1. Description of Plan

The following description of the Shen Milsom & Wilke, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions. Effective January 1, 2016, the Plan was amended to change its name from Shen Milsom & Wilke, LLC 401(k) Profit Sharing Plan to Shen Milsom & Wilke, LLC 401(k) Plan.

General – The Plan is a defined contribution plan and was established on January 1, 1992 to cover all eligible employees of Shen Milsom & Wilke, LLC (the "Company"). Employees become eligible to participate in the Plan at the age of 21 and the completion of 90 days of service. Participants can enter the plan quarterly. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The management of the Company is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offering, and monitors investment performance and reports to management of the Company.

Contributions – Each year, participants may contribute pre-tax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions, which are amounts representing distributions from other qualified benefit plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated fund until changed by the participant. Effective January 1, 2016, the Plan was amended to include automatic increase of deferral amount by 1 percent of eligible compensation for participants each plan year, but not to exceed 10 percent of eligible compensation.

The Company may make discretionary matching or profit sharing contributions to eligible employees who have completed one year of service under the terms of the Plan. The amount may vary from year to year, and in some years, a discretionary matching or profit sharing contribution may not be made. The Company authorized and subsequently made a discretionary matching contributions in the amount of $21,506 in 2017.

Participants direct the investments of their contributions and the employer contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

1. Description of Plan *(continued)*

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participant's contributions and earnings thereon are immediately fully vested. Company matching and profit sharing contributions are subject to a vesting schedule. The following table illustrates the percentage of any Company matching or profit sharing contributions that an employee is entitled to, based on the number of years of credited service with the Company:

Year	Percentage
0 – 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. A participant may only have three (3) outstanding loans at a time. The loan interest rate, determined at the time of the loan, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payments of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or in the form of a series of installment payments, as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also provides for in-service distributions subject to conditions and limitations provided for in the plan document.

Forfeited accounts – At December 31, 2017 and 2016, forfeited non-vested accounts totaled $2,539 and $3,441, respectively. These accounts will be used to reduce future employer plan expenses. Forfeitures in the amount of $3,140 were used to pay plan expenses for the year ended December 31, 2017.

2. Significant Accounting Policies

Basis of accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Excess contributions payable – Amount payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, Fair Value Measurements and Disclosures, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements *(continued)*

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 12,568,624	$ -	$ -	$ 12,568,624
Investments at fair value	$ 12,568,624	$ -	$ -	$ 12,568,624

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 10,557,844	$ -	$ -	$ 10,557,844
Investments at fair value	$ 10,557,844	$ -	$ -	$ 10,557,844

For the years ended December 31, 2017 and 2016, there were no significant transfer between levels 1 and 2 and no transfer into or out of level 3.

4. Related–Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Massachusetts Mutual Life Insurance Company ("Mass Mutual"), the recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions. As discussed in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA. The Plan paid $59,388 for investment advisory and management fees to Mass Mutual for the year ended December 31, 2017.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subjected to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

6. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Information Prepared and Certified by Trustee
