SMITHS GROUP INCENTIVE SAVINGS PLAN FOR UNION EMPLOYEES

Notes to Financial Statements December 31, 2017 and 2016

(1) Description of Plan

The following description of the Smiths Group Incentive Savings Plan for Union Employees (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established by Smiths Group (the Company) to provide eligible collectively bargained employees with retirement, disability, death and income tax benefits through voluntary deferral of compensation.

The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan participated in the Smiths Group Services Corporation Incentive Savings Plan Master Trust (Master Trust).

The Smiths Group Americas Pension Committee (APC) was responsible for oversight of the Plan, determined appropriateness of the Plan's investment offerings and monitored investment performance.

Effective December 31, 2017 the net assets of the Plan were merged into the Smiths Group Incentive Savings Plan (Smiths Plan). Each employee who was a participant in the Plan became a participant in the Smiths Plan as of December 31, 2017 (see Note 9).

Contributions

The Plan allowed a participant to elect to make a pre-tax contribution of up to 40% of compensation, which included base pay plus overtime, premium pay, bonuses and commissions and excluded any other benefits provided by the Company on the employees' behalf, as defined. Participants could also make after-tax contributions of up to 10% of compensation. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan. The Company made contributions to each participant's account as specified in the Collective Bargaining Agreements. Contributions were subject to certain limitations.

Employer contributions included additional employer retirement contributions (ERC) and transition retirement contributions (TRC) based on applicable percentages as specified by the Plan to eligible participants in the Smith's Detection, Inc. division of the Company.

Notes to Financial Statements
December 31, 2017 and 2016

(1) Description of Plan, Continued

Participant Accounts

Each participant's account was credited with the participant's contribution and allocations of the Company's contributions and plan earnings based on the collective bargaining agreement. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts was based on years of continuous service. A participant was 20% vested after each year of service and was 100% vested after five years of service in their Company matching contributions. The Company's matching contributions became fully vested upon death, attainment of age 65, or total and permanent disability.

Vesting in ERC and TRC amounts was based on a five year cliff vesting schedule, whereby participants do not become vested until five years of service.

Notes Receivable from Participants

Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the balance in the participant's account and bore interest ranging from 4.50% to 5.25%, which was commensurate with market rates on similar loans as determined by the plan administrator. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant could elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments in accordance with plan provisions. For termination of service for other reasons, a participant could receive the value of the vested interest in his or her account as a lump sum distribution.

Participants who were over age 59½ or who were experiencing financial hardship, as defined by the Internal Revenue Service (IRS), could elect to withdraw vested benefits. Benefits were paid to plan participants at the required distribution age of 70½ and were paid to a designated beneficiary in the event of the participant's death. Payment of vested amounts that exceed \$5,000 could not be made until the earlier of 60 days following the plan year in which the participant attained age 70½ or the date elected by the participant.

The financial statements of the Plan were prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan retained an interest in the Master Trust which holds investments in various funds as discussed in Note 5. The Master Trust investment valuation and income recognition policies and, therefore, the Plan's policies, are as follows:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The APC determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Notes 4 and 5 for discussion of fair value measurements.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses was recorded as of December 31, 2017 and 2016. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment is recorded.

Payment of Benefits

Benefits were recorded when paid.

Expenses

All plan expenses were paid from plan assets. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 1, 2018, the date the financial statements were available to be issued.

(3) Investments

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company (Fidelity) as complete and accurate, except for comparing such information certified by Fidelity to information included in the Plan's financial statements. Fidelity has certified the following as complete and accurate:

The Plan investments are as follows at December 31:

	2017	2016
Investment in Master Trust	\$ -	\$ 8,243,726

The Plan's share in the investment income of the Master Trust for the year ended December 31, 2017 was \$1,150,477.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

(4) Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Plan's interest in the Master Trust: See Note 5.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest in the Master Trust

The Plan's investments are in the Master Trust which was established for the investment of assets of the Plan and one other Smiths Group sponsored retirement plan. Each participating retirement plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Fidelity.

The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2017, the assets of the Plan were merged into the Smiths Group Incentive Savings Plan resulting in a single employer master trust being established. The Plan did not have an interest in the net assets of the Master Trust as of December 31, 2017. In 2017 the Plan's interest in the Master Trust prior to the merger was approximately 1%. The Plan's interest in the net assets of the Master Trust was approximately 1 percent for the year ended December 31, 2016. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average monthly balances invested in each plan.

(5) Interest in the Master Trust, Continued

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity as complete and accurate, except for comparing such information certified by Fidelity to information included in the Plan's financial statements.

Fidelity has certified to the accuracy and completeness of the investment in the net assets of the Master Trust at December 31, 2017 and the investment income for the year ended December 31, 2017.

The following table presents the investments of the Master Trust at December 31:

	2017	2016
Money market fund	\$ 35,877,675	\$ 37,362,410
Participant directed brokerage accounts	20,072,888	16,912,792
Registered investment companies	568,856,927	495,518,415
Common collective trusts	367,575,472	312,359,613
Total Master Trust investments, at fair value	992,382,962	862,153,230
Plan's interest in the Master Trust, at fair value	\$ -	\$ 8,243,726

Net appreciation in fair value of investments	\$ 127,786,317
Interest and dividend income	24,239,381
	<u>\$ 152,025,698</u>

Following is a description of the valuation methodologies used for assets measured at fair value held by the Master Trust.

Registered investment companies and money market fund: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end investments that are registered with the Securities and Exchange Commission. These investments are required to publish their daily net asset value (NAV) and to transact at that price. The investments held by the Plan are deemed to be actively traded.

Participant directed brokerage accounts: Consist primarily of common stock valued at the closing price reported in the active market in which the stock is traded.

Common collective trust: Valued at the NAV of units of a trust company collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017

(a) In accordance with the FASB issued Accounting Standards Update (ASU) 2015-07 (ASU 2015-07), *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities That Calculate NAV per Share (or Its Equivalent)*, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total master trust investments.

There were no significant transfers among investment levels during the years ended December 31, 2017 and 2016.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2017 and 2016, respectively.

Investment	Fair Value at		Unfunded Commitments	Redemption Frequency	Redemption Notice Period

(6) Tax Status

The IRS has determined and informed the Company by a letter dated April 22, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

(8) Related Party Transactions and Party-In-Interest Transactions

Certain plan and Master Trust investments are shares of registered investment companies and a money market fund managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. Fees paid by the Plan for the investment management services amounted to approximately \$12,200 for the year ended December 31, 2017. Revenue sharing in the amount of approximately \$4,200 was used to offset fees for the year ended December 31, 2017.

(9) Transfer to Affiliated Plan

Effective December 31, 2017, in association with the plan merger mentioned in Note 1, assets of the Plan totaling \$9,565,342 were transferred to the Smiths Group Incentive Savings Plan.
