INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
North Atlantic Industries 401(K) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the North Atlantic Industries 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

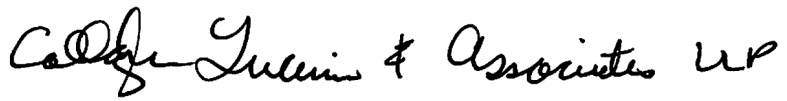

Because of the significance of the information described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the Unites of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORTH ATLANTIC INDUSTRIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

(1) Plan Description:

Background -

The following brief description of the North Atlantic Industries 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a defined contribution plan established to provide retirement benefits to employees meeting certain eligibility criteria. On January 1, 1993, all salaried employees of North Atlantic Instruments, Inc., which has since changed its name to North Atlantic Industries, Inc. ("NAI"), became eligible to participate in the Plan. Thereafter, all employees become eligible to participate in the Plan after they have completed six months of service and attained age 21. The plan administrator is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions -
Participants may contribute pretax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and catch up contributions for participants who attain age 50 by the end of a plan year. Participants may elect to have all, or a portion of their contribution be Roth elective deferrals when contributed to the Plan, however these are includible in Participant's gross income at the time deferred and must be irrevocably designated as Roth deferrals. NAI ("Sponsor") may make a discretionary matching contribution equal to a uniform percentage, determined annually, of each Participant's elective deferral. For 2017, the matching contribution was 20% of the first 6% of employee elective deferrals. However, the maximum contribution cannot be more than 20% of the employee's deferral. The Sponsor may also make a discretionary qualified non-elective contribution equal to a uniform percentage of each eligible individual's compensation. Contributions are subject to certain limitations. Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts -

Each participant's account is credited with the participant's contributions and sponsor's matching contributions, and an allocation of discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's account.

Vesting -

Employee salary reductions, employee rollovers and optional contributions, plus the actual earnings thereon are immediately vested. Participants will vest in employer contributions according to the following schedule:

Percentage of Vesting	After Years of Service
20%	2 years
40%	3 years
60%	4 years
80%	5 years
100%	6 years

Notes Receivable from Participants -

Each participant can borrow up to 50 percent of the non-forfeitable balance in their account up to a maximum loan of $50,000, with a minimum of loan amount of $1,000. The loans are secured by the participant's account and bear annual interest equal to one percent above prime rate (5.50 percent for the year ended December 31, 2017), which is commensurate with the local prevailing rates. Principal and interest are paid ratably through bi-weekly payroll deductions. Each loan is for a maximum term of five years, unless it is for the purchase of a principal residence, in which case the loan may be for a reasonable period more than five years.

Payment of Benefits -

If a participant terminates employment with NAI for any reason other than death, the participant can elect to rollover their vested account balance in the Plan, or to receive the vested account balance in one lump sum amount. In the case of death of a participant before normal retirement date or other termination, all amounts credited to the employee's account becomes 100% vested shall be paid to the beneficiary designated by the participant.

Forfeitures -

At December 31, 2017 and 2016 forfeited non-vested accounts totaled $4,510 and $1,508 respectively. Forfeitures shall be used to reduce the plan sponsor's contributions for the Plan year. Also, in 2017, employer contributions were reduced by $4,517 from forfeited non-vested accounts.

(2) Summary of Significant Accounting Policies:

Basis of Accounting -

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits -

Benefits are recorded when paid.

Investment Valuation and Income Recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 7 for discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Plan Expenses -

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Date of Management's Review -

In preparing the financial statements, the company had evaluated events and transactions for potential recognition or disclosure through October 9, 2018, the date the financials were available to be issued.

(3) Plan Termination

Although it has not expressed any intent to do so, NAI has the right under the Plan to discontinue its contributions and to terminate the Plan at any time, subject to regulations set forth by ERISA. In the event of a Plan termination, participants would become 100 percent vested in their plan sponsor's contributions.

(4) Income Tax Status

The IRS has determined and informed North Atlantic Industries Inc. by a letter dated November 1, 2016, that the Plan is individually designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank. All investments are participant directed.

Investments at fair value as of December 31:

	2017	2016
Morley Stable Value Fund	$ 962,458	$ 1,261,998
Mutual funds	14,689,957	11,724,506
	$15,652,415	$12,986,504

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

(7) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan could access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market date by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund: A stable value fund is a form of collective trust fund which is comprised primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used it if is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Morley Stable Value Funds (A)	$ -	$ -	$ -	$ 962,458
Mutual Funds	14,689,957	-	-	14,689,957
Total investments at fair value	$14,689,957	$ -	$ -	$15,652,415

Assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Morley Stable Value Funds (A)	$ -	$ -	$ -	$ 1,261,998
Mutual Funds	11,724,506	-	-	11,724,506
Total investments at fair value	$11,724,506	$ -	$ -	$12,986,504

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively.

	December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Plan Level Redemption Notice Period
Morley Stable Value Fund (1)	$962,458	n/a	Daily	12 months

	December 31, 2016			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Plan Level Redemption Notice Period
Morley Stable Value Fund (1)	$1,261,998	n/a	Daily	12 months

(1) The objective of this fund is to provide preservation of capital and relatively stable returns. The fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions.

