Notes to Financial Statements

December 31, 2017 and 2016

Note 1: Description of the Plan

The following description of the Rineco Chemical Industries, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan sponsored by Rineco Chemical Industries, Inc. (Company) for the benefit of its employees who have at least six months of service and are age 21 or older. Effective February 28, 2017, the Plan was amended to remove Erwin-Keith, Inc. as a related employer. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). John Hancock Life Insurance Company (John Hancock) serves as the custodian and Pension Plan Administration (PPA) is the recordkeeper. Members of management serve as the Plan Trustees.

Contributions

The Plan permits eligible employees through a salary deferral election to make annual contributions of up to 100% of eligible compensation up to the amount allowed by law. Employee rollover and Roth contributions are also permitted. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may make discretionary matching contributions of 50% of participants' salary deferral amounts on the first 2% of participants' eligible compensation, for participants who have at least one year of service. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in their own contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is fully vested after six years of credited service receiving 20% each year beginning at year two year of credited service. The unvested balance is forfeited upon termination of service.

Rineco Chemical Industries, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2017 and 2016

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$6,231 and \$2,753, respectively. These accounts may be used to pay Plan expenses, or allocated to eligible participants. During 2017 and 2016, \$1,683 and \$2,545 of forfeitures were reallocated to participants.

Payment of Benefits

Upon termination of service, participants will receive either a lump-sum or a partial cash distribution. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. Participants can have two loans outstanding. All loans repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans are set at the prime rate plus 1%.

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Rineco Chemical Industries, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2017 and 2016

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices are used to value investments. Pooled separate accounts are valued at the net asset value based on the market values of the underlying assets as provided by John Hancock Life Insurance Company. These investments may be redeemed daily and have no unfunded commitments. The fair value of guaranteed interest accounts are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The Plan does not hold any fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Tax Status

The Plan obtained its latest determination letter on September 27, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Reclassifications

Certain reclassifications have been made to the 2016 financial statement to conform to the 2017 financial statement presentation. These reclassifications had no effect on changes in net assets available for benefits.

Rineco Chemical Industries, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2017 and 2016

Note 3: Certification of Plan Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate, to the best of their knowledge:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2017 and 2016
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016
- Investment information and participant loans included in the accompanying schedule of assets (held at year end) as of December 31, 2017

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Rineco Chemical Industries, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2017 and 2016

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2017 and 2016:

	Fair Value	Fair Value Measurements Using		
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Guaranteed interest account	\$ 35,543	\$ -	\$ 35,543	\$ -
Total assets in the fair value hierarchy	35,543	\$ -	\$ 35,543	\$ -
Investments measures at net asset value (A)	5,833,097			
Investments at fair value	\$ 5,868,640			

	Fair Value	Fair Value Measurements Using		
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2016				
Guaranteed interest account	\$ 24,029	\$ -	\$ 24,029	\$ -
Total assets in the fair value hierarchy	24,029	\$ -	\$ 24,029	\$ -
Investments measures at net asset value (A)	5,965,384			
Investments at fair value	\$ 5,989,413			

- (A) In accordance with Subtopic 820-10, certain investments that were measures at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Rineco Chemical Industries, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2017 and 2016

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 5: Excess Contributions Refundable

The financial statements reflect a liability, with a corresponding reduction to contributions, for excess contributions of \$30,837 and \$63,942, for the years ended December 31, 2017 and 2016, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service. Contributions were refunded to the applicable participants before March 15, 2018 and 2017, respectively.

Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in various funds related to the Plan custodian. The Plan paid administrative fees of \$2,228 and \$3,193 to John Hancock during 2017 and 2016, respectively. In addition, the Plan paid \$10,606 and \$7,374 of recordkeeping fees to PPA during 2017 and 2016, respectively. During 2017 and 2016, the Plan received \$5,932 and \$3,716 of revenue sharing income, which was used to offset administrative expenses. The Company provides certain administrative services at no cost to the Plan.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Subsequent Events

Effective January 1, 2018, the maximum number of loans a participant can have outstanding will be one.

Effective March 1, 2018, Nyhart became the recordkeeper of the Plan and Charles Schwab Bank now serves as the Plan's custodian.

Rineco Chemical Industries, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016

Plan assets transferred to Charles Schwab Bank on March 6, 2018. The conversion initiated a blackout period beginning February 23, 2018 and continued through March 19, 2018. During this period, employees were unable to direct or diversify the assets held in their accounts until Fidelity had time to accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions and the contributions were deposited and held in a fixed fund until the completion of the blackout period. At the end of the blackout period, these funds were transferred to Charles Schwab Bank and invested in funds as requested by each participant.

Effective April 1, 2018, the Plan was also amended to change the eligibility for the Company matching contributions to be six months of service versus one year of service.

Subsequent events have been evaluated through September 27, 2018, which is the date the financial statements were available to be issued.
