Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Medidata Solutions, Inc. 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of the Medidata Solutions, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Medidata Solutions, Inc. (the Company or the Employer). On February 17, 2017, the Company acquired CHITA Inc. (CHITA). CHITA's employees became eligible to make contributions to the Plan on April 1, 2017. On April 18, 2017, the Company acquired Mytrus, Incorporated (Mytrus). The Company merged Mytrus's 401(k) plan into the Plan effective October 2, 2017 (see Note 10). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their initial deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. The matching Employer contribution is invested as directed by the participant.

Contributions Receivable

Contributions that are pending transfer to Fidelity Management Trust Company (Fidelity) are recorded as contributions receivable to the Plan in the statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Investments are participant directed, and the Company controls and manages the operation and administration of the Plan. Fidelity is the trustee of the Plan.

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Vesting

Participants are 100% vested in their employee pre-tax contributions, rollover contributions, employee after-tax Roth contributions, and any earnings thereon. Participants hired prior to January 1, 2017 are also 100% vested in Employer matching contributions and earnings thereon.

Employer matching contributions and earnings thereon for participants hired January 1, 2017 and later vest in accordance with the following schedule:

<i>Years of service</i>	Vesting Percentage (%)
Less than 1 year	-
At least 1 year but less than 2 years	33
At least 2 years but less than 3 years	66
At least 3 years or more	100

Non-elective Employer contributions and earnings thereon for all participants vest in accordance with the following schedule:

<i>Years of service</i>	Vesting Percentage (%)
Less than 2 years	-
At least 2 years but less than 3 years	20
At least 3 years but less than 4 years	50
At least 4 years or more	100

Forfeiture balances are first used to reduce plan administrative expenses and then employer contributions. Forfeited nonvested contributions in the amounts of \$9,898 and \$3,631 during the years ended December 31, 2017 and 2016, respectively, were used to reduce the Plan's administrative expenses. There was no balance in forfeiture account at December 31, 2017 and 2016.

Loans to Participants

Participants may borrow from their vested accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the participant's account balance and bear interest at the rate in effect in the month the loan originated. The interest rate is a reasonable interest rate as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances. Principal and interest are repaid ratably through payroll deductions.

Payments of Benefits

A participant is eligible to receive a distribution of their vested account balance under any of the following circumstances: (a) retirement, (b) termination of employment, (c) disability, or (d) death. A participant is also eligible for in-service withdrawals. Types of in-service withdrawals available

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

under the Plan are: (a) withdrawals after age 59 ½, (b) withdrawals of rollover contributions, and (c) hardship withdrawals. A participant receives the value of their vested account balance in the form of a single lump-sum payment or direct rollover. The Plan allows for installment distributions if participant vested account balances exceed \$5,000.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenue, and expenses, as well as the disclosures of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains or losses on those investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. During 2017, distributions totaling \$9,161 were used to satisfy Plan loan defaults, which have been recorded as benefits paid to participants and beneficiaries in the accompanying statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

3. Information Certified by Fidelity

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule.

<i>December 31,</i>	2017	2016
Investments, at fair value	\$ 101,282,449	\$ 72,101,029
Notes receivable from participants	1,159,968	937,026

Year ended December 31, 2017

Net appreciation in fair value of investments	\$ 10,010,569
Interest and dividends	3,870,649
Interest income on notes receivable from participants	51,318

4. Fair Value Measurements

U.S. GAAP establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable, as follows:

Level 1 - Valuations are based on unadjusted quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 - Valuations are based on: (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuations are based on inputs that are unobservable and significant to the fair value measurement, and they reflect management's best estimate of what market participants would use as fair value.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy. There have been no changes to the methodologies used at December 31, 2017 and 2016.

Interest-Bearing Cash

The Plan invests in a government money market fund, which is valued based on the Plan's interests in the net asset value (NAV) of its underlying assets reported by Fidelity.

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Mutual Funds

The Plan has investments in mutual funds. Investments in mutual funds accounts are valued at NAV of shares held by the Plan at year end. The mutual funds are traded at quoted prices through the National Securities Clearing Corporation. These investments are priced using nationally recognized pricing services based on observable market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the level within the fair value hierarchy at which the Plan's financial assets are measured at fair value.

