NOTE 1 DESCRIPTION OF PLAN

The following description of AAA Electrical & Communications, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2002. The Plan has been amended throughout the years to comply with tax legislation. The Plan covers all employees of AAA Electrical & Communications, Inc. dba: AAA Property Services (the Company), who have completed three months of service and are age 18 or older and who have completed three months of service as defined by the Plan. The Plan excludes employees who are part of a collective bargaining agreement, nonresident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Trustees are responsible for the oversight of the Plan. Effective May 11, 2018 the Plan changed custodians from Mid Atlantic Trust to Fidelity Management Trust Company and as a result the Plan was restated effective June 1, 2018.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants age 50 or older are allowed to make catch-up contributions. Participants may designate all or part of their salary deferrals as Roth after-tax contributions. Participants are enrolled automatically at a 3% deferral, unless they elect otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Plan allows for discretionary employer matching contributions and discretionary employer profit sharing contributions. These contributions are determined annually. For the year ended December 31, 2017, the discretionary match was $67,265. For the year ended December 31, 2016, the Plan elected a safe harbor matching contribution of 100% of deferrals up to 4% of eligible compensation. There were no profit sharing contributions authorized for the years ended December 31, 2017 and 2016. A participant must be employed on the last day of the Plan year and have completed 1000 hours in order to receive the discretionary employer contribution (other than the safe harbor match) unless termination was due to death, disability, or reaching normal or early retirement age. In addition, the Plan has employer prevailing wage contributions that are required contributions under the Davis Bacon employment contracts.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions, the Company's matching, profit sharing and Davis Bacon contributions, Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions, the Company's prevailing wage contributions, and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is fully vested after six years of credited service or upon normal or early retirement age, death, or disability.

Benefit Payments

Upon termination of service, including death, disability, normal retirement or early retirement, the amount of a participant's vested account shall be distributed, less applicable withholding tax, according to one of the options as described in the Plan and as elected by the participant. If a participant terminates employment and the participant's account balance is less than $5,000, the Plan administrator will authorize the benefit payment if not directed by the participant.

Forfeited Accounts

Forfeited nonvested accounts are used to first pay administrative expenses not allocable directly to participants, then may be used to reduce future employer contributions. There were forfeitures amounting to $1,891 and $8,001 at December 31, 2017 and 2016, respectively. There were forfeitures of $10,636 used to pay plan expenses during the year ended December 31, 2017. There were no forfeitures used during the year ended December 31, 2016.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are value at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Collective funds are valued at the NAV of units of the collective trust. NAV is a readily determinable fair value and is the basis for current transactions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefit payments are recorded when paid.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820*, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly such as:

– quoted prices for similar assets or liabilities in active markets;

– quoted prices for identical or similar assets or liabilities in inactive markets;

– inputs other than quoted prices that are observable for the asset or liability;

– inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2018, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Mid Atlantic Trust Company, the custodian of the Plan has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statements in changes in net assets available for benefits for the years then ended and the supplemental schedule of assets held at December 31,2017.

NOTE 4 FAIR VALUE OF INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Collective Funds	$ -	$ 1,299,625	$ -	$ 1,299,625
Registered Investment Companies	169,390	-	-	169,390
Total Investments at Fair Value	$ 169,390	$ 1,299,625	$ -	$ 1,469,015

	2016			
	Level 1	Level 2	Level 3	Total
Collective Funds	$ -	$ 1,126,250	$ -	$ 1,126,250
Registered Investment Companies	178,595	-	-	178,595
Total Investments at Fair Value	$ 178,595	$ 1,126,250	$ -	$ 1,304,845

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company or its successor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter, dated March 31, 2014, received from the Internal Revenue Service (IRS) indicating that the Plan is qualified under Section 401 of the IRC and is, therefore, not subject to tax under current income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 NONEXEMPT TRANSACTION

The Company failed to remit employee 401(k) deferral contributions for certain payroll periods within the time frame prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Company has corrected the prohibited transaction during 2017 by depositing the lost earnings into the Plan.
