Note 1. Description of the Plan

The following description of the Aaronson Rappaport Feinstein & Deutsch, LLP 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering eligible employees directly employed by Aaronson Rappaport Feinstein & Deutsch, LLP (the "employer"). Employees are eligible to participate upon completion of one month of service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trust Fund
A trust fund has been established by the execution of a trust agreement with a trustee, and is maintained for the purpose of this Plan. The assets of the trust are held, invested and disposed of by the trustee, in accordance with the terms of the trust agreement, for the benefit of the participants and their beneficiaries.

Contributions
Each year, participants may contribute up to 50% of their pre-tax annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts from other qualified defined contribution plans.

The Plan also provides the option for Roth 401(k) contributions. Under this option, a participant pays the federal and state income taxes on the amount contributed at the time of contribution. Any earnings on Roth 401(k) contributions are not taxed as long as the participant's distribution is a qualified distribution.

Vesting
Participants are vested immediately in their contributions plus actual earnings thereon.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balances.

Note 1. Description of the Plan – continued

Payment of Benefits
Vested account balances are payable upon retirement, death or disability, or termination of service. In-service distributions are permitted upon meeting certain requirements as defined by the Plan.

Plan Operating Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the employer. Expenses that are paid by the employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other participant requested services fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Termination
Although it has not expressed any intent to do so, the employer has the right to terminate the Plan at any time subject to the provisions of ERISA.

Notes Receivable from Participants
Participants may borrow from their accounts. The maximum loan amount is the lesser of $50,000 or 50% of the participant's vested account balance. Notes receivable from participants are secured by the balance in the participant's account and bear an interest rate equivalent to that charged by major financial institutions in the community for comparable loans at the time the loan is made as determined by the Plan Administrator. Notes receivable from participants as of December 31, 2017 and 2016 bear interest rates ranging from 4.25% to 5.25%.

Investment Options
Participants may direct their contributions into the following investment options:

a) Money market fund
b) Fidelity mutual funds
c) Non-Fidelity mutual funds

Participants may change their investment options at any time.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, which is determined using various methods described more fully in Note 8. Generally, fair value represents the price that would be received to sell an asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants after March 15, 2018, and 10% excise tax on late distributions was paid by the employer.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Note 3. Tax Status

The Plan adopted a volume-submitter plan sponsored by Fidelity Management & Research Company. The volume-submitter plan received an opinion letter dated March 31, 2014 from the IRS, stating the volume-submitter plan, as then designed, meets the requirements of the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	December 31,	
	2017	2016
Investments, at fair value:		
Money market fund	$ 640,376	$ 555,114
Mutual funds	17,680,370	14,736,973
Total investments	$ 18,320,746	$ 15,292,087

	2017
Investment income	
Net appreciation in fair value of investments	$ 1,633,857
Dividends and interest	937,093
Total investment income	$ 2,570,950

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6. Plan Amendment

Effective September 1, 2017, the Plan's cost of administration provision was amended. Amounts a service provider agrees to credit to the Plan in recognition of the service provider's compensation for Plan services will be allocated to a suspense account from which the Plan Administrator may pay the Plan expenses and/or allocate amounts to participants and beneficiaries' accounts pro rata based on their account balances excluding amounts invested in a loan.

Note 7. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds issued and managed by Fidelity Investments.

Fidelity Workplace Services LLC is the record keeper of the Plan.

Fidelity Management Trust Company is the trustee of the Plan.

Fidelity Workplace Services LLC and Fidelity Management Trust Company are subsidiaries of Fidelity Investments.

Note 8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Note 8. Fair Value Measurements – continued

The three levels of the fair value hierarchy are described as follows:

Level 1 Valuations based on unadjusted quoted prices available in active markets for identical investments.

Level 2 Valuations based on:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual and money market funds are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net assets value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

There have been no changes in the methodologies used at December 31, 2017 and 2016.

Note 8. Fair Value Measurements – continued
