## **INFOSTRETCH 401(K) PROFIT SHARING PLAN**

### **Notes to Financial Statements**

December 31, 2017

#### **Note 1 - Description of plan:**

The following description of the Infostretch Corporation (“the Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan established on April 1, 2012, restated on January 1, 2016 and most recently restated on June 5, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for all eligible employees of the Company.

The Company is the Plan Administrator and retains the services of third parties to assist in the administration of the Plan. Through June 4, 2017, the Plan’s custodian was Mid Atlantic Trust Company (“Mid Atlantic”) and the Plan’s third party administrator was Leading Retirement Solutions (“LRS”). For the remainder of 2017, the Plan’s trustee and third party administrator was Fidelity Management Trust Company (“Fidelity”).

Eligibility - All employees, excluding those who are covered by a collective bargaining agreement, leased employees, non-resident aliens with no U.S. source income, temporary employees and independent contractors, are eligible to participate in the Plan on the first day of the month following, or coincident with, the completion of one month of service. An employee may elect not to participate in the Plan.

Participant contributions - Participants may elect to contribute up to 100% of their eligible compensation, as defined in the Plan, subject to the maximum allowed under section 401(k) of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Deferrals consist of pretax and/or Roth 401(k) contributions. Participants direct the investment of their account balances into various investment options offered by the Plan.

Employer contributions - The Company may, at their sole discretion, make employer matching contributions at the option of the Company’s Board of Directors. During 2017, the Company elected to make matching contributions equal to \$0.40 on every dollar of the participant’s deferred contributions up to a maximum of \$2,000 for the year. For the year ended December 31, 2017, the Company made total discretionary employer matching contributions of approximately \$210,000.

Participant accounts - Each participant’s account is credited with the participant’s contribution, employer’s contributions, and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

## **INFOSTRETCH 401(K) PROFIT SHARING PLAN**

### **Notes to Financial Statements**

December 31, 2017

#### **Note 1 - Description of plan (continued):**

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian and trustee. Some Plan investments are units of funds managed by the custodian and trustee, therefore, those investments and all investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund. Participants may change their investment options at their own discretion and are responsible for their own investments.

Vesting - Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Participants become vested in the Company's discretionary employer matching contributions upon completed years of service over a four year period at 25% per year from year one through four.

Forfeitures - Forfeitures are retained in the Plan and are used to pay expenses related to the Plan and to supplement employer contributions. Forfeitures remaining in the Plan as of December 31, 2017 and 2016 totaled approximately \$18,000 and \$8,000, respectively. For the year ended December 31, 2017, forfeitures were not used to reduce employer contributions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Loan terms range from one to five years, but may not exceed five years unless the loan is for a purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - The Plan provides for the payment of benefits to the participants (or, if applicable the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. Participants may receive a lump sum payment equal to the value of the participant's vested interest in his or her account. In-service distributions of a participant's vested account balance are permitted providing the participant has attained age 59 ½. Unless otherwise instructed by the participant, participants with vested account balances of \$1,000 or less upon separation will receive a lump sum cash payout and participants with vested account balances ranging from \$1,000 to \$5,000 will automatically be rolled over to an individual retirement account ("IRA").

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

### **Notes to Financial Statements**

December 31, 2017

#### **Note 2 - Significant accounting policies:**

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The common collective trust is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of shares held by the Plan. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that the securities liquidations will be carried out in an orderly business manner. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Investment management fees and operating expenses - Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

## **INFOSTRETCH 401(K) PROFIT SHARING PLAN**

### **Notes to Financial Statements**

December 31, 2017

#### **Note 2 - Significant accounting policies (continued):**

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements are available to be issued which is the date of the independent auditors' report.

Reclassifications - Certain 2016 balances have been reclassified to conform to the 2017 presentation. There was no impact to net assets available for benefits of the Plan from these reclassifications.

