Report on the Financial Statements

We have audited the accompanying financial statements of Great Lakes Physician, P.C. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - Schedule of assets (held at end of year) as of December 31, 2017, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of Great Lakes Physician, P.C. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by Great Lakes Physician, P.C. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustee is responsible for oversight of the Plan. The Company's 401(k) Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee.

Eligibility:

Employees of the Company are eligible to participate in the Plan as of January 1st or July 1st after completing one year of service, as defined, and having attained the age of twenty-one years.

Contributions:

Participants may make voluntary pre-tax and after-tax contributions of their eligible compensation, as defined. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

The Company makes matching contributions equal to 50% of participant contributions, up to a maximum of 3% of the participant's eligible compensation, as defined by the Plan. The Company may also make a discretionary profit sharing contribution to the Plan annually to those participants that are employed with the Company on the last day of the Plan year and have 1,000 hours of service during the year. Discretionary contributions to the Plan are allocated to participant accounts based on participant compensation. Discretionary contributions to the Plan amounted to $983,183 and $950,866 for the years ended December 31, 2017 and 2016, respectively.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions, Company matching and discretionary profit sharing contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for loan origination and benefit processing fees, if applicable. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and discretionary profit sharing contribution of their accounts is based on years of credited service, as defined. A participant is 25% vested after two years of credited service and an additional 25% for each year, thereafter, so that they are 100% vested after five years of credited service.

Forfeitures:

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $10,767 and $17, respectively. Forfeitures of nonvested Company contributions are used to pay administrative expenses of the Plan, then if any forfeitures remain, to reduce any Company contributions. In 2017 and 2016, forfeitures of terminated nonvested account balances of $16,351 and $1,997, respectively, were used to pay Plan expenses.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 33.

Notes receivable from participants:

Participants may borrow from their account a minimum of $750 up to a maximum loan equal to the lesser of $50,000 reduced by their highest outstanding loan balance in the preceding year, or 50% of their vested account. A participant may not have more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Loans must be repaid in at least quarterly installments over a maximum term of five years for personal loans and fifteen years for the purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions.

Note 1. Plan Description (Continued)

Administrative expenses:

Certain administrative expenses are paid directly by the Company and are excluded from these financial statements. The Plan pays fees related to the origination of notes receivable from participants and benefit processing fees which are charged directly to the participant's account. The Plan also pays for certain recordkeeping fees. Investment expenses related to fund management are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Transfers:

In 2015, certain employees of Maxim Management Services, LLC (Maxim), a related company, became employees of the Company, and, as a result, these participants' balances were transferred from the Maxim Management Services, LLC 401(k) Profit Sharing Plan (the Maxim Plan) to the Plan in 2016. In 2017, an employee of the Company became an employee of Maxim, and, as a result, this participant's balance was transferred to the Maxim Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Company's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Note 2. Significant Accounting Policies (Continued)

Excess contributions:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan did not have any excess contributions for the years ended December 31, 2017 and 2016.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through October 9, 2018, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 3. Fair Value Measurements (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Mutual funds: Mutual funds, except for money market mutual funds, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Money Market Mutual Funds: Valued at the daily closing price as reported by the fund. Money market mutual funds held by the Plan are open-end mutual funds that are registered with the SEC that generally transact at a stable $1.00 NAV representing its estimated fair value. On a daily basis the fund's NAV is determined by the fund based on the amortized cost of the fund's underlying investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017 and 2016. The classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Note 4. Plan Termination

Although they have not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 5. Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by CCH Incorporated. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status dated March 31, 2014. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 6. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the custodian of the Plan and, therefore, transactions with Fidelity Investments also qualify as party-in-interest transactions. Fidelity Investments receives indirect compensation for custodial services, which is included in net appreciation in fair value of mutual funds, as it is paid through revenue sharing, rather than by a direct payment from the Plan.

The Angell Pension Group, Inc. (Angell) is a consultant of the Plan, Newport Retirement Services, Inc. (Newport) is the recordkeeper of the Plan and Lawley Courier Advisors (Lawley) provide investment advisory services to the Plan, therefore, transactions with Angell, Newport and Lawley also qualify as party-in-interest transactions. Fees paid by the Plan to these entities amounted to $69,693 and $47,933 for the years ended December 31, 2017 and 2016, respectively.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Reconciliation between these Financial Statements and Form 5500

As of December 31, 2017, $723,029 was allocated to the accounts of participants who had elected to withdraw from the Plan but had not yet been paid. The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Form 5500:

	As of December 31, 2017	As of December 31, 2016
