The Plan is a defined contribution plan covering all eligible employees of SG360 (the "Company") who have completed at least three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants can contribute a portion of their compensation as a pretax or post-tax contribution to the Plan, up to the maximum allowed under the Plan and the Internal Revenue Code. Eligible employees are automatically enrolled into the Plan with an employee deferral contribution rate of 3 percent of the employee's eligible compensation, unless the employee elects a different deferral rate or affirmatively elects not to participate in the Plan. This deferral rate increases 1 percent annually up to a deferral rate of 10 percent of eligible compensation, unless an election is made to decline participation or an alternate deferral rate is elected. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of rollover of funds from another qualified plan.

The Plan Sponsor's employee stock ownership plan was terminated effective December 7, 2016 and liquidated in 2017. Rollover contributions of approximately $32,000,000 were made from the terminated plan to the SG360 Savings Plan during 2017.

The Plan provides for employer discretionary matching contribution and discretionary profit-sharing contributions for all eligible employees, including those covered under a collective bargaining agreement (union employees). The Company's discretionary matching contributions are allocated as of the last day of the plan year and are based on a percentage of participant contributions and total compensation for all eligible participants. The allocation of any discretionary profit-sharing contribution is based on a percentage of a participant's eligible compensation. During 2017, the Company elected to make a discretionary matching contribution on 50 percent up to the first 2 percent of employees' deferrals (or up to 1 percent of eligible compensation) for union employees. Additionally, the Company elected to make a discretionary matching contribution on 2 percent of eligible compensation for union employees. During 2017, the Company elected to make a discretionary matching contribution on 50 percent up to the first 6 percent of employee deferrals (or up to 3 percent of eligible compensation) for nonunion employees. There were no discretionary profit-sharing contributions made in 2017.

During 2017, the Company remitted the late employee deferrals and lost earnings to the Plan related to the 2015 plan year in the amount of $17,112.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, and an allocation of any additional discretionary contributions and plan earnings (or losses) and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately fully vested in participant contributions, any profit-sharing contributions, and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the employer discretionary matching contributions becomes 20 percent vested after two years of service and continues to vest at the rate of 20 percent for each successive year until 100 percent vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Effective April 1, 2018, the Plan was amended to provide for 100 percent vesting of the employer discretionary matching contributions upon completion of three years of service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to 50 percent of their vested account balances, not to exceed $50,000. The notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined periodically by the plan administrator. The notes receivable must be repaid within five years unless the purpose is for a primary residence. Principal and interest are paid ratably through regular payroll deductions.

Benefit Payments

Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. In-service withdrawals are also permitted for participants over the age of 59½, as well as from rollover funds at any time.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to pay administrative expenses of the Plan or to reduce future company contributions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Voya Retirement Insurance and Annuity Company (Voya) or its affiliates. Voya is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value, except as noted below. The fully benefit-responsive investment contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Note 2 - Summary of Significant Accounting Policies (Continued)

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 14, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Voya Retirement Insurance and Annuity Company (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) dated September 1, 2014 indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Net Asset Value Investments

Restatement

During 2017, it was determined that the classification of the Plan's investments at fair value is pooled separate accounts valued at net asset value and, as a result, should be excluded from the fair value hierarchy. Previously, the investments were classified as Level 1 mutual funds. Accordingly, the 2016 investments classification has been restated to reflect this change.

Note 5 - Net Asset Value Investments (Continued)

Pooled separate account investments measured at net asset value (NAV) at December 31, 2017 and 2016 were as follows:

	2017	2016 (As Restated)
Equity investments (1)	$ 17,980,012	$ 9,852,932
Fixed-income investments (2)	3,023,560	1,180,393
Balanced investments (3)	5,010,877	3,112,288
Retirement year-based investments (3)	31,683,543	11,419,780
Total investments at fair value	$ 57,697,992	$ 25,565,393

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.

(2) This class represents investments, in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

There were no unfunded commitments or redemption restrictions on the investments described above.

Note 6 - Investment Contracts

The Plan has a benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.00 percent. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the insurance company. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to quality for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is not probable.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the insurance contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 7 - Corrective Contributions

The Plan Sponsor failed to allow eligible leased employees who met eligibility requirements to make contributions to the Plan from 2011 through 2017. The Plan Sponsor has received an acceptance letter from the IRS to make a corrective contribution for 2011 through 2015 totaling $418,363 through the IRS Voluntary Correction Program. The 2011 through 2015 corrective contribution was made on October 13, 2017. The Plan Sponsor funded the 2016 corrective contribution of $71,022 in 2017. The Plan Sponsor intends to fund the 2017 corrective contribution of $194,263 in 2018. Corrective contributions totaling $194,263 and $489,385 have been included in employer contributions receivable for the years ended December 31, 2017 and 2016, respectively.

Note 8 - Subsequent Events

Subsequent to year end, Data Service Solutions, Inc. 401K Profit Sharing Plan Trust was merged into the Plan as part of a recent acquisition. Accordingly, assets of approximately $1,200,000 were transferred into the Plan during February 2018.
