MAJESTIC MARBLE AND GLASS COMPANY 401(k) PLAN  
Notes to Financial Statements  
December 31, 2017 and 2016

1. Plan Description

The following description of the Majestic Marble and Glass Company 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General:

The Plan is a defined contribution 401(k) plan established on January 1, 1994, covering all employees of Majestic Marble and Glass Company, Inc., who have worked for at least one year and are age twenty-one or older. The Plan is a Pre-approved Plan from Freedom One Retirement Services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan sponsor is Majestic Marble & Glass Company, Inc. (Company).

B. Contributions:

Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed the maximum allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and multiple common/collective investment trusts as investment options for participants. The Company contributions are discretionary, and for 2017 and 2016 the Company suspended matching contributions.

C. Participant Accounts:

Each participant's separate account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) Plan earnings, and charged with an allocation of investment and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Company matching and discretionary contributions, if any, and earnings thereon are subject to a six-year graded vesting schedule based on the years of credited service. A participant vests according to this schedule for each calendar year in which the participant has worked at least 1,000 hours. A participant also becomes 100% vested if he or she attains age 65 while still employed by the Company, becomes permanently disabled, or dies.

E. Investments:

Participants may direct the investment of their contributions as well as Company contributions into various investment options offered by the Plan. Participants may change their investment options at any time throughout the year via direct phone and internet access to the trustee.

1. Plan Description (Continued)

F. Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The notes are secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 8%, which are commensurate with local prevailing rates as determined by the plan administrator. Generally, loan terms are limited to five years. All interest paid in connection with the loan and all repayments of principal are credited to the participant's account. All loans may be prepaid at any time without penalty. Principal and interest is paid ratably through payroll deductions. Only one outstanding Plan loan is permitted per participant.

G. Payment of Benefits:

On termination of service due to death, disability or retirement, a participant will normally be paid in the form of a qualified joint and survivor annuity over the life expectancies of the employee and spouse. Lump-sum distributions or rollovers to other plans are also available. Death benefits are paid out no later than ninety days following the later of the close of the Plan year within which the participant dies or the close of the Plan year in which the request is received. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Those participants may elect to roll over distributions to other qualified plans or to individual retirement accounts. Hardship withdrawals are permitted.

H. Forfeited Accounts:

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$0. These accounts, if any, will be used to reduce future employer contributions and/or expenses. During the year ended December 31, 2017 and 2016, there were no forfeited non-vested accounts to be applied to Plan expenses.

2. Summary of Significant Accounting Policies

A. Basis of Accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

B. Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

C. Investment Valuation and Income Recognition:

All underlying investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds and money market funds are valued at quoted market prices. Investments in collective investment trusts are valued based upon the redemption price of units held by the plan, which is based on the current net asset value (NAV) of the fund's underlying assets. See Note 4, Fair Value Measurements, for discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

E. Payment of Benefits:

Benefits are recorded when paid.

F. Administrative Expenses:

Personnel with the Company perform many administrative duties of the Plan, including maintenance of personnel files and reconciliation of payroll records. The payroll and related overhead costs associated with these services are not included as Plan expenses. Other administrative costs, including record keeping fees, investment fees, and loan fees are charged to and paid from the individual participant accounts.

3. Plan Financial Information Certified by Trustee

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedules that was prepared by or derived from information prepared by Reliance Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certification from the trustee of the Plan that such information is complete and accurate.

*Statements of Net Assets Available for Benefits* – all items and amounts with the exception of contributions receivable and accrued administrative expenses, as applicable.

*Statements of Changes in Net Assets Available for Benefits* – all items and amounts except for contributions, benefits paid to participants, and administrative expenses.

*Supplemental Schedule* – all items and amounts.

4. Fair Value Measurements

The Plan follows ASC 820, *Fair Value Measurements and Disclosures*, as amended, with respect to fair value measurements of its financial assets. This standard defines fair value as the exchange price, or the amount that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants as of the measurement date. The standard also establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available.

The hierarchy is broken down into three levels. Level 1 inputs are quoted market prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and inputs (other than quoted prices) that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016. There were no transfers or reclassifications between Level 2 or Level 3 during 2017 or 2016.

- ***Mutual Funds***

These investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The mutual funds held by the Plan are considered to be actively traded and have been classified within Level 1 of the fair value hierarchy.

- ***Money Market Funds***

These investments consist of investments in institutional money market funds that permit daily redemption, the fair value of which is based upon the quoted price in active markets provided by the financial institution managing the funds. The Plan classifies these investments within Level 1 of the valuation hierarchy.

- ***Collective Investment Trusts***

The Collective Investment Trusts are collective trust funds which is composed primarily of fully benefit-responsive investment contracts and mutual funds and are valued at the net asset value (NAV) of the units. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Since this investment is measured at fair value using the net asset value per share practical expedient it is not required to be classified within the fair value hierarchy. These funds do not have underfund commitments and they each have a daily redemption frequency. The managed account portfolios require a five-day written notice for a redemption greater than \$1 million dollars or 10% of the assets invested in each fund.

4. Fair Value Measurements (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2017 and 2016:

5. Related Party Transactions

During the years ended December 31, 2017 and 2016, the trustee of the Plan was Reliance Trust Company, the record-keeper was Newport Group, Inc. and the Plan was managed by CapTrust Investment Advisors. Administrative fees to these service providers qualify as exempt party-in-interest transactions. Administrative fees paid by the Plan to these service providers totaled \$43,493 and \$38,036 for the years ended December 31, 2017 and 2016, respectively. Substantially all other administrative expenses of the Plan were paid by the Company

Notes to Financial Statements  
December 31, 2017 and 2016

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employee contributions.

7. Income Tax Status

The Plan obtained the latest determination dated March 31, 2014, in which the Internal Revenue Service stated that the Pre-approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

Subsequent events have been evaluated through August 23, 2018, which is the date the financial statements were available to be issued.