	Assets at Fair Value as of December 31, 2017			
	Level 1		Total	
Interest-bearing cash money market fund	\$	4,250,108	\$	4,250,108
Mutual funds		97,032,341		97,032,341
Total Investments, at fair value	\$	101,282,449	\$	101,282,449

	Assets at Fair Value as of December 31, 2016			
	Level 1		Total	
Interest-bearing cash money market fund	\$	4,295,220	\$	4,295,220
Mutual funds		67,805,809		67,805,809
Total Investments, at fair value	\$	72,101,029	\$	72,101,029

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Employer contributions.

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

7. Risks and Uncertainties

The Plan provides for various investment options that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of such securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

The Plan has adopted the Fidelity standardized 401(k) prototype plan, which has received an updated favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The Plan administrator believes the Plan is designed and is currently being operated in accordance with, and continues to qualify under the applicable requirements of the Internal Revenue Code, and that the Plan is exempt from federal income taxes.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits currently in progress for any tax years.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to net assets as reported in Form 5500:

<i>December 31,</i>	2017	2016
Net assets available for benefits per the financial statements	\$ 102,819,914	\$ 73,234,293
Less: employer contributions receivable	(377,497)	(196,238)
Net Assets Available for Benefits per Form 5500	\$ 102,442,417	\$ 73,038,055

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2017 to Form 5500:

<i>Year ended December 31, 2017</i>	
Net increase in net assets available for benefits per the financial statements	\$ 29,028,973
Less: current year employer contributions receivable	(377,497)
Plus: prior year employer contributions receivable	196,238
Net Increase in Net Assets Available for Benefits per Form 5500	\$ 28,847,714

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

10. Transfer In

On April 18, 2017, the Company acquired Mytrus; the Company merged Mytrus's 401(k) plan into the Plan on October 2, 2017. There was a transfer in of \$556,648 associated with this merger.

11. Subsequent Events

For purposes of determining the effects of subsequent events on these financial statements, management has evaluated events subsequent from the date of the statement of net assets available for benefits through October 8, 2018, the date on which the financial statements were available to be issued. During this period, no subsequent events arose that would require disclosure.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Medidata Solutions, Inc. 401(k) Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from Fidelity Management Trust Company as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan administrator by Fidelity Management Trust Company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

1. Description of the Plan

The following description of the Medidata Solutions, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Medidata Solutions, Inc. (the Company or the Employer). On February 17, 2017, the Company acquired CHITA Inc. (CHITA). CHITA's employees became eligible to make contributions to the Plan on April 1, 2017. On April 18, 2017, the Company acquired Mytrus, Incorporated (Mytrus). The Company merged Mytrus's 401(k) plan into the Plan effective October 2, 2017 (see Note 10). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 80% of pretax annual compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their initial deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. The matching Employer contribution is invested as directed by the participant.

Contributions Receivable

Contributions that are pending transfer to Fidelity Management Trust Company (Fidelity) are recorded as contributions receivable to the Plan in the statements of net assets available for benefits.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Employer's matching contributions, as well as allocations of Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Investments are participant directed, and the Company controls and manages the operation and administration of the Plan. Fidelity is the trustee of the Plan.

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Vesting

Participants are 100% vested in their employee pre-tax contributions, rollover contributions, employee after-tax Roth contributions, and any earnings thereon. Participants hired prior to January 1, 2017 are also 100% vested in Employer matching contributions and earnings thereon.

Employer matching contributions and earnings thereon for participants hired January 1, 2017 and later vest in accordance with the following schedule:

<i>Years of service</i>	Vesting Percentage (%)
Less than 1 year	-
At least 1 year but less than 2 years	33
At least 2 years but less than 3 years	66
At least 3 years or more	100

Non-elective Employer contributions and earnings thereon for all participants vest in accordance with the following schedule:

<i>Years of service</i>	Vesting Percentage (%)
Less than 2 years	-
At least 2 years but less than 3 years	20
At least 3 years but less than 4 years	50
At least 4 years or more	100

Forfeiture balances are first used to reduce plan administrative expenses and then employer contributions. Forfeited nonvested contributions in the amounts of \$9,898 and \$3,631 during the years ended December 31, 2017 and 2016, respectively, were used to reduce the Plan's administrative expenses. There was no balance in forfeiture account at December 31, 2017 and 2016.

Loans to Participants

Participants may borrow from their vested accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the participant's account balance and bear interest at the rate in effect in the month the loan originated. The interest rate is a reasonable interest rate as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances. Principal and interest are repaid ratably through payroll deductions.

