Notes to the Financial Statements

December 31, 2017 and 2016

(1) Description of plan

The following description of the Standard Functional Foods Group, LLC 401(k) Plan (the "Plan") (formerly known as the "Standard Candy Company, Inc. 401(k) and Employee Stock Ownership Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established to provide retirement benefits for eligible employees of Standard Candy Company, Inc. (the "Plan Sponsor"). The Plan covers substantially all employees who are age eighteen years of age or older ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On November 27, 2017, the Plan Sponsor was acquired by Hearthside Food Solutions, LLC. Pursuant to the terms of the Securities Purchase Agreement associated with the acquisition, the ESOP portion of the Standard Candy Company, Inc. 401(k) and Employee Stock Ownership Plan was spun off as a separate plan and trust, deleting all provisions related to the ESOP portion from the Plan, and transferring the sponsorship of the separate ESOP to Standard Candy Holdings, LLC. Accordingly, the 31,936 shares of Plan Sponsor common stock held in the Plan were redeemed and transferred out of the Plan. Effective November 27, 2017, the Plan was amended and restated to reflect the remaining provisions of the Plan that comprise a 401(k) Plan.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, employees must make a minimum contribution of 1% of compensation.

The Plan Sponsor will match an amount equal to 100% of the amount of each participant's contributions that do not exceed 3% of the participant's compensation for the plan year, plus 50% of the amount of the participant's contributions that exceed 3% of the participant's compensation but that does not exceed 5% of the participant's compensation. The Plan Sponsor may also elect to make additional discretionary 401(k), as well as ESOP contributions. No additional discretionary 401(k) or ESOP contributions were made by the Plan Sponsor during 2017 or 2016.

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

Notes to the Financial Statements

December 31, 2017 and 2016

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings (losses), allocated forfeitures, and administrative expenses. Allocations are based on a participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balances.

(d) Vesting

Participants are immediately vested in their elective salary deferrals, the Plan Sponsor's 401(k) matching contributions plus actual earnings (losses) thereon, and the ESOP portion of the participant accounts plus actual earnings (losses) thereon. Participants are 20% vested in the Plan Sponsor's discretionary contributions after two years of service, with the vesting increasing an additional 20% each year thereafter, until the participant is 100% vested after six years of credited service.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balances. The loans are secured by the balances in the respective participants' accounts and bear interest at fixed rates ranging from 4.25% to 5.25% as of December 31, 2017, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account balance. On termination of service due to other reasons, a participant may only receive a distribution equal to his or her vested account balance. If the vested balance in the participant's account is \$1,000 or less and has never exceeded \$1,000, a lump-sum distribution will automatically be made without the participant's written consent. Distributions of the participant's ESOP account will be made ratably over three years, beginning one year after the participant's break in service.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Participants are not eligible to make contributions to the Plan for six months after taking a hardship withdrawal.

Notes to the Financial Statements

(h) Voting rights on ESOP shares

The Chief Executive Officer of the Plan Sponsor is entitled to exercise voting rights attributable to the shares of Plan Sponsor common stock allocated to participant accounts and is notified by the custodian prior to the time such rights are to be exercised.

(i) Administrative expenses

All administrative expenses may be paid out of the Plan unless paid by the Plan Sponsor. Fees related to the administration of notes receivable from participants are charged directly to those participants' accounts. Certain fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments as they are paid through revenue sharing rather than a direct payment.

(j) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Notes to the Financial Statements

December 31, 2017 and 2016

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein, and disclosure of contingent net assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after the reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2017 and September 28, 2018, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including the fair value of the pooled separate accounts and common/collective trust funds held at December 31, 2017 and 2016, was obtained and derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company ("John Hancock"). Net appreciation in fair value of investments, interest income from notes receivable from participants, and dividend income was certified by John Hancock for the years ended December 31, 2017 and 2016.

The Standard Candy Company, Inc. common stock investment as of December 31, 2016, and related investment activity for the years ended December 31, 2017 and 2016, were excluded from the certifications. A third-party stock valuation report dated May 5, 2017 was used to appraise the common stock value at December 31, 2016.

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**STANDARD FUNCTIONAL FOODS GROUP, LLC 401(K)
PLAN**

Notes to the Financial Statements

December 31, 2017 and 2016

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

- (i) *Plan Sponsor common stock:* Valued at the independently appraised value, which is based on the price at which Plan Sponsor property would change hands between a hypothetical buyer and seller, acting at arm's length.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Plan Sponsor common stock	\$ -	\$ -	\$ <u>1,162,470</u>	\$ 1,162,470
Investments measured at net asset value as a practical expedient (a)				<u>9,506,460</u>
Investments at fair value				\$ <u>10,668,930</u>

Notes to the Financial Statements

December 31, 2017 and 2016

- (a) Certain investments are measured at net asset value ("NAV") as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table provides a summary of changes in fair value of the Plan's Level 3 assets for the years ended December 31, 2017 and 2016:

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)
	Plan Sponsor Common Stock
Balance at December 31, 2015	\$ 990,016
Unrealized gains relating to instruments still held at the reporting date	<u>172,454</u>
Balance at December 31, 2016	1,162,470
Redemption of common stock (see Note 1(a))	<u>(1,162,470)</u>
Balance at December 31, 2017	\$ <u>-</u>

The following table summarizes investments for which the fair value is measured using NAV as a practical expedient as of December 31, 2017 and 2016, respectively.

<u>Description</u>	<u>Fair Value 12/31/2017</u>	<u>Fair Value 12/31/2016</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

Common/collective trust fund	\$ 347,399	\$ 386,302	N/A	Daily	None

The Plan holds various pooled separate accounts that are not direct filing entities. These pooled separate accounts have investment strategies that include: various target date and lifestyle funds, international and sector funds, equity, index, and income funds.

(5) Nonparticipant-directed investments

Information about the net assets and significant components of the changes in net assets relating to the non-participant directed investments is as follows:

	<u>2017</u>	<u>2016</u>
Net assets:		
Standard Candy Company, Inc. common stock	\$ -	\$ 1,162,470
	<u>\$ -</u>	<u>\$ 1,162,470</u>
Changes in net assets:		
Net appreciation in fair value of investments determined by independent appraisal	\$ -	\$ 172,454
Gain on redemption of common stock	<u>1,424,346</u>	<u>-</u>
	<u>\$ 1,424,346</u>	<u>\$ 172,454</u>

(6) Income tax status

The Plan obtained a favorable determination letter on August 3, 2017, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been restated since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related party transactions

Certain plan investments are shares of funds managed by John Hancock and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid administrative expenses to various service providers which also qualify as party-in-interest transactions.

The Plan's investment in the Plan Sponsor's common stock qualifies as party-in-interest transactions. The Plan also holds notes receivable from participants and these transactions qualify as party-in-interest transactions.

(8) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
