Report of Independent Auditors

Plan Administrator
United Electric Power 401(k) Plan
New Hyde Park, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of United Electric Power 401(k) Plan, (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Voya Retirement Insurance and Annuity Company, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certification from the Trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the United Electric Power 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan as amended and restated, is a participant-directed defined contribution plan covering all employees of Power-Flo Technologies Inc. and its affiliates (collectively referred to as the "Company," "Employer" or "Plan Sponsor") who have completed at least six months of service and have reached 21 years of age, except for members of a collective bargaining unit, leased employees and non-resident aliens. The Plan provides eligible employees with a means to save for retirement. It also provides certain benefits in the event of death, disability, or other termination of employment. Voya Retirement Insurance and Annuity Company ("Voya" or the "Trustee") is the Plan's Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfer to the Plan

On June 14, 2016, the Dittman and Greer, Inc. Profit Sharing Plan was merged into the Plan, and the Plan was amended to reflect this merger.

Contributions

Each year, participants may contribute to the Plan up to 100% of compensation on a pre-tax basis, with dollar limits established by the Internal Revenue Code ("IRC"). Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also elect to make Roth contributions, on an "after tax" basis, to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations. The Plan provides for discretionary employer matching contributions for all eligible participants. For 2017, the employer matching was 2% of eligible compensation. The Company made a matching contribution in the amount of $100,504 for the year ended December 31, 2017. Additionally, the Company may make discretionary profit sharing contributions. For 2017, there were no discretionary profit sharing contributions made.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of (i) employer's 401(k) matching contributions and (ii) the participant's share of earnings or losses on contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer's matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in employer contributions and earnings thereon after six years of credited service.

Years of Service	Vesting %
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Investment Options

Participants direct the investment of their contributions in 1% increments, into various investment options offered by the Plan. Participants may change their contribution investment options daily and may transfer part or all of past investments to other investment options daily. Participants may also elect to change their percentage daily.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested interest of the participant in the Plan. A participant may have no more than one loan outstanding at any time. All loans are required to be repaid within five (5) years from the date of the loan or up to ten (10) years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and, unless otherwise determined by the plan administrator, bear interest at a fixed rate using the prevailing prime rate plus 1% that is set at the date of the loan. Principal and interest is paid ratably through weekly payroll deductions. Loans mature through September 2022 with interest rates ranging from 4.50% to 5.25%.

Self-Directed Brokerage Accounts

Participants can choose to invest a portion of their accounts in investments outside of the Plan's fund lineup. Self-directed brokerage accounts are segregated accounts within the trust fund and are treated for investment purposes as an investment of the account of the participant who has the self-directed brokerage account. Special contribution, loan, distribution, withdrawal and fee allocation rules apply.

1. Description of the Plan (Continued)

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements as defined by the Plan, the participant's account will be reinstated. Unused forfeitures may be used to reduce administrative costs of the Plan. Any remaining amounts may then be used to reduce future employer matching contributions.

Hardship and In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested interest (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. Participants may not make elective deferrals for six (6) months after receiving a hardship distribution. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded in the calendar quarter following the calendar quarter during which the loan was defaulted.

Payments of Benefits

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. As of December 31, 2017, all employees who elected to withdraw from the Plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Substantially all administrative expenses are paid by the Plan Sponsor. The Plan Sponsor is under no obligation to pay such expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments are held by the Trustee. The Plan's investments, except as discussed below, are stated at fair value. Pooled separate accounts are valued at quoted market prices, which represent the net asset value ("NAV") of shares held by the Plan at year end.

The Voya Fixed Account consists primarily of traditional guaranteed investment contracts ("GICs").

The Fidelity Advisors Stable Value Fund consists primarily of guaranteed investment contracts ("GICs") and synthetic GICs. This investment is held as part of the balance of self-directed brokerage accounts during 2016.

Certain events limit the ability of the Plan to transact with the issuer at contract value. These events include, but are not limited to, partial or complete legal termination of the Trust or a unit holder, tax disqualification of the Trust or unit holder, and certain Trust amendments if the issuer's consent is not obtained. As of December 31, 2017, the occurrence of an event outside the normal operation of the Trust that would cause a withdrawal from an investment contract is not considered to be probable.

In general, issuers may terminate the contract and settle at other than contract value if there is a change in the qualification status of a participant, Employer, or Plan; a breach of material obligations under the contract and misrepresentation by the contract holder; or failure of the underlying portfolio to conform to the pre-established investment guidelines.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as components of net appreciation or decline in fair market value of investments for such investments.

2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities including self-directed brokerage accounts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Recent Accounting Pronouncements

In January 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities,* which makes targeted improvements in the recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted for fiscal years beginning after December 15, 2017. The Plan does not expect this new guidance to have a material impact on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available for issuance, October 10, 2018.

3. Investment Contract with Insurance Company

The Plan maintains one GIC related investment option, the Voya Fixed Account. The contract underlying this investment option is considered to be fully benefit responsive in accordance with ASC Topic 962. As of December 31, 2017 and 2016, the contract value of the investment in the Fixed Account was $757,082 and $701,953, respectively.

Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

3. Investment Contract with Insurance Company (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Voya, issuer of the GIC, has the option to payout the current value of the contract only after completion of five contract years.

The variable funds are pooled separate accounts that invest directly in designated mutual funds or, in some cases, collective investment trusts. The separate account owns and holds the underlying mutual fund or collective trust shares which are valued daily at their NAV's. Plans and participants hold "units of participation" in the separate account. The "accumulation unit value" ("AUV") is the value of each unit in the separate account and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically the beginning AUV is $10.00) and is then determined daily based on the NAV of the shares of the underlying fund, the fund's dividends and the contract's separate account charges.

4. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments (excluding the self-directed brokerage account) reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016;
- Net appreciation in the fair value of the investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2017;
- Investments reflected on the schedule of assets (held at end of year).

5. Fair Value Measurements

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued at the net asset value of shares or units held by the Plan.

Guaranteed investment contracts: The guaranteed investment contracts are reported based upon observable inputs, including the Plan's assumptions as to what market participants would use in pricing such instruments.

Self-directed brokerage account: Valued at quoted market prices for the securities held in this account.

5. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

As of December 31, 2017:	
Investments measured at NAV practical expedient	$ 5,548,002
Investments at fair value	$ 5,548,002
As of December 31, 2016:	
Investments measured at NAV practical expedient	$ 4,710,281
Investments at fair value	$ 4,710,281

The following table sets forth additional disclosures for the fair value measurements of investments in certain entities that calculate NAV per share (or its equivalent):

As of December 31, 2017:

	Fair Value	2017 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type				
Pooled separate accounts	$ 5,548,002	$ -	Daily	Daily

As of December 31, 2016:

	Fair Value	2016 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type				
Pooled separate accounts	$ 4,627,390	$ -	Daily	Daily
Self-directed brokerage account	82,891	$ -	Daily	Daily
	$ 4,710,281			

6. Exempt Party-in-Interest

At December 31, 2017, certain Plan investments were managed by Voya and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustee were $11,088 for the year ended December 31, 2017. Participant loans also qualify as party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

8. Tax Status

The Company adopted a volume submitter profit sharing plan with CODA which received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan's qualified status. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code, and accordingly no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan management does not believe there are any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.
