Bulletin Intelligence LLC 401(k) Plan

Notes to Financial Statements December 31, 2017

Note 1 - Description of plan

The following description of Bulletin Intelligence LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Bulletin Intelligence LLC (the "Company") and its wholly-owned subsidiaries who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

On March 27, 2017, the Plan Sponsor was acquired by Cision US Inc. Effective July 1, 2017, the Plan was frozen and amended on December 29, 2017 to merge the Plan into the Cision US, Inc. 401(k) Plan. In connection with the merger of the Plan, the participants became 100% vested in their employer contributions. Fidelity Management Trust Company ("Fidelity") became the trustee of the Plan as of December 29, 2017 and the transfer of the assets to the Cision US, Inc. 401(k) Plan was completed on January 3, 2018.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Enrollment by participants is voluntary. Any Company contribution is at the option of the Company's board of directors. During the year ended December 31, 2017, the Company did not make any contributions to the Plan. Participants also direct the investment of Company contributions. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Due to the Plan merger on December 29, 2017, participants are 100% vested in all contributions in their account.

Investment options

Based on the participants' elections, contributions and income are invested in investment funds offered through Charles Schwab Bank ("Charles Schwab"), the custodian of the Plan. Contributions can be made in whole percentages or fixed dollar amounts and allocations can be changed at any time.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the balance in

Bulletin Intelligence LLC 401(k) Plan

Notes to Financial Statements December 31, 2017

the participant's account. The loan interest rate was set at 2% above the prime rate as defined by the Plan. Principal and interest was paid ratably through regular payroll deductions. In connection with the Plan merger, outstanding notes receivable and interest were distributed to the respective Plan participants.

Payment of benefits

Upon termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

At December 31, 2017 and 2016, there were no forfeited nonvested accounts.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") require Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of December 31, 2017 or 2016.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

The Plan has evaluated subsequent events through October 8, 2018 the date the financial statements were available to be issued. See Note 8.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Note 4 - Related party transactions and party-in-interest transactions

Certain Plan investments were invested in funds managed by Charles Schwab as the custodian as defined by the Plan and, therefore, these transactions qualified as party-in-interest transactions.

Wellington Companies ("Wellington") provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and Wellington. Wellington receives revenue from mutual fund service providers for services Wellington provides to the funds. This revenue is used to offset certain amounts owed to Wellington for its administrative services to the Plan.

If the revenue received by Wellington from such mutual fund service providers exceeds the amount owed under the MSA, Wellington remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2017 and 2016, there were no excess amounts. The Plan or Plan Sponsor may make a payment to Wellington for administrative expenses not covered by revenue sharing.

During 2017, the Plan paid \$29,208 to Wellington for investment advisory services provided during the year ended December 31, 2017. As Wellington is the third-party administrator, this transaction qualifies as a party-in-interest transaction.

Note 5 - Tax status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Notes to Financial Statements December 31, 2017

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would have occurred in the near-term and that such changes could have materially affected participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2017 and investment income for the year then ended, that is disclosed in the accompanying financial statements was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

Note 8 - Subsequent event

On January 3, 2018, the remaining assets of the Plan were transferred by the custodian to the Cision US, Inc. 401(k) Plan completing the merger of the Plan into the Cision US, Inc. 401(k) Plan.
