Notes to Financial Statements

Note 1: Description of Plan

The following description of the Trienda Holdings, L.L.C. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except nonresident aliens and leased employees, of Trienda Holdings, L.L.C. (the "Employer") who have completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Merger

Effective January 1, 2018, the PendaForm Company Employees' 401(k) Plan was terminated and investments and notes receivable totaling \$23,623,764 were merged into the Trienda Holdings, L.L.C 401(k) Plan. Employees of PendaForm, a related company, are eligible to participate in the Plan following the merger.

Change in Trustee

Effective July 1, 2017, the Plan changed trustees from Reliance Trust Company to Minnesota Life Insurance Company.

Contributions

Each year, participants may contribute up to 90% of pretax or after tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Employer contributes safe harbor matching contributions equal to 100% of the first 3% of eligible compensation that a participant contributes to the Plan and an additional 50% of the next 2% of eligible compensation that a participant contributes to the Plan. Additional nonelective contributions may also be made at the discretion of the Employer. During the year ended December 31, 2017, the Employer made matching contributions of \$269,089 to the Plan. There were no Employer nonelective contributions for 2017. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Trienda Holdings, L.L.C. 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer matching contributions, and allocations of (a) the Employer's nonelective contribution (if any) and (b) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Employer safe harbor matching contributions plus actual earnings (losses) thereon. Vesting in the Employer's nonelective contribution portion of a participant's account is based on the number of years of service.

Employer nonelective contributions vest according to the following schedule:

Years of Service	Vesting %
Less than 2 years	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 or more years	100 %

Participants are considered to have completed one year of service for each 12 month period beginning on their date of hire.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments, a partial withdrawal, or defer receiving payments until age 70 1/2. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

At December 31, 2017 and 2016, there were no forfeited nonvested accounts. Forfeitures will be used to reduce administrative expenses or future Employer contributions in accordance with the Plan document. During the years ended December 31, 2017 and 2016, there were no forfeitures utilized to reduce administrative expenses or Employer contributions.

Trienda Holdings, L.L.C. 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2018, which is the date the financial statements were available to be issued.

Trienda Holdings, L.L.C. 401(k) Plan

Notes to Financial Statements

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been a change in the methodologies used as of 2016, due to Accounting Standards Update (ASU) 2015-10, *Technical Corrections and Improvements*, which amends the definition of *readily determinable fair value*. The definition now includes a reference to equity securities in structures that are similar to mutual funds, where the fair value per share (unit) is determined and published on a regular basis for current transactions. As a result, plan management has determined the amended definition applies to the Plan's common collective trust funds which use Level 2 inputs. These investments were previously measured at net asset value as a practical expedient and the presentation of these investments as of December 31, 2016, was removed from the hierarchy levels in the table presented below in accordance with ASU 2015-07, *Fair Value Measurement*.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Mutual funds held in pooled separate accounts: Fair value of mutual funds held in pooled separate accounts is based on quoted net asset values of underlying investments held by the pooled separate accounts adjusted by an asset charge. The underlying mutual funds held in the pooled separate accounts are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Common collective trust funds: Investments in common collective trust funds are valued using a readily determinable fair value based on the fair value of the underlying securities in which the account is invested. The readily determinable fair value is used if the fair value per share is determined and published and is the basis for current transactions. There are currently no redemption restrictions of unfunded commitments on these investments.

Trienda Holdings, L.L.C. 401(k) Plan

Notes to Financial Statements

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	\$ -	\$ 1,856,214	\$ -	\$ 1,856,214
Investments, at fair value	\$ -	\$ 1,856,214	\$ -	\$ 1,856,214

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 970,403	\$ -	\$ -	\$ 970,403
Common collective trust funds	-	21,375	-	21,375
Investments, at fair value	\$ 970,403	\$ 21,375	\$ -	\$ 991,778

Note 4: Fully Benefit-Responsive Investment Contract (FBRIC)

The Plan invests in a FBRIC with Minnesota Life Insurance Company in the form of a guaranteed investment contract (GIC). Minnesota Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Minnesota Life Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Minnesota Life Insurance Company including plan termination and other events as specified in the GIC. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The GIC does not permit Minnesota Life Insurance Company to terminate the agreement prior to the scheduled maturity date.

Trienda Holdings, L.L.C. 401(k) Plan

Notes to Financial Statements

Note 5: Information Prepared and Certified by Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company and Minnesota Life Insurance Company, the Trustees of the Plan.

Note 6: Tax Status

The Employer adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Reliance Trust Company and Minnesota Life Insurance Company, the Trustees, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Employer nonelective contributions.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
