G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of G&K Services 401(k) Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established by G&K Services, Inc. (the Company) (n/k/a G&K Services, LLC). The Plan is a defined contribution plan covering all qualified eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 21, 2017, the Company merged with Cintas Corporation (Cintas). There were no changes to the Plan as a result of this merger other than Cintas is now responsible for the administration of the Plan.

Effective June 4, 2017, non-union employees of the Plan became eligible to participate in the Cintas Partners' Plan. Effective August 21, 2017, non-union employees of the Plan account balances were transferred to the Cintas Partners' Plan. As a result, participants' account balances totaling approximately \$147,132,000 were transferred into the Cintas Partners' Plan. Union employees will continue to participate in the Plan.

Each nonexcluded employee, as defined by the Plan, becomes eligible to defer a portion of their earnings to the Plan on the first day on which they are credited with an hour of service with the Company. Nonexcluded employees may participate in the employer contributions portion of the Plan on the Plan entry date immediately following the later of (a) the date on which he or she completes one year of eligible service or (b) his or her 18th birthday. A year of eligible service is defined as one in which the participant completes at least 1,000 hours of service to the Company. Non-union employees were no longer allowed to enter the Plan effective June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan.

Cintas serves as the Plan Administrator. The Company had appointed Wells Fargo Bank, N.A. (Wells Fargo) as the trustee of the Plan. Wells Fargo is responsible for holding the assets of the Plan, executing investment transactions and making disbursements.

Contributions: Participants may elect to make contributions to the Plan of up to 75 percent of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan. Non-union employees were no longer allowed to contribute to the Plan effective June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan. Union employees continue to be eligible to contribute to the Plan.

The Company makes safe harbor matching contributions of 100 percent of employees' contributions, not to exceed 3 percent of each employee's compensation, as defined by the Plan. The Company also makes matching contributions of 50 percent of employees' contributions that exceed 3 percent of each employee's compensation but do not exceed 5 percent of each employee's compensation, as defined by the Plan. The Company may also make employer retirement, employer transition, and discretionary nonelective contributions to the Plan. For the year ended December 31, 2017, employer transition contributions totaled approximately \$153,000. There were no employer retirement or discretionary nonelective contributions for the year ended December 31, 2017.

Non-union employees were eligible to receive the above referenced contributions until June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan. Union employees continue to be eligible to receive the above-referenced contributions.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participant contributions, rollover accounts, safe harbor matching, and matching contributions made subsequent to January 1, 2007, and employer transition contributions, are always 100 percent vested and cannot be forfeited. For matching contributions made to the Plan prior to January 1, 2007, and discretionary nonelective contributions, participants became 20 percent vested each year after one year of eligible service and were fully vested after five years of service. Participants become 100 percent vested in employer retirement contributions after completing three years of service.

Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Participant accounts: Each participant's account is credited with the participant and Company contributions and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms may not exceed five years, unless the purpose of the note is to acquire a principal residence. Participants are only allowed to have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2017, the interest rates range from 4.25 percent to 8.50 percent. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through January 2023. Notes receivable from non-union participants were transferred to the Cintas Partners' Plan effective August 21, 2017.

Payment of benefits: Upon termination of employment, death, permanent disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. If the vested account balance is greater than \$5,000, the participant may also elect to leave their balance in the Plan. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59½, a participant may take a withdrawal from compensation deferrals or Company contributions. Certain other benefit options are available to participants of former plans.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses or to reduce matching contributions. At December 31, 2017 and 2016, forfeited nonvested account balances totaled approximately \$72,700 and \$800, respectively. Forfeitures of approximately \$4,300 were used to pay Plan expenses in 2017.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the Plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Revenue recognition: Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid primarily from Plan assets. Certain fees and expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Certain Plan expenses are charged directly to the participants' accounts and are included in administrative expenses.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 9, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A.

The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market account: The money market account is priced at the net asset value (NAV) per share used as a practical expedient, which is calculated as the total of the account's assets, less any liabilities, divided by the total number of shares outstanding on the valuation date. The account's underlying assets are valued using the amortized cost method, which is acquisition cost adjusted for discounts or premiums reflected in their purchase price.

Shares of registered investment companies: Shares of registered investment companies are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 7,901,233	\$ -	\$ -	\$ 7,901,233
Total investments in the fair value hierarchy	\$ 7,901,233	\$ -	\$ -	7,901,233
Investments at NAV (a)				490,588
				<u>\$ 8,391,821</u>
Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 135,670,683	\$ -	\$ -	\$ 135,670,683
Total investments in the fair value hierarchy	\$ 135,670,683	\$ -	\$ -	135,670,683
Investments at NAV (a)				20,766,950
				<u>\$ 156,437,633</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient. There are no unfunded commitments related to these investments.

