Employees' Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The W.W. Williams Company, LLC Employees' Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fifth Third Bank (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2017 and 2016 that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at end of year as of December 31, 2017 and reportable transactions for the year ended December 31, 2017 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

To the Plan Administrator
The W.W. Williams Company, LLC
Employees' Pension Plan

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of The W.W. Williams Company, LLC Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan covering all full-time employees of The W.W. Williams Company, LLC (the "Company") hired prior to December 31, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2000, participation in the Plan was frozen. Effective December 31, 2003, benefits under the Plan were frozen. No additional participants will be enrolled in the Plan, and no additional benefits will be accrued. The Plan was amended and restated effective January 1, 2016; however, there were no significant changes to the Plan.

Plan Operations

Under a trust agreement, Fifth Third Bank (the "Trustee") was appointed trustee of the Plan. In accordance with the powers and duties of the Trustee, as designated by the Company, the Trustee administers the Plan in accordance with the orders of the plan committee and invests the Plan's assets and the income thereof, as directed by the Plan's investment manager. Certain administrative fees incurred in administering the Plan are paid from the assets of the Plan.

Pension Benefits

The Plan provides for payments for normal retirement, early retirement, disability retirement, vesting, and death benefits to its participants. Normal retirement benefits commence on the first day of the month coinciding with the following of the 65th birthday. Participants may elect to retire early following the attainment of age 55.

The normal retirement pension for employees is a monthly life annuity equal to the following: 0.65 percent of average monthly compensation times years of service (up to 40), plus 0.65 percent of average monthly compensation in excess of one-twelfth of Social Security covered compensation in effect on the last day of the calendar year in which the participant reaches his Social Security retirement age times years of service (up to 35).

For purposes of this section, average compensation means a participant's average monthly compensation earned for the five consecutive calendar years that produce the highest monthly average. If a participant has fewer than five calendar years of employment, average compensation will be based on the date of employment until date of termination. Participants who have not attained age 55 as of January 1, 2000 shall have their average monthly compensation computed by using the 10 consecutive calendar years that produce the highest monthly average. In no event will the accrued benefit calculated after December 31, 1999 ever be less than the accrued benefit at that date for an eligible employee. No compensation or years of service earned after December 31, 2003 will be used for purposes of determining a participant's average monthly compensation. However, the accrued benefit of any active employee on December 31, 2003 will not be less than \$1,575 per year.

After attaining age 55 and accumulating 10 years of service credit, the participant is entitled to a monthly pension commencing at his or her early retirement date equal to his or her accrued monthly pension reduced by 1/180 for each of the first 60 months and 1/360 for each of the next 60 months by which his or her early retirement date precedes his or her normal retirement date.

If a participant works beyond his or her normal retirement date, he or she will be entitled to a monthly pension commencing at his or her late retirement date equal to the greater of (1) the actuarial equivalent of his or her normal retirement benefit or (2) his or her monthly benefit determined using his or her years of service and wages to his or her late retirement date.

December 31, 2017 and 2016

Note 1 - Plan Description (Continued)

If a participant becomes totally and permanently disabled, he or she will be entitled to a monthly pension commencing once other disability benefits discontinue equal to the actuarial value of his accrued monthly pension using his or her credited service and average monthly compensation to date of disablement or December 31, 2003, if earlier.

If a participant terminates employment for reasons other than retirement, disability, or death after completing five years of service, he or she will be entitled to a monthly pension commencing at his or her normal retirement date equal to his or her accrued monthly pension.

If a participant dies prior to retirement, the surviving spouse will be entitled to the annuity that would have received had the participant retired when first eligible for early retirement (or immediately if already eligible for early retirement) and not waived out of the joint and 50 percent survivor form of benefit. In 2011, the death benefit for terminated vested participants was changed from the present value of the participant's accrued benefit to a 50 percent joint and survivor annuity payable at the participant's age 65 date.

Funding

Contributions are made by the Company in actuarially determined amounts. The Company's policy is to make contributions necessary to satisfy ERISA funding standards. Annual contributions meet the minimum funding requirements of ERISA.

