## NOTE A - DESCRIPTION OF PLAN

The following description of the Ferrara Candy Company, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary Plan description for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan covering all full-time and part-time regular employees of Ferrara Candy Company, Inc. (the Company) who have at least 30 days of service and are not part of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

### *Contributions*

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Effective December 1, 2008, the Plan initiated auto-enrollment at 3% and automatic deferral percentage increases up to 4% of compensation. Effective January 1, 2015, the employer match was changed from 50% of the first 6% of base compensation to 100% of the first 1% of base compensation, and 50% of each percent after the first 1% up to 6% of base compensation. Additional amounts may be contributed at the option of the Company's board of directors. No additional amounts were contributed for the 2017 Plan year.

### *Participant Accounts*

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) the Plan's earnings, and charged with an allocation of investment-related expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### *Investment Options*

Upon enrollment in the Plan, a participant may direct contributions in 1% increments in various investment options, as more fully described in the Plan's literature. All options vary in types of investments, rates of return and investment risk. Participants may make transfers between funds on a daily basis.

### *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Prior to January 1, 2015, vesting in Company contributions plus actual earnings thereon is based on years of continuous service at a rate of 20% for each year of service completed. Effective January 1, 2015, the vesting schedule for employer contrubutions beginning on this date was changed to 100% vesting after completing two years of service.

### *Benefit Payments*

Upon hardship, as defined, or on termination of service due to death, disability or retirement, benefits are paid in one lump sum or installments not less frequently than annually, as permitted by the Plan. Participants who

terminate service with the Company and have a vested account balance of less than $1,000 will automatically have their vested account balance distributed in a single lump sum. Participants who terminate service with the Company and have a vested account balance of between $1,000 and $5,000 will have a forced distribution of their vested account balance to an IRA. Amounts over $5,000 will not be automatically distributed and will stay in the Plan.

***Notes Receivable from Participants***

Participants may borrow from their account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance. Each participant can have a maximum of one loan outstanding. The loans are collateralized by the vested balance in the participants' accounts and bear interest at the prime interest rate plus 1%. Principal and interest are paid ratably through weekly or biweekly payroll deductions.

***Forfeited Accounts***

Upon termination of service, any nonvested portion of the participant's account balance will be forfeited. Forfeitures of terminated participants are used to reduce Company contributions. Forfeitures utilized by the Plan to reduce Company contributions totaled $96,159 for the year ended December 31, 2017. Total forfeitures available for use at December 31, 2017 and 2016, were $12,476 and $19,939, respectively.

## NOTE B - SUMMARY OF ACCOUNTING POLICIES

***Basis of Accounting***

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Fully Benefit-responsive Investment Contract***

An investment contract held by a defined contribution plan is required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value, with the exception of the Great-West Key Guaranteed Portfolio Fund, which is stated at contract value as discussed in note E. Fair value is the amount that would

be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on investment fair values as of the end of the period being reported on.

***Notes Receivable from Participants***

Loans from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments, and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

***Benefits Paid to Participants***

Benefits are recorded when paid.

***Administrative Expenses***

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The remaining administrative costs are paid by the Plan. Investment-related expenses are included netted with net appreciation/depreciation of fair value of investments.

***Subsequent Events***

The Plan evaluated its December 31, 2017, financial statements for subsequent events through October 1, 2018, the date the financial statements were available to be issued. On April 1, 2018, approximately 675 legacy Nestle employees transferred into the Plan and became eligible following the Plan Sponsor's asset acquisition of Nestle plants and the transfer of its employees. These employees transferred in as new hires and were given the option to rollover any existing balances they held in other plans. There were no additional subsequent events that require recognition or additional disclosure in these financial statements.

## NOTE C - INFORMATION CERTIFIED BY PLAN CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company (Great-

West), the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2017.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## NOTE D - FAIR VALUE MEASUREMENTS

The Plan follows accounting guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.

- Quoted prices for identical or similar assets or liabilities in inactive markets.

- Inputs other than quoted prices that are observable for the asset or liability.

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies - Shares of registered investment companies are valued based on quoted prices in active markets for shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

| | 2017 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $49,476,588 | $ - | $ - | $49,476,588 |
| Total investments | $49,476,588 | $ - | $ - | $49,476,588 |

| | 2016 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $40,167,778 | $ - | $ - | $40,167,778 |
| Total investments | $40,167,778 | $ - | $ - | $40,167,778 |

## NOTE E – GUARANTEED INVESTMENT CONTRACT

The Plan has invested in Great-West Life & Annuity Insurance Company's Key Guaranteed Portfolio Fund. The fund is credited with interest earned based on the stated interest rates over the life of the contract. Withdrawals can be made at any time for the purpose of participant withdrawals or benefit payments at contract value. Great-West is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. The contract is included in the financial statements at contract value, as it is fully benefit-responsive, as reported to the Plan by Great-West.

Contract value represents contributions made under the contract, plus earnings, less any participant withdrawals or benefit payments. There are no reserves against contract value for credit risk of Great-West or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including a complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events (for example, divestitures or

spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the issuer are probable.

## NOTE F - TAX STATUS

The IRS has issued an opinion letter dated March 31, 2014, stating that the nonstandardized prototype plan adopted by the Company is acceptable under Section 401 of the Internal Revenue Code (the Code). The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE G - PARTY-IN-INTEREST TRANSACTIONS

The Company is administrator of the Plan and appoints the trustees of the Plan. The Company also pays for certain ongoing administrative expenses associated with the Plan. Certain Plan investments are shares of registered investment companies managed by the custodians, Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company. Therefore, these transactions qualify as party-in-interest transactions.

## NOTE H - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.