	Fair Value as of December 31		Redemption Frequency	Redemption Notice Period

Vanguard Federal Money Market Account	\$ 490,588	\$ 20,766,950	Daily	None

Note 5. Income Tax Status

The Plan adopted a prototype standardized profit sharing plan. The prototype plan's latest Internal Revenue Service (IRS) opinion letter, dated September 30, 2014, stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. The prototype plan's opinion letter has been relied upon by the Plan. The Plan has been amended subsequent to the version covered by the prototype plan's opinion letter. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan subsequently received an updated favorable determination letter dated January 25, 2018.

Management evaluated the Plan's tax position and concluded that the Plan has maintained its tax-exempt status and taken no uncertain tax positions that require adjustment to the financial statements.

Note 6. Party-in-Interest Transactions

The Plan's assets are held by the trustee. The trustee manages and invests contributions received and makes distributions to participants. Therefore, these transactions qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2017 statement of net assets available for benefits.

Notes to Financial Statements

Note 1. Plan Description

The following description of G&K Services 401(k) Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established by G&K Services, Inc. (the Company) (n/k/a G&K Services, LLC). The Plan is a defined contribution plan covering all qualified eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 21, 2017, the Company merged with Cintas Corporation (Cintas). There were no changes to the Plan as a result of this merger other than Cintas is now responsible for the administration of the Plan.

Effective June 4, 2017, non-union employees of the Plan became eligible to participate in the Cintas Partners' Plan. Effective August 21, 2017, non-union employees of the Plan account balances were transferred to the Cintas Partners' Plan. As a result, participants' account balances totaling approximately \$147,132,000 were transferred into the Cintas Partners' Plan. Union employees will continue to participate in the Plan.

Each nonexcluded employee, as defined by the Plan, becomes eligible to defer a portion of their earnings to the Plan on the first day on which they are credited with an hour of service with the Company. Nonexcluded employees may participate in the employer contributions portion of the Plan on the Plan entry date immediately following the later of (a) the date on which he or she completes one year of eligible service or (b) his or her 18th birthday. A year of eligible service is defined as one in which the participant completes at least 1,000 hours of service to the Company. Non-union employees were no longer allowed to enter the Plan effective June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan.

Cintas serves as the Plan Administrator. The Company had appointed Wells Fargo Bank, N.A. (Wells Fargo) as the trustee of the Plan. Wells Fargo is responsible for holding the assets of the Plan, executing investment transactions and making disbursements.

Contributions: Participants may elect to make contributions to the Plan of up to 75 percent of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan. Non-union employees were no longer allowed to contribute to the Plan effective June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan. Union employees continue to be eligible to contribute to the Plan.

The Company makes safe harbor matching contributions of 100 percent of employees' contributions, not to exceed 3 percent of each employee's compensation, as defined by the Plan. The Company also makes matching contributions of 50 percent of employees' contributions that exceed 3 percent of each employee's compensation but do not exceed 5 percent of each employee's compensation, as defined by the Plan. The Company may also make employer retirement, employer transition, and discretionary nonelective contributions to the Plan. For the year ended December 31, 2017, employer transition contributions totaled approximately \$153,000. There were no employer retirement or discretionary nonelective contributions for the year ended December 31, 2017.

Non-union employees were eligible to receive the above referenced contributions until June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan. Union employees continue to be eligible to receive the above-referenced contributions.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participant contributions, rollover accounts, safe harbor matching, and matching contributions made subsequent to January 1, 2007, and employer transition contributions, are always 100 percent vested and cannot be forfeited. For matching contributions made to the Plan prior to January 1, 2007, and discretionary nonelective contributions, participants became 20 percent vested each year after one year of eligible service and were fully vested after five years of service. Participants become 100 percent vested in employer retirement contributions after completing three years of service.

Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Participant accounts: Each participant's account is credited with the participant and Company contributions and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms may not exceed five years, unless the purpose of the note is to acquire a principal residence. Participants are only allowed to have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2017, the interest rates range from 4.25 percent to 8.50 percent. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through January 2023. Notes receivable from non-union participants were transferred to the Cintas Partners' Plan effective August 21, 2017.

