting the financial statements and supplemental information of the Plan in conformity with U.S. generally accepted accounting principles based on information provided by you.

Qualitative Assessments

Area	Detail
Qualitative Aspects of Accounting Practices – Accounting Policies	Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note (2) to the financial statements. No new significant accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.
Qualitative Aspects of Accounting Practices - Estimates	Accounting estimates are an integral part of the Plan's financial statements and are based on management's knowledge and experience, as well as certain assumptions. Certain accounting estimates are particularly sensitive due to: (i) their significance to the financial statements; and (ii) because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements relate to management's estimate of the value of the Plan's investments. Investments are carried at fair or contract value as determined on the last day of the plan year, as described in Notes (4) and (5) to the financial statements. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.
Qualitative Aspects of Accounting Practices – Disclosures	Financial statement disclosures are neutral, consistent, and clear.

Interaction With Management, Independence, and Other Matters

Area	Detail
Difficulties Encountered in Performing the Audit	For purposes of this report, "difficulties" may include matters such as: • the unavailability of, or significant delays in management providing information, • an unreasonable time frame within which to complete the audit, • extensive unexpected effort required to obtain audit evidence, or • restrictions imposed on the auditor by management. We encountered no significant difficulties in performing and completing our audit.
Disagreements with Management	For purposes of this report "disagreements with management" include matters that, individually or in the aggregate, could be significant to the Plan's financial statements or the auditors' report, regardless of whether they were satisfactorily resolved. Examples of such matters include, but are not limited to, the application of accounting principles to a specific transaction, the basis for management's judgments about accounting estimates, and the scope of the audit. We are pleased to report that no such disagreements arose during the course of our audit.
Management Consultations with Other Independent Accountants	If management were to consult with other accountants about the application of an accounting principle to the Plan's financial statements or the type of auditors' opinion that may be expressed on those statements, professional standards require the consulting accountant to confer with us to determine that the consultant has all relevant facts. To our knowledge, there were no such consultations with other accountants.
Management Representations	We have requested certain representations from management that are included in the management representation letter dated October 10, 2018.
Independence	We are not aware of any relationships between our firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence that have occurred during the period from January 1, 2017, through the date of this report.
Other Findings or Issues	We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year both prior to, and subsequent to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.
Corrected and Uncorrected Misstatements	Misstatements identified during the audit that are more than trivial in nature and magnitude have been communicated to management. Management has corrected all such misstatements, none of which were material individually, or in the aggregate, to the financial statements taken as a whole.

Internal Control Related Matters

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, we considered the Plan's internal control ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note (3) to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements

During the course of our audit, we identified the following items that are opportunities for improving internal control and enhancing compliance with Internal Revenue Service and DOL regulations:

Definition of Compensation	During our testing related to participant deferrals, we noted that there were no 401(k) deferrals on bonus compensation for one participant. Bonus compensation is not listed as an exclusion from compensation under the plan document. We recommend that 401(k) deferrals be withheld on all eligible compensation as defined in the plan document. We also recommend that management consult the Plan's legal counsel to determine if plan amendments or corrective contributions are needed.
Retirement Plan Oversight	During our audit, we noted that Plan management did not document its plan oversight meetings during the year. We recommend that Plan management implement a policy to document their regular meetings and any important decisions or discussions held during these meetings. Meeting minutes could include the following: • Date, time and location of the meeting • Identification of the people present at the meeting • Reference to any investment reports used during the meeting • Participation issues such as education, goals for increasing the number of participants, or deferral rates • Plan fee issues • Fund performance issues • Decisions made, such as the decision to place a specific fund on a formal or informal "watch list" that will need to be addressed at a future meeting • Decisions made which require immediate action, such as the decision to remove and/or replace a fund in the Plan's line-up Meeting minutes serve as important documentation that a fiduciary process was followed, and the Plan is being prudently managed.
