**CRESCENT CREDIT UNION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

NOTE A – DESCRIPTION OF PLAN

The following description of the Crescent Credit Union 401(k) Plan (the “plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

1. *General.* The plan is a defined contribution plan covering all employees of the Crescent Credit Union (the “Credit Union”) who are age 21 or older and have completed 3 months of service with the Credit Union. The Plan is Profit Sharing and Safe Harbor 401(k) plan. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Contributions.* Participants are permitted to contribute up to 100% of their compensation, as defined in the plan. The Plan is a Safe Harbor Plan whereby the Credit Union is required to contribute a minimum contribution of a certain percentage of compensation for eligible employees and may make discretionary contributions. The minimum safe harbor contribution for the years ended December 31, 2017 and 2016 was 3%. In addition during the years ended December 31, 2017 and 2016, the employer also made a 3% discretionary profit sharing contribution. Total employer contributions in 2017 and 2016 were approximately \$283,000 and \$288,000, of which \$28,000 and \$4,000 were funded by forfeitures, respectively. Of those amounts the safe harbor contributions amounted to approximately \$144,000 each year and the balance was the discretionary contribution. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the plan. Contributions are subject to certain IRS limitations.
3. *Participant Accounts.* Each participant's account is credited with the participant's contributions and Credit Union's safe harbor contributions and profit sharing contributions, as applicable, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. *Vesting.* Participants are vested immediately in their contributions and the safe harbor contributions plus actual earnings thereon. Vesting in the Credit Union's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.
5. *Notes receivable from participants.* Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator. The interest rate on loans outstanding in 2017 and 2016 ranged from 3.50% to 5.25%. Principal and interest is paid ratably through payroll deductions.

**CRESCENT CREDIT UNION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016**

NOTE A – DESCRIPTION OF PLAN (continued)

6. *Payment of Benefits.* Upon attaining age 59 ½ or upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the participant's vested interest in his or her account in either a lump-sum amount or as an annuity for that portion of the account that represents assets transferred into the plan from the Crescent Credit Union Money Purchase Pension Plan. Hardship withdrawals are allowed under the provisions of the plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.
7. *Forfeited Accounts.* At December 31, 2017 and 2016, forfeited non-vested accounts totaled approximately \$28,000 and \$4,000, respectively. Subsequent to each year end, these accounts were then used to reduce employer contributions. Employer contributions for 2017 and 2016 were reduced by approximately \$28,000 and \$4,000 due to the use of these forfeiture accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, including the common collective trust, which holds indirect investments in fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note C for discussion of fair value measurements.

The Plan's shares of mutual funds are valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at each year end. The Morley Stable Value Fund distributes income in the form of units, and provides a constant unit redemption value. The Morley Stable Value Fund invests in fully-benefit-responsive investment contracts (FBRICs) and is presented at fair value based on its NAV. As a result, the Plan is an indirect investor in fully benefit-responsive contracts since the Plan itself does not directly invest in FBRICs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the plan are paid directly by the Credit Union and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through the date of this report, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Reclassifications

Certain reclassifications were made to prior year amounts in order to conform to the current year presentation.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

NOTE C – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded. (Level 1)
- *Common/ Collective Trust:* The Plan uses NAV per unit to value the collective investment trust funds. The NAV, as provided by the trustee is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2017 and 2016.

<i>Assets at Fair Value as of December 31, 2017</i>				
	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

* In accordance with Financial Standards Board Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all plan assets, investment transactions, income, and the schedule of assets (held at end of year) as of December 31, 2017 and 2016 and for the years then ended.

NOTE E – TAX STATUS

The Plan has adopted a volume submitter profit-sharing plan with CODA sponsored by Fidelity Management Trust Company. That plan and related trust obtained its latest opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the plan and the related trust, as then designed, are in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the plan has been amended since receiving that opinion letter, the plan administrator believes the plan is designed and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believes that the plan is qualified, and the related trust is tax-exempt.

NOTE F – PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the plan, any person who provides services to the plan, or an employer whose employees are covered by the plan. The plan invests in shares of registered investment companies and a common collective trust managed by the plan's trustee, Fidelity. A substantial portion of the income or loss of the plan is derived from these investments. Fees paid by the plan to Fidelity for certain investment management fees were deducted from the net asset values of the investments held by the plan. Also, CBIZ Tofias is the third party administrator of the plan. Fees paid by the plan for record-keeping and investment transaction services amounted to approximately \$2,200 for each year ended December 31, 2017 and 2016, plus additional amounts included as a reduction of the returns earned on the investment.

Certain employees and officers of the Company, who are also participants in the plan, perform administrative services to the plan at no cost to the plan. These transactions are exempt from the prohibited transaction rules.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Credit Union has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE H - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
