ELAMEX USA INVESTMENT SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2017 AND 2016

1. DESCRIPTION OF THE PLAN

The following description of the Elamex USA Investment Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan Document for more complete information.

General—The Plan is a defined contribution plan covering all employees of Elamex USA, Corp. and its wholly owned subsidiaries Mount Franklin Foods, LLC and Mount Franklin Nutritionals, LLC (collectively the "Company"). The Plan has no age or service entrance requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The administrative committee of the Plan amended the Plan effective November 1, 2006. The amendment changed the vesting schedule from a six year graduated schedule to 100% vesting immediately. For participants who were terminated or retired on or before October 31, 2006 the six year graduated schedule was applied.

The administrative committee of the Plan amended the Plan effective March 13, 2008. The amendment authorized the trustee to use the Fidelity Freedom Fund as the contribution default fund for any participant and/or loan repayment for which participant direction has not been received by the trustee.

Participant Accounts—Each participant's account is credited with the participant's contribution, the Company's matching contribution if any and allocations of (1) the Company's discretionary contribution, if any, (2) the participant's share of net earnings of the respective investment accounts of the Plan and (3) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant compensation and participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account.

Contributions—Each year, participants may contribute to the Plan on a pretax basis up to the maximum percentage allowable, subject to certain Internal Revenue Service limitations. For the 2017 plan year, the Company made the discretionary matching contributions in amounts equal to 50% of each participant's total elective deferral up to 6% of each participant's compensation.

Effective March 1, 2017, the Plan was amended to allow for an automatic increase in deferral contributions by 1% annually, on September 1, not to exceed 3% and not within the first six months following the date a participant was automatically enrolled.

Vesting—Effective November 1, 2006, the plan was amended to change from a six years of service vesting plan to being 100% vested immediately in their contributions and the Plan Sponsor's contributions plus actual earnings thereon.

Payment of Benefits–On termination of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants can choose between a lump-sum or have it paid out on a periodic basis.

Investments—Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds as investment options for participants.

Notes Receivable from Participants-Loans may be granted by the Plan administrative committee to participants in accordance with the terms of the Plan. The maximum amount loaned will be the lesser of 50% of the participant's vested account balance or $50,000. No loans with an initial balance of less than $1,000 are permitted by the Plan. The loans bear interest at rates commensurate with interest rates charged by commercial institutions for similar loans.

Forfeitures—The Plan allocates participant forfeitures as if the forfeitures were employer contributions. Forfeitures used towards employer contributions relating to participants that terminated prior to the November 1, 2006 vesting amendment were $0 for both years ended December 31, 2017 and 2016, respectively. As of December 31, 2017 and 2016, the forfeiture balance that may be used towards future employer contributions and plan expenses was $3,110 and $1,760, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting–The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition—Investments are valued at their fair value based on quoted market prices. Net appreciation (depreciation) consists of the unrealized appreciation (depreciation) of the investments and the excess (deficiency) of net proceeds over market value of the related investment at the beginning of the year. Shares of mutual funds are valued at market prices, which represent the net asset value of shares held by the plan at year end. Participant loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of mutual funds are recorded on a trade-date basis. Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

Use of Estimates in the Preparation of Financial Statements—The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants–Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payments of Benefits—Benefit payments to participants are recorded upon distribution.

Administrative Expenses--Administrative expenses of the Plan are paid by the Plan or the Plan's sponsor as provided in the Plan document.

Subsequent Events—The Plan management has evaluated subsequent events through September 24, 2018, the date the financial statements were available to be issued.

The following is a summary of the unaudited information regarding the Plan as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included in the Plan's financial statements and supplemental schedule, that was prepare by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the assets or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

5. TAX STATUS

Although the Plan has not requested determination from the Internal Revenue Service as to the Plan's tax-exempt status, the prototype plan from which the Plan was drafted has received a favorable determination from the IRS. The trustees and the third-party administrator believe that the Plan is designed to operate in accordance with all applicable provisions of the Internal Revenue Code. Therefore, the trustees, as well as the third-party administrator, believe that the Plan is qualified and that the related trust is exempt from taxation under the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2017, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by delivering to the trustee and Plan administrator written notice of such termination, subject to the provisions of ERISA. In the event of plan termination, interests not previously vested will become immediately, completely vested and nonforfeitable.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Administrative expenses not paid by the plan are paid by the plan sponsor, Elamex USA, Corp.

8. EXCESS CONTRIBUTIONS

As of December 31, 2017 and 2016, excess contributions in the amount of $25,346 and $16,820 were recorded. These amounts consist of employer contributions and earnings.

9. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. RECONCILIATION OF NET ASSETS AVAILABLE FOR BENEFITS

The following is a reconciliation of net assets available for benefits per the financial statements to amounts reported on the Form 5500 for the years ended December 31, 2017 and 2016.

	2017	2016
Balance per the financial statements	$ 8,235,494	$ 6,236,557
Excess contribution payable	25,346	16,820
Balance reported on Form 5500	$ 8,260,840	$ 6,253,377
