Employees of JAG Healthcare, Inc. (Company) are eligible to defer into the Plan upon completion of one year of employment and attaining the age of 21. These qualifications only apply to individuals hired by the Company and classified as PRN. Eligibility to share in employer contributions is reached when an employee has completed three years of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year participants may contribute up to 25% of pretax annual compensation, as defined in the Plan agreement, subject to Internal Revenue Service limitations. In order to meet these limitations, contributions by employees representing the top 20% in pay are limited to 10% of base pay, as defined in the Plan agreement. Participants may also contribute amounts representing distributions from other plans and IRAs. The employer makes matching contributions equal to 50% of participant contributions to the Plan, up to 3% of annual compensation. The Company made matching contributions totaling \$73,155 in 2017. Total matching contributions due to the Plan as of December 31, 2017 and 2016 was \$152,351 and \$144,618, respectively.

The Plan includes an automatic salary deferral feature. Unless a participant makes an alternative salary deferral election, the Company will automatically withhold 2% of their compensation from each payroll period and contribute this amount to the Plan as a pre-tax deferral. A participant is given a reasonable period to affirmatively elect a different percentage or elect not to make elective deferral contributions.

Investment Options:

Upon enrollment in the Plan, a participant may direct contributions into any of several investment funds. Participants may change their investment option allocations at any time.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Additionally, participants elect to maintain their accounts in a combination of investment funds. Separate accounting for each of the participants' funds is maintained pursuant to the participant's designated election.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants become 100% vested in the Company's contributions plus actual earnings after the completion of three years of continuous service.

Payment of Benefits:

Participants are eligible to receive in-service distributions after attaining the age of 59 ½. Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive with a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments. If the vested balance is greater than \$1,000, but less than \$5,000, and the participant does not make an election to either receive or to rollover the distribution, the distribution must be rolled over to an IRA. If the vested balance is \$1,000 or less, the form of distribution remains a single lump-sum payment.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not permitted to contribute to the Plan for a period of six months.

Forfeitures:

The Plan allows forfeited, non-vested amounts to be used to reduce matching and Company contributions to the Plan to the extent they are not used to pay Plan administrative expenses. At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$8,388 and \$6,945, respectively.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants:

Participants may borrow from their accounts an amount up to a maximum equal to the lesser of \$50,000 or 50% (minimum loan amount of \$500) of their vested account balance. Note terms range from one month to five years, unless the note was used for the purchase of a primary residence. The notes are secured by the balance in the participant's account. The notes bear interest at rates ranging from 4.25% to 5.00%, which are commensurate with bank prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are recorded at their unpaid principal balances plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Costs of administering the Plan are paid by the Plan or the Company, as determined by the Company, subject to limitations under ERISA.

Subsequent Events:

Management evaluated all activity of the Plan through September 4, 2018, the date the financial statements were available to be issued, and concluded that no subsequent events, except as noted below, have occurred that would require recognition or disclosure in the financial statements or notes.

Beginning June 1, 2018, participants become 100% vested in the Company's contributions plus actual earnings immediately upon entering the Plan. However, vesting for employer non-elective profit sharing contributions remains based on years of service.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

In accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Reliance Trust Company, the trustee of the Plan. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Trustee has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2017 and 2016, and for the year ended December 31, 2017, and the schedule of assets held for investment purposes as of December 31, 2017.

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS

FASB ASC 820 requires the Plan to classify its assets and liabilities based on valuation methods using three levels. Level 1 inputs are based on quoted prices in active markets for identical investments. Level 2 inputs are based on significant observable market inputs, such as quoted prices for similar investments and quoted prices in inactive markets. Level 3 inputs are based on significant unobservable inputs that reflect the Plan's determination of assumptions that market participants might reasonably use in valuing the investments. The valuation levels are not necessarily an indication of risk or liquidity associated with the underlying investments.

JAG HEALTHCARE, INC. 401(k) PLAN

December 31, 2017 and 2016

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The common/collective trust is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The funds objective is to maintain stability of principal through underlying assets, which maintain an average S&P credit quality. Participant transactions (purchases and sales) may occur daily. All other withdrawals of assets may be delayed for up to twelve months at the sole discretion of the trustee.

The valuation methodologies used for assets measured at fair value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2017:

Assets at Fair Value				
	Level 1	Level 2	Level 3	Total

NOTE E - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested and net assets of the Plan are to be distributed to participants on the basis of individual account balances at the date of termination.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by ADP Retirement Services (ADP). ADP received an opinion from the Internal Revenue Service (IRS), dated March 31, 2008, which states that the prototype plan document satisfies the provisions of Section 401 of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in the compliance with the prototype plan document. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - AMOUNTS ALLOCATED TO PARTICIPANTS WHO HAVE WITHDRAWN

Net assets available for benefits at December 31, 2017 and 2016 include \$136,056 and \$69,690, respectively, that were allocated to the accounts of individuals who as of or prior to that date had been terminated from the Plan. The benefit claims will be paid to these individuals in accordance with the Plan provisions.