Payment of benefits: Upon termination of employment, death, permanent disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. If the vested account balance is greater than \$5,000, the participant may also elect to leave their balance in the Plan. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59½, a participant may take a withdrawal from compensation deferrals or Company contributions. Certain other benefit options are available to participants of former plans.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses or to reduce matching contributions. At December 31, 2017 and 2016, forfeited nonvested account balances totaled approximately \$72,700 and \$800, respectively. Forfeitures of approximately \$4,300 were used to pay Plan expenses in 2017.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the Plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Revenue recognition: Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid primarily from Plan assets. Certain fees and expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Certain Plan expenses are charged directly to the participants' accounts and are included in administrative expenses.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 9, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A.

The Plan's assets are held by Wells Fargo Bank, N.A., the trustee of the Plan.

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2017	2016
Investments, at fair value:		
Registered investment companies	\$ 7,901,233	\$ 135,670,683

Notes receivable from participants	<u>\$ 361,776</u>	<u>\$ 6,009,167</u>

The trustee also certified to the completeness and accuracy of \$14,103,322 of net appreciation in fair value of investments, \$546,510 of interest and dividend income related to the aforementioned investments, and \$167,395 of interest income on notes receivable from participants for the year ended December 31, 2017.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market account: The money market account is priced at the net asset value (NAV) per share used as a practical expedient, which is calculated as the total of the account's assets, less any liabilities, divided by the total number of shares outstanding on the valuation date. The account's underlying assets are valued using the amortized cost method, which is acquisition cost adjusted for discounts or premiums reflected in their purchase price.

Shares of registered investment companies: Shares of registered investment companies are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 7,901,233	\$ -	\$ -	\$ 7,901,233
Total investments in the fair value hierarchy	\$ 7,901,233	\$ -	\$ -	7,901,233
Investments at NAV (a)				490,588
				<u>\$ 8,391,821</u>

Registered investment companies	\$ 135,670,683	\$ -	\$ -	\$ 135,670,683
Total investments in the fair value hierarchy	\$ 135,670,683	\$ -	\$ -	135,670,683
Investments at NAV (a)				20,766,950
				<u>\$ 156,437,633</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient. There are no unfunded commitments related to these investments.

Note 5. Income Tax Status

The Plan adopted a prototype standardized profit sharing plan. The prototype plan's latest Internal Revenue Service (IRS) opinion letter, dated September 30, 2014, stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. The prototype plan's opinion letter has been relied upon by the Plan. The Plan has been amended subsequent to the version covered by the prototype plan's opinion letter. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan subsequently received an updated favorable determination letter dated January 25, 2018.

Management evaluated the Plan's tax position and concluded that the Plan has maintained its tax-exempt status and taken no uncertain tax positions that require adjustment to the financial statements.

Note 6. Party-in-Interest Transactions

The Plan's assets are held by the trustee. The trustee manages and invests contributions received and makes distributions to participants. Therefore, these transactions qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2017 statement of net assets available for benefits.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of G&K Services 401(k) Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established by G&K Services, Inc. (the Company) (n/k/a G&K Services, LLC). The Plan is a defined contribution plan covering all qualified eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 21, 2017, the Company merged with Cintas Corporation (Cintas). There were no changes to the Plan as a result of this merger other than Cintas is now responsible for the administration of the Plan.

Effective June 4, 2017, non-union employees of the Plan became eligible to participate in the Cintas Partners' Plan. Effective August 21, 2017, non-union employees of the Plan account balances were transferred to the Cintas Partners' Plan. As a result, participants' account balances totaling approximately \$147,132,000 were transferred into the Cintas Partners' Plan. Union employees will continue to participate in the Plan.

Each nonexcluded employee, as defined by the Plan, becomes eligible to defer a portion of their earnings to the Plan on the first day on which they are credited with an hour of service with the Company. Nonexcluded employees may participate in the employer contributions portion of the Plan on the Plan entry date immediately following the later of (a) the date on which he or she completes one year of eligible service or (b) his or her 18th birthday. A year of eligible service is defined as one in which the participant completes at least 1,000 hours of service to the Company. Non-union employees were no longer allowed to enter the Plan effective June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan.

Cintas serves as the Plan Administrator. The Company had appointed Wells Fargo Bank, N.A. (Wells Fargo) as the trustee of the Plan. Wells Fargo is responsible for holding the assets of the Plan, executing investment transactions and making disbursements.

Contributions: Participants may elect to make contributions to the Plan of up to 75 percent of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan. Non-union employees were no longer allowed to contribute to the Plan effective June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan. Union employees continue to be eligible to contribute to the Plan.

