Notes to Financial Statements

December 31, 2017 and 2016

Note 1 - Description of plan

General

This description of the Burdick Painting, Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Burdick Painting, Inc. (the "Company", “Plan Administrator”, and "Plan Sponsor") has adopted a prototype non-standardized profit sharing 401(k) plan (the "Plan") covering all eligible employees of the Company who have completed six months of service.

Administration

The Plan Sponsor has appointed the Company’s Controller and several members of management as limited trustees to manage the operations and administration of the Plan. The Company has contracted with Mid Atlantic Trust Company (“Mid Atlantic”) as the trustee and custodian of the Plan’s assets held in mutual funds and money market. The Company also contracted with Fidelity Investments (“Fidelity”) to act as the custodian of the Plan’s assets held in self-directed brokerage accounts. Paychex, Inc. (“Paychex”) acts as the third-party administrator to process and maintain the records of participant data and monitor compliance with governmental regulatory requirements.

Contributions

Each year, participants may elect to defer up to 100% of their annual gross compensation as defined in the Plan document. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan document also permits Roth 401(k) contributions into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company is allowed to make discretionary matching and profit sharing contributions as defined in the Plan document. There were no employer discretionary matching or profit sharing contributions for the years ended December 31, 2017 and 2016. All contributions are subject to certain IRS limitations.

Participant accounts

Each participant’s account is credited with the participant’s contributions, Plan Sponsor discretionary matching and profit sharing contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Note 1 - Description of plan (continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the employer discretionary matching and profit sharing contribution portion of their accounts is based on years of continuous service using a six-year graded vesting schedule. Employees become 100% vested in the employer portion of their accounts when they reach retirement age, die, or become disabled while employed with the Company, as defined in the Plan document.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of the following: (i) $50,000, (ii) 95% of one-half the vested account balance, or (iii) 95% of the total vested account balance excluding the Roth Elective Deferral balance. The loans are secured by the balance in the participant's account and bear interest at prime plus 1%. The interest rates for outstanding loans ranged from 4.25% to 5.25% as of December 31, 2017. Loan terms range up to five years or may not exceed 30 years for the purchase of a primary residence. A participant may only have one loan outstanding at any given time. Principal and interest are paid ratably through weekly payroll deductions.

Payment of benefits

Upon reaching the age of 59½ years and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is $5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. Vested balances of $1,000 or less will be distributed as a lump-sum amount without the participant's consent.

Forfeited accounts

Forfeited non-vested employer discretionary matching and profit sharing contribution accounts can be used to reduce employer contributions. At December 31, 2017 and 2016, the amount of forfeited non-vested accounts was insignificant to the financial statements.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Note 2 - Summary of accounting policies (continued)

Use of estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. Significant estimates used in preparing these financial statements include the fair value of investments in mutual funds and self-directed brokerage accounts.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's limited trustees determine the Plan's valuation policies utilizing information provided by the investment advisor and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Loan initiation fees are netted against participant's loan proceeds at distribution. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees paid to the investment managers and recordkeeper for investment management, advisory services and administration of participants' accounts are charged against participant accounts pro-rata based on account balance and are reflected in administrative expenses of $13,343 and $4,886, respectively, for the years ended December 31, 2017 and 2016.

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through September 28, 2018, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

Certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest, and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Mid Atlantic, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments of $61,280 held in self-directed brokerage accounts at Fidelity were not certified.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments in mutual funds, the Federated US Treasury Cash Reserves fund, and self-directed brokerage accounts are valued at quoted prices in active exchanges. Self-directed brokerage accounts consist of mutual funds that are valued on the basis of readily determinable market prices.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair value measurements (continued)

No assets were noted at Levels 2 and 3 as of December 31, 2017 and 2016. There have been no changes in the methodologies used at December 31, 2017 and 2016.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total

Note 5 - Rollover contributions

There were no rollover contributions for the years ended December 31, 2017 and 2016.

Note 6 - Related party transactions and party-in-interest transactions

The Plan Sponsor has contracted with Paychex, a third-party administrator, who processes and maintains the records of participant data and monitors compliance with governmental regulatory requirements. The Plan Sponsor contracts with Mid Atlantic as the trustee and custodian of certain Plan investments. The Plan Sponsor also contracts with Fidelity as custodian of Plan investments in self-directed brokerage accounts. In addition, the Plan Sponsor contracts with an independent investment advisor to monitor investment performance. Refer to Note 2 - *Expenses* for expenses of the Plan paid by the Plan Sponsor and plan participants to these parties-in-interest. All these transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 - Tax status

The Internal Revenue Service has informed the third-party administrator by letter dated April 10, 2014 that the Prototype Non-Standardized Profit Sharing 401(k) Plan adopted by the Plan Sponsor is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the opinion letter. However, the Plan's third-party administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date and subsequent to year-end.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress for any tax periods.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Company intends to enter into the DOL Voluntary Fiduciary Correction Program (VFCP) and reimburse the Plan for lost investment earnings of approximately $150.