Administration

The Company is the sponsor of the Plan. The administrative committee, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Fifth Third Bank functions as trustee and investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

All investments are valued based on quoted market prices. See Note 7 for additional information.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company. Administrative expenses directly related to the investments of the Plan are paid by the Plan, except to the extent paid directly by the Company.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. These include benefits expected to be paid to:

- (a) Retired or terminated employees or their beneficiaries
- (b) Beneficiaries of employees who have died
- (c) Present employees or their beneficiaries

December 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefits are calculated based on active employees' credited years of service multiplied by a specified percentage of their average monthly compensation plus a specified percentage of their average monthly compensation in excess of the Social Security integration level.

Actuarial Assumptions

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and probability of payment between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation of the Plan at January 1, 2017 are summarized as follows:

Actuarial cost method	Standard unit credit cost method
Assumed rate of return	5.0 percent per annum
Mortality basis	RP-2014 Healthy Employee and Annuitant tables projected generationally from 2006 with mortality improvement Scale MP-2017
Retirement scale	Various rates beginning at age 60 at 10 percent up through age 67+ at 100 percent

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

Contributions to the Plan and the plan benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 24, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fifth Third Bank (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, supplemental schedule of assets held at end of year, and supplemental schedule of reportable transactions are based solely on information certified by the Trustee.

The W.W. Williams Company, LLC Employees' Pension Plan

Notes to Financial Statements

December 31, 2017 and 2016

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by consulting actuaries. The calculation of the accumulated plan benefits attributable to participants in the Plan, which was made as of January 1, 2017, the most recent actuarial valuation is as follows:

Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Active and terminated vested participants	\$ 11,455,383
Retired participants and beneficiaries	17,617,654
	<hr/>
Total actuarial present value of accumulated plan benefits	\$ 29,073,037
	<hr/>

A summary of significant changes in the actuarial present value of accumulated plan benefits during the year ended December 31, 2017 is as follows:

Actuarial present value of accumulated plan benefits - Beginning of year	\$ 25,665,214
Increase (decrease) during the year attributable to:	
Interest due to the decrease in the discount period	1,610,348
Benefits earned and other changes	141,373
Changes in actuarial assumptions	3,465,865
Benefits paid	(1,809,763)
	<hr/>
Actuarial present value of accumulated plan benefits - End of year	\$ 29,073,037
	<hr/>

The change in actuarial assumptions is primarily attributed to a change in the discount rate from 6.5 percent to 5.0 percent and a change in the mortality improvement projection assumption from Scale MP-2015 to Scale MP-2017.

Note 6 - Plan Termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Notes to Financial Statements

December 31, 2017 and 2016

Note 7 - Fair Value Measurements (Continued)

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

pension using his credited service and average monthly compensation to date of disablement, or December 31, 2003, if earlier.

Normal Form of Payment

A monthly pension for life.

Vesting

If a participant terminates employment for reasons other than retirement, disability or death he will be entitled to a monthly pension commencing at his normal retirement date equal to a percentage of his accrued monthly pension as shown in the following table:

Years of Service	Vested Percent
0–4	0%
5 or more	100%

Death Benefit

Starting January 1, 2011, if an active participant dies prior to retirement his surviving beneficiary will be entitled to the annuity she would have received had the participant retired when first eligible for early retirement (or immediately if already eligible for early retirement) and elected the joint and 100% survivor form of benefit. If a terminated vested participant dies prior to retirement, the surviving spouse will receive the survivor portion of a 50% joint and survivor annuity at the participant normal retirement date.

Great Lakes Diesel Benefits

For any participant who had been a participant in the Great Lakes Diesel Co. Retirement Plan on March 31, 1981, benefit accruals under that plan will be added to those earned in The W.W. Williams Company Employee's Pension Plan after date.

Plan Changes Since the Prior Year

The funding, financial accounting, and plan reporting valuations do not reflect any plan changes.
