THE TOWBES GROUP SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - DESCRIPTION OF THE PLAN

The following description of The Towbes Group Salary Savings Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Towbes Group Inc. and Montecito Bank & Trust ("the Employers") who have attained age 21 and are not excluded employees of unions, nonresidents, or interns. Seasonal or temporary employees must also complete one year of service. Employees who participate in the plan are also eligible for matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute 100% of their annual pretax wages up to the amount as defined in the Plan. The Employers will contribute annually a 100% match of the employee's contribution not to exceed 5% of the employee's eligible salary. Additional amounts may be contributed at the option of the Employers' board of directors.

Investments

Investments are held in participant-directed investment funds. The participants select the percentage of contributions to be allocated to each investment option. Participants' contributions are withheld from their paychecks and remitted to the trustees. The participants' accounts are credited with the actual earnings on the underlying investments and are charged for Plan withdrawals by the trustees. Earnings on investments include interest income, realized and unrealized gains and losses, and dividends from pooled separate accounts. The pooled separate accounts as reported by the trustees are included in the statements of net assets available for benefits at December 31, 2017 and 2016, at fair value.

Participant Accounts

Each participant's account is credited with the participant's contributions and distributions, and an allocation of the Employers' contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and earnings. Employer contributions and earnings are vested over a six-year period as follows: 20% after two years of service, an additional 20% for each year of service thereafter, with 100% vesting after six years of service.

Note 1 - DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Benefits are recorded when paid. On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account, or annual installments over a time period designated by the participant.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested account balances totaled $52,968 and $28,093, respectively. These amounts are used to reduce future employer contributions. For the year ended December 31, 2017, forfeitures totaled $54,292 and employer contributions were reduced by $41,219 from forfeited non-vested accounts.

Death Benefits and Disability

Upon the death or disability of a participant before retirement or termination of employment, the current balance of the participant's individual account becomes fully vested and will be paid to his designated beneficiary in either a lump sum or installment payments, as chosen by the beneficiary.

Notes Receivable From Participants

Participants in the Plan may borrow up to 50% of their vested account balance with a minimum of $1,000 and a maximum of $50,000. Loan transactions are treated as transfers between the investment fund and the loan fund. Monthly repayments are automatically deducted from the participant's wages. Loan terms range from one to five years, or greater than five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a fixed interest rate of 4.25% to 6.75%, which are commensurate with local prevailing rates as determined by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Note 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract (stable fund), which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transactions between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Adoption of Recent Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient ("ASU 2015-12"). Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows the Plan to measure investments as of a month end date closest to the Plan's fiscal year end, when the fiscal period does not coincide with a month end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. The Plan early adopted Parts I and II of the ASU, which was retrospectively applied to the prior year disclosures of investments and investment related information. Part III was adopted in 2016.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. ASU 2015-07 was adopted in 2016, where applicable.

Note 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan's Trustees have evaluated subsequent events through October 4, 2018, the date which the financial statements were available to be issued.

Note 3 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2017, was obtained or derived from information supplies to the plan administrator and certifies as complete an accurate by Great-West Trust Company (formerly Putnam Fiduciary Trust Company)

Note 4 - PLAN EXPENSES

Accounting and administrative expenses incurred in the administration of the plan are paid by the Employers and are not allocated to individual participant accounts.

Note 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan investments in funds which invest in securities of foreign countries, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those securities of comparable U.S. companies.

Note 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan obtained its latest determination letter on May 17, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan's administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in accordance with the applicable requirements of the Internal Revenue Code.

The Plan evaluates uncertain tax positions, whereby the effect of the uncertainty would be recorded if the outcome was considered probable and reasonably estimable. As of December 31, 2017 and 2016, the Plan had no uncertain tax positions requiring accrual.

The Plan files tax returns under U.S. federal jurisdiction. The Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2014.

Note 8 - PARTY-IN-INTEREST TRANSACTIONS

Great-West Trust Company (formerly Putnam Fiduciary Trust Company) is a party-in-interest with respect to the Plan. The records of the Plan indicate no party-in-interest transactions which are prohibited by ERISA Section 406 and for which no statutory or administrative exemption exists.

Note 9 - STABLE FUND INVESTMENT CONTRACT

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Trust Company (formerly Putnam Fiduciary Trust Company) totaling $1,138,799 for 2017 and $1,060,711 for 2016. Great-West Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The issuer resets the crediting interest rate annually. The minimum guaranteed interest rate varies for each contract year and may be modified by the custodian prior to the renewal date of the contract upon occurrence of specific events as provided in the contract. The crediting interest rate is based upon many factors, including estimated future earnings rate (the rate at which investments mature) and future cash flows.

Note 9 - STABLE FUND INVESTMENT CONTRACT (continued)

The contract meets the fully benefit-responsive investment contract criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Great-West Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet is contractual obligations may be affected by future economic and regulatory developments.

Note 10 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets.
Level 2	Inputs to the valuation methodology may include: quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 10 - FAIR VALUE MEASUREMENTS (continued)

The following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money Market	Money market funds valued at the net asset value (NAV) of shares held by the Plan at year end.
Mutual Funds	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
Self-directed brokerage accounts	Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value of reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair values as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 29,159,138	$ -	$ -	$ 29,159,138
Self-directed	426,559	-	-	426,559
Total assets, at fair value	$ 29,585,697	$ -	$ -	$ 29,585,697

The following table sets forth by level within the fair value hierarchy the Plan's assets at fair values as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 24,145,492	$ -	$ -	$ 24,145,492
Self-directed	475,185	-	-	475,185
Total assets, at fair value	$ 24,620,677	$ -	$ -	$ 24,620,677

Note 11 - RECLASSIFICATION

Certain amounts from the December 31, 2016 financial statements have been reclassified to conform with the December 31, 2017 financial statement presentation.

Note 12 - TRANSFERS TO OTHER PLAN

A total of $2,616 was transferred to the MB&T Salary Savings Plan, for the year ended December 31, 2017.

Note 13 - PLAN SPINOFF

Effective January 1, 2018, all employees of Montecito Bank & Trust became participants of a new plan, the MB&T Salary Savings Plan. Subsequent to December 31, 2017, The Towbes Group Salary Savings Plan transferred assets of $21,163,000 to the new plan.