Payments of Benefits

A participant is eligible to receive a distribution of their vested account balance under any of the following circumstances: (a) retirement, (b) termination of employment, (c) disability, or (d) death. A participant is also eligible for in-service withdrawals. Types of in-service withdrawals available

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

under the Plan are: (a) withdrawals after age 59 ½, (b) withdrawals of rollover contributions, and (c) hardship withdrawals. A participant receives the value of their vested account balance in the form of a single lump-sum payment or direct rollover. The Plan allows for installment distributions if participant vested account balances exceed \$5,000.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenue, and expenses, as well as the disclosures of contingent assets and liabilities. These estimates include the fair value of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains or losses on those investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. During 2017, distributions totaling \$9,161 were used to satisfy Plan loan defaults, which have been recorded as benefits paid to participants and beneficiaries in the accompanying statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements

3. Information Certified by Fidelity

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, any auditing procedures with respect to the following information certified by Fidelity, except for comparing such information certified by Fidelity to information included in the Plan's financial statements and supplemental schedule.

<i>December 31,</i>	2017	2016
Investments, at fair value	\$ 101,282,449	\$ 72,101,029
Notes receivable from participants	1,159,968	937,026

Year ended December 31, 2017

Net appreciation in fair value of investments	\$ 10,010,569
Interest and dividends	3,870,649
Interest income on notes receivable from participants	51,318

4. Fair Value Measurements

U.S. GAAP establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable, as follows:

Level 1 - Valuations are based on unadjusted quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 - Valuations are based on: (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Valuations are based on inputs that are unobservable and significant to the fair value measurement, and they reflect management's best estimate of what market participants would use as fair value.

The following is a description of the valuation methodologies used for these items, as well as the general classification of such items pursuant to the fair value hierarchy. There have been no changes to the methodologies used at December 31, 2017 and 2016.

Interest-Bearing Cash

The Plan invests in a government money market fund, which is valued based on the Plan's interests in the net asset value (NAV) of its underlying assets reported by Fidelity.

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

Mutual Funds

The Plan has investments in mutual funds. Investments in mutual funds accounts are valued at NAV of shares held by the Plan at year end. The mutual funds are traded at quoted prices through the National Securities Clearing Corporation. These investments are priced using nationally recognized pricing services based on observable market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the level within the fair value hierarchy at which the Plan's financial assets are measured at fair value.

	Assets at Fair Value as of December 31, 2017			
	Level 1		Total	
Interest-bearing cash money market fund	\$	4,250,108	\$	4,250,108
Mutual funds		97,032,341		97,032,341
Total Investments, at fair value	\$	101,282,449	\$	101,282,449

	Assets at Fair Value as of December 31, 2016			
	Level 1		Total	
Interest-bearing cash money market fund	\$	4,295,220	\$	4,295,220
Mutual funds		67,805,809		67,805,809
Total Investments, at fair value	\$	72,101,029	\$	72,101,029

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Employer contributions.

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

7. Risks and Uncertainties

The Plan provides for various investment options that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of such securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

The Plan has adopted the Fidelity standardized 401(k) prototype plan, which has received an updated favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The Plan administrator believes the Plan is designed and is currently being operated in accordance with, and continues to qualify under the applicable requirements of the Internal Revenue Code, and that the Plan is exempt from federal income taxes.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits currently in progress for any tax years.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to net assets as reported in Form 5500:

<i>December 31,</i>	2017	2016
Net assets available for benefits per the financial statements	\$ 102,819,914	\$ 73,234,293
Less: employer contributions receivable	(377,497)	(196,238)
Net Assets Available for Benefits per Form 5500	\$ 102,442,417	\$ 73,038,055

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2017 to Form 5500:

<i>Year ended December 31, 2017</i>	
Net increase in net assets available for benefits per the financial statements	\$ 29,028,973
Less: current year employer contributions receivable	(377,497)
Plus: prior year employer contributions receivable	196,238
Net Increase in Net Assets Available for Benefits per Form 5500	\$ 28,847,714

Medidata Solutions, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements

10. Transfer In

On April 18, 2017, the Company acquired Mytrus; the Company merged Mytrus's 401(k) plan into the Plan on October 2, 2017. There was a transfer in of \$556,648 associated with this merger.

11. Subsequent Events

For purposes of determining the effects of subsequent events on these financial statements, management has evaluated events subsequent from the date of the statement of net assets available for benefits through October 8, 2018, the date on which the financial statements were available to be issued. During this period, no subsequent events arose that would require disclosure.