The Company makes safe harbor matching contributions of 100 percent of employees' contributions, not to exceed 3 percent of each employee's compensation, as defined by the Plan. The Company also makes matching contributions of 50 percent of employees' contributions that exceed 3 percent of each employee's compensation but do not exceed 5 percent of each employee's compensation, as defined by the Plan. The Company may also make employer retirement, employer transition, and discretionary nonelective contributions to the Plan. For the year ended December 31, 2017, employer transition contributions totaled approximately \$153,000. There were no employer retirement or discretionary nonelective contributions for the year ended December 31, 2017.

Non-union employees were eligible to receive the above referenced contributions until June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan. Union employees continue to be eligible to receive the above-referenced contributions.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participant contributions, rollover accounts, safe harbor matching, and matching contributions made subsequent to January 1, 2007, and employer transition contributions, are always 100 percent vested and cannot be forfeited. For matching contributions made to the Plan prior to January 1, 2007, and discretionary nonelective contributions, participants became 20 percent vested each year after one year of eligible service and were fully vested after five years of service. Participants become 100 percent vested in employer retirement contributions after completing three years of service.

Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Participant accounts: Each participant's account is credited with the participant and Company contributions and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms may not exceed five years, unless the purpose of the note is to acquire a principal residence. Participants are only allowed to have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2017, the interest rates range from 4.25 percent to 8.50 percent. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through January 2023. Notes receivable from non-union participants were transferred to the Cintas Partners' Plan effective August 21, 2017.

Payment of benefits: Upon termination of employment, death, permanent disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. If the vested account balance is greater than \$5,000, the participant may also elect to leave their balance in the Plan. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59½, a participant may take a withdrawal from compensation deferrals or Company contributions. Certain other benefit options are available to participants of former plans.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses or to reduce matching contributions. At December 31, 2017 and 2016, forfeited nonvested account balances totaled approximately \$72,700 and \$800, respectively. Forfeitures of approximately \$4,300 were used to pay Plan expenses in 2017.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the Plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Revenue recognition: Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid primarily from Plan assets. Certain fees and expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Certain Plan expenses are charged directly to the participants' accounts and are included in administrative expenses.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 9, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A.

The Plan's assets are held by Wells Fargo Bank, N.A., the trustee of the Plan.

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2017	2016
Investments, at fair value:		
Registered investment companies	\$ 7,901,233	\$ 135,670,683

Total investments	<u>\$ 8,391,821</u>	<u>\$ 156,437,633</u>
Notes receivable from participants	<u>\$ 361,776</u>	<u>\$ 6,009,167</u>

The trustee also certified to the completeness and accuracy of \$14,103,322 of net appreciation in fair value of investments, \$546,510 of interest and dividend income related to the aforementioned investments, and \$167,395 of interest income on notes receivable from participants for the year ended December 31, 2017.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market account: The money market account is priced at the net asset value (NAV) per share used as a practical expedient, which is calculated as the total of the account's assets, less any liabilities, divided by the total number of shares outstanding on the valuation date. The account's underlying assets are valued using the amortized cost method, which is acquisition cost adjusted for discounts or premiums reflected in their purchase price.

Shares of registered investment companies: Shares of registered investment companies are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 7,901,233	\$ -	\$ -	\$ 7,901,233
Total investments in the fair value hierarchy	\$ 7,901,233	\$ -	\$ -	7,901,233
Investments at NAV (a)				490,588
				<u>\$ 8,391,821</u>
Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Registered investment companies	\$ 135,670,683	\$ -	\$ -	\$ 135,670,683
Total investments in the fair value hierarchy	\$ 135,670,683	\$ -	\$ -	135,670,683
Investments at NAV (a)				20,766,950
				<u>\$ 156,437,633</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient. There are no unfunded commitments related to these investments.

	Fair Value as of December 31		Redemption Frequency	Redemption Notice Period
	2017	2016		
Vanguard Federal Money Market Account	\$ 490,588	\$ 20,766,950	Daily	None

This fund, which invests in U.S. government securities, seeks to provide current income and preserve shareholders' principal investment by maintaining a share price of \$1.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 5. Income Tax Status

The Plan adopted a prototype standardized profit sharing plan. The prototype plan's latest Internal Revenue Service (IRS) opinion letter, dated September 30, 2014, stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Code. The prototype plan's opinion letter has been relied upon by the Plan. The Plan has been amended subsequent to the version covered by the prototype plan's opinion letter. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan subsequently received an updated favorable determination letter dated January 25, 2018.

Management evaluated the Plan's tax position and concluded that the Plan has maintained its tax-exempt status and taken no uncertain tax positions that require adjustment to the financial statements.

Note 6. Party-in-Interest Transactions

The Plan's assets are held by the trustee. The trustee manages and invests contributions received and makes distributions to participants. Therefore, these transactions qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2017 statement of net assets available for benefits.