(8) Related-Party Transactions and Party In Interest Transactions

The Plan utilizes various third-party service providers who are considered parties-in-interest. Indirect fees paid by the Plan to these third-party service providers are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During 2017, the Plan also made direct payments totaling $15,915, which is included in administrative expenses. These transactions qualify as exempt party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
North Atlantic Industries 401(K) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the North Atlantic Industries 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

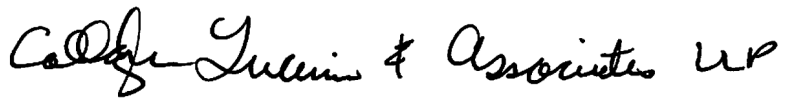

Because of the significance of the information described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the Unites of America and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NORTH ATLANTIC INDUSTRIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

(1) Plan Description:

Background -

The following brief description of the North Atlantic Industries 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a defined contribution plan established to provide retirement benefits to employees meeting certain eligibility criteria. On January 1, 1993, all salaried employees of North Atlantic Instruments, Inc., which has since changed its name to North Atlantic Industries, Inc. ("NAI"), became eligible to participate in the Plan. Thereafter, all employees become eligible to participate in the Plan after they have completed six months of service and attained age 21. The plan administrator is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions -
Participants may contribute pretax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans and catch up contributions for participants who attain age 50 by the end of a plan year. Participants may elect to have all, or a portion of their contribution be Roth elective deferrals when contributed to the Plan, however these are includible in Participant's gross income at the time deferred and must be irrevocably designated as Roth deferrals. NAI ("Sponsor") may make a discretionary matching contribution equal to a uniform percentage, determined annually, of each Participant's elective deferral. For 2017, the matching contribution was 20% of the first 6% of employee elective deferrals. However, the maximum contribution cannot be more than 20% of the employee's deferral. The Sponsor may also make a discretionary qualified non-elective contribution equal to a uniform percentage of each eligible individual's compensation. Contributions are subject to certain limitations. Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts -

Each participant's account is credited with the participant's contributions and sponsor's matching contributions, and an allocation of discretionary contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's account.

Vesting -

Employee salary reductions, employee rollovers and optional contributions, plus the actual earnings thereon are immediately vested. Participants will vest in employer contributions according to the following schedule:

Percentage of Vesting	After Years of Service
20%	2 years
40%	3 years
60%	4 years
80%	5 years
100%	6 years

Notes Receivable from Participants -

Each participant can borrow up to 50 percent of the non-forfeitable balance in their account up to a maximum loan of $50,000, with a minimum of loan amount of $1,000. The loans are secured by the participant's account and bear annual interest equal to one percent above prime rate (5.50 percent for the year ended December 31, 2017), which is commensurate with the local prevailing rates. Principal and interest are paid ratably through bi-weekly payroll deductions. Each loan is for a maximum term of five years, unless it is for the purchase of a principal residence, in which case the loan may be for a reasonable period more than five years.

Payment of Benefits -

If a participant terminates employment with NAI for any reason other than death, the participant can elect to rollover their vested account balance in the Plan, or to receive the vested account balance in one lump sum amount. In the case of death of a participant before normal retirement date or other termination, all amounts credited to the employee's account becomes 100% vested shall be paid to the beneficiary designated by the participant.

Forfeitures -

At December 31, 2017 and 2016 forfeited non-vested accounts totaled $4,510 and $1,508 respectively. Forfeitures shall be used to reduce the plan sponsor's contributions for the Plan year. Also, in 2017, employer contributions were reduced by $4,517 from forfeited non-vested accounts.

(2) Summary of Significant Accounting Policies:

Basis of Accounting -

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits -

Benefits are recorded when paid.

Investment Valuation and Income Recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 7 for discussion of Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Plan Expenses -

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Date of Management's Review -

In preparing the financial statements, the company had evaluated events and transactions for potential recognition or disclosure through October 9, 2018, the date the financials were available to be issued.

(3) Plan Termination

Although it has not expressed any intent to do so, NAI has the right under the Plan to discontinue its contributions and to terminate the Plan at any time, subject to regulations set forth by ERISA. In the event of a Plan termination, participants would become 100 percent vested in their plan sponsor's contributions.

(4) Income Tax Status

The IRS has determined and informed North Atlantic Industries Inc. by a letter dated November 1, 2016, that the Plan is individually designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(5) Information Certified by Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank. All investments are participant directed.

Investments at fair value as of December 31:

	2017	2016
Morley Stable Value Fund	$ 962,458	$ 1,261,998
Mutual funds	14,689,957	11,724,506
	$15,652,415	$12,986,504

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

(7) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan could access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market date by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund: A stable value fund is a form of collective trust fund which is comprised primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used it if is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Morley Stable Value Funds (A)	$ -	$ -	$ -	$ 962,458
Mutual Funds	14,689,957	-	-	14,689,957
Total investments at fair value	$14,689,957	$ -	$ -	$15,652,415

Assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Morley Stable Value Funds (A)	$ -	$ -	$ -	$ 1,261,998
Mutual Funds	11,724,506	-	-	11,724,506
Total investments at fair value	$11,724,506	$ -	$ -	$12,986,504

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively.

	December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Plan Level Redemption Notice Period
Morley Stable Value Fund (1)	$962,458	n/a	Daily	12 months

	December 31, 2016			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Plan Level Redemption Notice Period
Morley Stable Value Fund (1)	$1,261,998	n/a	Daily	12 months

(1) The objective of this fund is to provide preservation of capital and relatively stable returns. The fund primarily consists of a diversified portfolio of stable value investment contracts issued by life insurance companies, banks and other financial institutions.

(8) Related-Party Transactions and Party In Interest Transactions

The Plan utilizes various third-party service providers who are considered parties-in-interest. Indirect fees paid by the Plan to these third-party service providers are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During 2017, the Plan also made direct payments totaling $15,915, which is included in administrative expenses. These transactions qualify as exempt party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations.