#### **Note 3 - Fair value:**

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### **Notes to Financial Statements**

December 31, 2017

#### **Note 1 - Description of plan:**

The following description of the Infostretch Corporation (“the Company”) 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan established on April 1, 2012, restated on January 1, 2016 and most recently restated on June 5, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for all eligible employees of the Company.

The Company is the Plan Administrator and retains the services of third parties to assist in the administration of the Plan. Through June 4, 2017, the Plan’s custodian was Mid Atlantic Trust Company (“Mid Atlantic”) and the Plan’s third party administrator was Leading Retirement Solutions (“LRS”). For the remainder of 2017, the Plan’s trustee and third party administrator was Fidelity Management Trust Company (“Fidelity”).

Eligibility - All employees, excluding those who are covered by a collective bargaining agreement, leased employees, non-resident aliens with no U.S. source income, temporary employees and independent contractors, are eligible to participate in the Plan on the first day of the month following, or coincident with, the completion of one month of service. An employee may elect not to participate in the Plan.

Participant contributions - Participants may elect to contribute up to 100% of their eligible compensation, as defined in the Plan, subject to the maximum allowed under section 401(k) of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers). Deferrals consist of pretax and/or Roth 401(k) contributions. Participants direct the investment of their account balances into various investment options offered by the Plan.

Employer contributions - The Company may, at their sole discretion, make employer matching contributions at the option of the Company’s Board of Directors. During 2017, the Company elected to make matching contributions equal to \$0.40 on every dollar of the participant’s deferred contributions up to a maximum of \$2,000 for the year. For the year ended December 31, 2017, the Company made total discretionary employer matching contributions of approximately \$210,000.

Participant accounts - Each participant’s account is credited with the participant’s contribution, employer’s contributions, and allocations of Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

### **Notes to Financial Statements**

December 31, 2017

#### **Note 1 - Description of plan (continued):**

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the custodian and trustee. Some Plan investments are units of funds managed by the custodian and trustee, therefore, those investments and all investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participant's accounts in proportion to each participant's share of that fund. Participants may change their investment options at their own discretion and are responsible for their own investments.

Vesting - Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans and earnings thereon. Participants become vested in the Company's discretionary employer matching contributions upon completed years of service over a four year period at 25% per year from year one through four.

Forfeitures - Forfeitures are retained in the Plan and are used to pay expenses related to the Plan and to supplement employer contributions. Forfeitures remaining in the Plan as of December 31, 2017 and 2016 totaled approximately \$18,000 and \$8,000, respectively. For the year ended December 31, 2017, forfeitures were not used to reduce employer contributions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Loan terms range from one to five years, but may not exceed five years unless the loan is for a purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - The Plan provides for the payment of benefits to the participants (or, if applicable the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. Participants may receive a lump sum payment equal to the value of the participant's vested interest in his or her account. In-service distributions of a participant's vested account balance are permitted providing the participant has attained age 59 ½. Unless otherwise instructed by the participant, participants with vested account balances of \$1,000 or less upon separation will receive a lump sum cash payout and participants with vested account balances ranging from \$1,000 to \$5,000 will automatically be rolled over to an individual retirement account ("IRA").

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for loan processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

### **Notes to Financial Statements**

December 31, 2017

#### **Note 2 - Significant accounting policies:**

Basis of accounting - The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedule. Actual results could differ from those estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The common collective trust is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of shares held by the Plan. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that the securities liquidations will be carried out in an orderly business manner. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements - The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation in fair value of investments - The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation in fair value of investments.

Investment management fees and operating expenses - Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

## **INFOSTRETCH 401(K) PROFIT SHARING PLAN**

### **Notes to Financial Statements**

December 31, 2017

#### **Note 2 - Significant accounting policies (continued):**

Subsequent events - The Plan has evaluated subsequent events through the date that the financial statements are available to be issued which is the date of the independent auditors' report.

Reclassifications - Certain 2016 balances have been reclassified to conform to the 2017 presentation. There was no impact to net assets available for benefits of the Plan from these reclassifications.

#### **Note 3 - Fair value:**

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
