The Clark, Schaefer, Hackett & Co. Profit Sharing Retirement Plan (with 401(k) Provisions) was established on July 1, 1997 and is sponsored by Clark, Schaefer, Hackett & Co. (the Company). The Plan was established to provide retirement benefits to full-time employees who have attained the age of twenty-one and completed one month of service. The service requirement for profit sharing is one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan. Participants may elect to have any portion, or all of their contributions designated as Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may make discretionary non-elective contributions as determined by the Company's Directors. Participants must be employed at the end of the year in order to receive the discretionary non-elective contribution. For the year ended December 31, 2017, the Company made a discretionary non-elective contribution of \$2,215,341 to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. No such additional profit sharing contributions were made to the Plan during 2017. Contributions are subject to certain IRS limitations.

C. Participant accounts

Each participant's account is credited with the participant's contributions and Company discretionary non-elective contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's discretionary non-elective contribution is based on years of continuous service. A participant is 100% vested in the Company's discretionary contributions after 6 years of credited service.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 1 - Plan description, continued

E. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms generally range from one to five years; however, a longer repayment period may be permitted if the loan is for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate of prime plus 2% as of the date of issuance. Principal and interest is paid ratably through payroll deductions.

F. Payment of benefits

Active participants may elect a lump sum in-service or hardship distribution as eligible according to the plan document. On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic installments, if the participant is subject to receiving lifetime required minimum distributions. However, if the value of the vested benefit is less than \$5,000, a lump sum distribution will be made regardless of whether or not an election has been made.

G. Forfeitures

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$28,047 and \$63,703, respectively. These accounts will be used to reduce future employer non-elective contributions. In 2017, employer contributions were reduced by \$63,703 from forfeited non-vested accounts.

H. Administration

The Company is the administrator of the Plan and has appointed Empower Retirement as record-keeper and Great-West Trust Company, LLC as custodian (both are wholly owned subsidiaries of Great-West Life & Annuity Insurance Company, LLC). Pinnacle Financial Advisors, LLC serves as the plan's investment advisor. Three shareholders of the Company serve as the Plan's trustees.

Note 2 - Significant accounting policies

A. Accounting method

The Plan's financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

(WITH 401(K) PROVISIONS)

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 2 - Significant accounting policies, continued

B. Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

E. Expenses

Administrative expenses may be paid either by the Plan or by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In addition, investment related expenses are included in net appreciation of fair value of investments.

F. Payment of benefits

Benefits are recorded when paid.

G. Subsequent events

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 5, 2018, the date on which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 3 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable relevant inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 4 - Fair value measurements, continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	2017		
	Level 1	Level 2	Level 3
Mutual funds	\$ 74,026,841	\$ -	\$ -
	2016		
	Level 1	Level 2	Level 3
Mutual funds	\$ 60,625,485	\$ -	\$ -

Note 5 - Tax status

The Company adopted a prototype non-standardized profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Note 6 - Information certified by custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's custodian, Great-West Trust Company, LLC, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. The investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits.
- b. The investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.
- c. The investments and notes receivable from participants as shown in the Schedule of Assets (Held at End of Year).

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 6 - Information certified by custodian, continued

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements and supplemental schedule.

Note 7 - Party-in-interest transactions

Fees paid by the Plan for investment management, trust services and other administrative services amounted to \$108,498 and are included under administrative expenses on the statement of changes in net assets available for benefits for the year ended December 31, 2017.

The Plan invests in the Key Guaranteed Portfolio Fund managed by Great-West Life & Annuity Insurance Company and, therefore, these transactions qualify as party-in-interest transactions.

Certain employees and officers of the Plan sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Group annuity contract

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

Note 9 - Group annuity contract, continued

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.
