NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Boston Financial Investment Management, LP 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on November 1, 2009 and was most recently amended on July 11, 2014. The Plan is a defined contribution plan covering substantially all of the employees of Boston Financial Investment Management, LP (the Plan Administrator). The Plan qualifies under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all eligible employees attaining the age of 21. Participants may begin participating after completing 2 months of service and having attained age 21. The Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

The Plan's assets are held in the custody of Great-West Life & Annuity Insurance Company and Great West Trust Company, LLC ("Great West") who are also the directed trustees and record keepers.

Participant Contributions

Participants may contribute a percentage or dollar amount of their eligible compensation, as defined in the Plan, on a pre-tax basis subject to statutory limitations of the IRC. New employees are automatically enrolled at a pre-tax deferral rate of 3% of eligible compensation, unless the employee opts out. In addition, participants 50 years of age or older may elect to make a catch-up deferral contribution of up to \$6,000. Distributions from other qualified retirement plans can also be contributed to the Plan and retained as a rollover contribution.

Plan Administrator Contributions

Effective February 1, 2017, the Plan Administrator has implemented a policy whereby it will match 50% of employee contributions up to a maximum of \$4,000 per participant. Prior to February 1, 2017, the Plan Administrator made discretionary non-elective contributions to participants who are active during the Plan year and were eligible on December 31. During the year ended December 31, 2017, the Plan Administrator paid discretionary non-elective contributions in the amount of \$276,000. As of December 31, 2017 and 2016, discretionary non-elective contributions are receivable from the Plan Administrator in the amount of \$0 and \$276,000, respectively.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contribution, qualified non-elective contributions, and plan earnings (losses) on such contributions.

Plan Administrator discretionary contributions and related investment income vest accordingly as follows:

<u>Years of vesting service</u>	<u>Percent vested</u>
Less than 1	0%
1	33%
2	66%
3	100%

Participant Accounts

Individual accounts are maintained for each participant and include each participant's salary deferral, rollover contributions, an allocation of the Plan Administrator contributions, plan earnings, and realized and unrealized gains and losses on investments. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions as defined. Participants are entitled to amounts provided from each participant's vested account.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts can be used to reduce future Plan Administrator contributions to the Plan. During 2017, employer contributions were reduced by \$35,814 from the forfeited nonvested accounts. As of December 31, 2017 and 2016, forfeited non-vested accounts were \$32,706 and \$22,325, respectively.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances, whichever is less. Each loan is secured by the vested interest in the respective participant's account and bears interest at 1% above the prime rate. Principal and interest are payable ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant (or designated beneficiary) may elect to receive an amount equal to the value of the vested interest in their account. The Plan allows for distributions upon termination of service, death, disability, attainment of age 59 1/2, in certain hardship situations, and other situations as detailed by the Plan document. A participant may elect to receive a lump sum payment, an annuity, or may roll over the value of their account into another qualified plan. In the event a participant terminates or retires and the participant's vested account balance is less than \$5,000, but greater than \$1,000, the balance will be rolled into an IRA. If the vested account balance is less than \$1,000, it will be paid in the form of a lump sum distribution.

Hardship Withdrawals

Participants are eligible to receive hardship withdrawals in the form of all or any part of their vested account resulting from elective deferral contributions (excluding the income earned on such contributions) and discretionary contributions subject to the provisions set forth in the Plan document and IRC restrictions and penalties.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains and losses, the unrealized appreciation or depreciation on those investments and reinvested dividends.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

The Plan Administrator pays substantially all administrative expenses of the Plan. Certain investment management fees and other charges paid to the Trustees and the Record Keeper are offset against fund performance in net realized and unrealized appreciation in fair value of investments and are not, therefore, separately reflected as administrative expenses.

Subsequent Events

Material subsequent events have been considered for disclosure and recognition in these financial statements through October 1, 2018, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2017

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Level 1	Level 2	Total
Mutual funds	\$ 15,152,706	\$ -	\$ 15,152,706
Total investments at fair value	<u>\$ 15,152,706</u>	<u>\$ -</u>	<u>\$ 15,152,706</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Level 1	Level 2	Total
Mutual funds	\$ 11,625,438	\$ -	\$ 11,625,438
Total investments at fair value	<u>\$ 11,625,438</u>	<u>\$ -</u>	<u>\$ 11,625,438</u>

None of the Plan's assets are Level 2 or 3 within the fair value hierarchy.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a synthetic investment contract with Great-West. This contract fully meets the benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2017

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2017

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

NOTE 5 - PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. As of December 31, 2017 and 2016, certain investments were held by parties-in-interest. Fees paid by the Plan to parties-in-interest for investment management and recordkeeping services amount to \$23,819 for the year ended December 31, 2017.

Effective October 21, 2009, Great-West provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Plan Administrator and Great-West. Great-West receives revenue from mutual fund service providers for services Great-West provides to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan.

If the revenue received by Great-West from such mutual fund services providers exceeds the amount owed under the MSA, Great-West remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2017, there were no excess amounts. The Plan or Plan Administrator may make a payment to Great-West for administrative expenses not covered by revenue sharing.

NOTE 6 - INCOME TAX STATUS

The Plan is a prototype plan of Great-West, which received an opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the form of the Plan document was acceptable under the applicable requirements of the IRC. The Plan has been amended since receiving the letter. However, the Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 6 - INCOME TAX STATUS (CONTINUED)

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - CERTIFIED INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2017 and 2016, and investment income and interest income on notes receivable from participants for the year ended December 31, 2017, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustees of the Plan.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Administrator has the right to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
