NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Goldberg Segalla Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code (IRC) and is sponsored by Goldberg Segalla, LLP (the Company). The Plan covers all employees of the Company who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Broker commissions associated with investment transactions are paid by the Plan and netted against earnings on investments. Administrative expenses are paid by the Plan or the Plan Sponsor. The Plan's assets are held by Ascensus Trust Company, the trustee and custodian. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Participants may authorize an elective deferred contribution rate up to the maximum annual limitations as provided by the IRC. In addition, participants may contribute employee after-tax contributions up to the maximum allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans.

Upon employment, unless an affirmative election not to participate in the Plan is made, all employees hired on or after April 1, 2007, are automatically enrolled in the Plan and deemed to have elected to contribute 1% of compensation.

In addition, the Company may make a discretionary employer contribution. The Company matched 50% of deferrals up to 3% of participants' compensation during the years ended December 31, 2017 and 2016. Additionally, profit sharing amounts may be contributed at the discretion of the Company. No profit sharing contributions were made for the Plan years ended December 31, 2017 and 2016.

Participant Accounts: Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting the Company's contribution portion of their accounts is based on years of continuous service. Participants are 20% vested in employer contributions after one year of service, with a 20% annual increase in each of the next four years.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 4.50% as of December 31, 2017 (3.50% - 2016), which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Forfeitures: At December 31, 2017 and 2016, there were no forfeited non-vested accounts. Employer matching contributions forfeited by participants are used to reduce future employer matching contributions. Employer matching contributions forfeited during the year ended December 31, 2017 amounted to $20 ($41,000- 2016). No employer matching contributions were reduced from forfeited non-vested accounts during the year ended December 31, 2017 ($43,000 - 2016).

Payment of Benefits: Unless a participant elects otherwise, distributions will be made as soon as practicable after a participant's normal retirement date or actual retirement date. The normal retirement date is the date upon which a participant reaches age 65. The normal form of distributions is a lump sum payment.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Participants are eligible to receive vested benefits upon retirement, death, permanent disability, upon attainment of age 59½ or when they cease employment. In addition, a participant can withdraw all or any portion of his or her elective contributions and rollover contributions in the event of financial hardship.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation on investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payments of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Income Taxes: Effective August 1, 2009, the Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

Subsequent Events: Subsequent to year end, the Plan changed trustees from Ascensus, Inc. to Principal Trust Company. The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

NOTE 3. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2017 and 2016, as well as earnings and transactions for the years then ended has been derived from information provided by Ascensus, Inc. the recordkeeper of the Plan as agent for Ascensus Trust Company, the trustee of the Plan, and has been certified by it as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent accountants.

	2017	2016
Investments at fair value:		
Money market fund	**$ 441,755**	$ 690,669
Shares of registered investment companies	**$ 44,781,798**	$ 33,509,900
Notes receivable from participants	**$ 396,961**	$ 307,096
Transactions for the years ended:		
Interest and dividend income	**$ 617,456**	$ 576,471
Interest on notes receivable from participants	**$ 11,599**	$ 10,311
Net appreciation in fair value of investments	**$ 5,953,171**	$ 1,638,535

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market fund: Valued at amortized cost, which approximates fair value and are classified as level 1 investments.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission (SEC). NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Goldberg Segalla Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan with salary reduction features as permitted under Section 401(k) of the Internal Revenue Code (IRC) and is sponsored by Goldberg Segalla, LLP (the Company). The Plan covers all employees of the Company who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Broker commissions associated with investment transactions are paid by the Plan and netted against earnings on investments. Administrative expenses are paid by the Plan or the Plan Sponsor. The Plan's assets are held by Ascensus Trust Company, the trustee and custodian. The 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Participants may authorize an elective deferred contribution rate up to the maximum annual limitations as provided by the IRC. In addition, participants may contribute employee after-tax contributions up to the maximum allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans.

Upon employment, unless an affirmative election not to participate in the Plan is made, all employees hired on or after April 1, 2007, are automatically enrolled in the Plan and deemed to have elected to contribute 1% of compensation.

In addition, the Company may make a discretionary employer contribution. The Company matched 50% of deferrals up to 3% of participants' compensation during the years ended December 31, 2017 and 2016. Additionally, profit sharing amounts may be contributed at the discretion of the Company. No profit sharing contributions were made for the Plan years ended December 31, 2017 and 2016.

Participant Accounts: Each participant's account is credited with the participant's contribution and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting the Company's contribution portion of their accounts is based on years of continuous service. Participants are 20% vested in employer contributions after one year of service, with a 20% annual increase in each of the next four years.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 4.50% as of December 31, 2017 (3.50% - 2016), which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Forfeitures: At December 31, 2017 and 2016, there were no forfeited non-vested accounts. Employer matching contributions forfeited by participants are used to reduce future employer matching contributions. Employer matching contributions forfeited during the year ended December 31, 2017 amounted to $20 ($41,000- 2016). No employer matching contributions were reduced from forfeited non-vested accounts during the year ended December 31, 2017 ($43,000 - 2016).

Payment of Benefits: Unless a participant elects otherwise, distributions will be made as soon as practicable after a participant's normal retirement date or actual retirement date. The normal retirement date is the date upon which a participant reaches age 65. The normal form of distributions is a lump sum payment.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Participants are eligible to receive vested benefits upon retirement, death, permanent disability, upon attainment of age 59½ or when they cease employment. In addition, a participant can withdraw all or any portion of his or her elective contributions and rollover contributions in the event of financial hardship.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation on investments include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Payments of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Income Taxes: Effective August 1, 2009, the Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions.

Subsequent Events: Subsequent to year end, the Plan changed trustees from Ascensus, Inc. to Principal Trust Company. The Plan has evaluated subsequent events through October 10, 2018, the date the financial statements were available to be issued.

NOTE 3. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2017 and 2016, as well as earnings and transactions for the years then ended has been derived from information provided by Ascensus, Inc. the recordkeeper of the Plan as agent for Ascensus Trust Company, the trustee of the Plan, and has been certified by it as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certifications and has not been audited by independent accountants.

	2017	2016
Investments at fair value:		
Money market fund	**$ 441,755**	$ 690,669
Shares of registered investment companies	**$ 44,781,798**	$ 33,509,900
Notes receivable from participants	**$ 396,961**	$ 307,096
Transactions for the years ended:		
Interest and dividend income	**$ 617,456**	$ 576,471
Interest on notes receivable from participants	**$ 11,599**	$ 10,311
Net appreciation in fair value of investments	**$ 5,953,171**	$ 1,638,535

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Money market fund: Valued at amortized cost, which approximates fair value and are classified as level 1 investments.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Administrative expenses amounted to $165,995 for the year ended December 31, 2017 ($128,502 - 2016). The Plan Sponsor pays directly any other fees related to the Plan's operations.
