Note 1 - Plan Description

The following description of Cheese Merchants of America 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was restated effective January 1, 2017, and all assets were transferred from Principal Life Insurance Company and Principal Global Investors Trust Company to Great-West Trust Company, LLC. There were no significant changes to the Plan terms or operations as a result of the restatement.

General

The Plan is a defined contribution plan covering all eligible employees of Cheese Merchants of America, LLC (the "Company"). All employees who have attained the age of 21, have completed at least three months of service, and are not subject to a collective bargaining agreement are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 401(k) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for safe harbor matching contributions of 100 percent for the first 3 percent and an additional 50 percent of the next 2 percent of base compensation that a participant contributed to the Plan.

The Company may also make discretionary profit-sharing contributions at the option of the Company. The Company made no discretionary contributions in 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' deferrals, transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. The participant notes receivable are secured by the balance in the participant's account and participant note receivable terms generally range from one to five years. The notes bear interest at market rates. Principal and interest payments are generally made through payroll deduction.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions, safe harbor matching contributions, and any income or loss thereon. Vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service, beginning at 20 percent after two years of service and increasing 20 percent per year thereafter. A participant is 100 percent vested after six years of service.

Benefit Payments

Upon termination of employment, early or normal retirement, reaching the age of 59½, or disability, the participant or, in the case of death, the beneficiary, can elect to receive a single lump-sum amount equal to the vested balance of the participant's account or a partial distribution.

Note 1 - Plan Description (Continued)

Participants may request a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document, not to exceed the total amount of employee contributions to date. The Company must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investments. All other investments are valued based on quoted market prices. See Note 4 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 4, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

On January 1, 2017, the Plan changed custodians from Principal Life Insurance Company (Principal Life) and Principal Global Investors Trust Company (Principal Global) to Great-West Trust Company, LLC (Great-West). Great-West, Principal Life, and Principal Global held the Plan's investments and executed all related transactions during the periods under audit. The investment and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Great-West, Principal Life, and Principal Life on behalf of Principal Global. Additionally, Great-West Trust Company, LLC held and executed participant notes receivable and certified the related balances and interest income as of December 31, 2017 and for the period from January 1, 2017 to December 31, 2017.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following table presents information about the Plan’s assets measured at fair value on a recurring basis at December 31, 2017.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 4 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 4,266,460	$ 4,266,460	$ -	$ -
Investment measured at NAV - Common collective trust fund	7,080			
Total investments at fair value	$ 4,273,540			

Note 5 - Tax Status

At December 31, 2016, the Plan was a prototype plan. The prototype plan had received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan had not individually sought its own determination letter.

In 2017, in conjunction with the change in custodians, the Plan is under a volume submitter plan, which does not require an application for a determination letter from the IRS. The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.
