NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 - PLAN DESCRIPTION

The following brief description of the Geo. Byers Sons, Inc. Employee Profit Sharing Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information:

General: The Plan is a salary deferral and savings profit sharing plan covering all full-time employees of Geo. Byers Sons, Inc. and affiliated companies (the Company) who are older than 21 years of age and have completed 90 days and 300 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is qualified under Section 401(a) and 401(k) of the Internal Revenue Code.

Contributions: Participants can contribute any amount of their gross wages during the Plan year subject to certain limitations. The Company matches 50% of the first 6% of gross salary up to \$600 per participant. Effective October 1, 2015, the Plan was amended to include an automatic deferral clause that states the Company will automatically withhold 3% of eligible compensation unless the employee completes a salary deferral agreement to the administrator specifying a zero deferral percentage. The amendment also included an automatic increase clause that states a participant's deferral amount will automatically increase in future years by 1% of compensation per year up to a maximum of 6%.

Investment Options: Participants may direct contributions into various investment options and may change their investment options daily.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant becomes vested in employer contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage of Employer Contribution</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, earnings or account balances, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits: Upon termination of service, participants may elect to receive a lump-sum distribution or a direct rollover amount equal to the value of his or her vested interest in their account.

Forfeitures: The non-vested portion of terminated participants accounts plus earnings thereon are forfeited and can be used by the Plan to pay expenses or reduce the amount of future employer contributions to the Plan. At December 31, 2017 and 2016, forfeited accounts totaled \$30,546 and \$4,835, respectively, which is available to reduce future employer contributions to the Plan or to pay future Plan expenses. During 2017, \$51,781 of the forfeiture account was used to pay Plan expenses.

Withdrawals: A financial hardship provision is available, enabling a participant to withdraw an amount to cover an immediate and heavy financial need.

In-Service Distribution: Upon the attainment of age 59 1/2, participants are entitled to in-service distributions of their vested account balances.

Plan Termination: Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In case of plan termination, participants will become 100% vested in their accounts.

Administrative and Investment Management Expenses: The Plan's record keeping and contract administrator fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the administrative expenses reported by the Plan. All other expenses of the Plan are paid by the Company.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants: Participants may not borrow from their fund accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures and actual results could differ from those estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements: Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Investment contract: Investments in the Plan's guaranteed interest contract contain certain restrictions on participant-directed investment exchanges and fair market value adjustments for lump sum contract withdrawals pursuant to the terms of the contracts, therefore management has determined that the contracts are not fully benefit-responsive and accordingly, it is measured at fair value. Fair value is estimated on an annual basis for financial statement reporting purposes only, as participant transactions are typically executed at contract value. The fair value of the contract is estimated by the insurance company that has issued the contract to the Plan and has been determined to approximate contract value. The contract value equals the accumulated cash contributions and interest credited to the contracts, less any withdrawals. As these investments are contract-based, they are not transferable and observable prices for identical or similar investments do not exist. Accordingly, these investments are valued using unobservable inputs (Level 3). Plan management evaluates the terms of the guaranteed interest contract held by the Plan, the fair value information as of the Plan's financial statement dates provided to the Plan by Nationwide Life Insurance Company ("Nationwide") applicable to this contract, and the creditworthiness of Nationwide in assessing the fair values of the contract on an annual basis for financial reporting purposes. Based upon Nationwide's recent credit ratings, Plan management has determined that no adjustment to contract value is required related to the credit quality of the issuer of this contract.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

Fair Value Measurements at December 31, 2017 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 19,135,605	\$ -	\$ -
Guaranteed interest contract	-	-	4,332,199
Total	<u>\$ 19,135,605</u>	<u>\$ -</u>	<u>\$ 4,332,199</u>

Fair Value Measurements at December 31, 2016 Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 15,397,903	\$ -	\$ -
Guaranteed interest contract	-	-	4,716,977
Total	<u>\$ 15,397,903</u>	<u>\$ -</u>	<u>\$ 4,716,977</u>

The table below presents a reconciliation of Plan investments measured at fair value on a recurring basis using significant unobservable inputs (level 3) for the year ended December 31, 2017, including the reporting classifications for the applicable gains and losses included in the statement of changes in net assets available for benefits:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3) Investment Contract

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB and Nationwide Life Insurance Company. This information has not been audited by independent accountants.

NOTE 4 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 5 - PARTY-IN-INTEREST TRANSACTION AND INVESTMENTS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds mutual funds with Nationwide Trust Company, FSB and an unallocated investment contract with Nationwide Life Insurance Company. Nationwide Trust Company, FSB and Nationwide Life Insurance Company are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees and investment management fees to Nationwide Trust Company, FSB and Nationwide Life Insurance Company qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 5, 2018, which is the date the financial statements were available to be issued. During the 2018 Plan Year, the plan switched Third Party Administrators.
