1 Description of Plan, Continued

Vesting:

All participants are 100% vested in their elective contributions, qualified non-elective contributions and Roth contributions made to the Plan. Any non-elective employer contribution is vested based on the following:

Years of Service	Vested %
less than 1	0%
1	25%
2	60%
3	100%

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall be used to pay Plan expenses and reduce future employer contributions payable under the Plan. The balance of unused forfeitures for the years ended December 29, 2017 and 2016 were \$0 and \$9,960, respectively.

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. 2 Summary of Significant Accounting Policies

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Recent Accounting Pronouncements:

In May 2015, the FASB issued Accounting Standards Update No. 2015-07 (ASU 2015-07), Fair Value Measurement (Topic 820): Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share as the practical expedient under ASC 820. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. The Plan has adopted ASU 2015-07 and retrospectively applied to 2016. There were no changes to the Statement of Net Assets Available for Benefits or Statement of Changes in Net Assets Available for Benefits. Certain investment disclosures have been updated to reflect the adoption of ASU 2015-07.

Valuation of Investments:

Investments are stated at fair value. The fair value of the pooled separate accounts are based on the underlying funds which are reported at net asset value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Fees:

Substantially all administrative fees are paid by the Company. Certain fees may be paid by the Plan as they are allocated directly to the participants' responsible for the expense.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTES TO FINANCIAL STATEMENTS

Shoe Metro 401(k) Plan

2 Summary of Significant Accounting Policies, Continued

Risks and Uncertainties:

The Plan's investment include investments in pooled separate accounts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

Reclassifications:

Certain prior year amounts have been reclassified to conform with the current year's presentation.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 3, 2018, which is the date the financial statements were available to be issued.

3 Tax Status

On March 31, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 29, 2017, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

NOTES TO FINANCIAL STATEMENTS

Shoe Metro 401(k) Plan

4 Fair Value Measurements, Continued

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- * Quoted prices for similar assets or liabilities in active markets.
- * Quoted prices for identical or similar assets or liabilities in inactive markets.
- * Inputs other than quoted prices that are observable for the asset or liability.
- * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 29, 2017 and 2016.

Pooled Separate Accounts:

The pooled separate accounts are established as the funding vehicle for the unallocated group annuity contracts issued by John Hancock. The fair value of the pooled separate accounts is the fair values of the underlying funds based upon reported net asset values, which represent the values at which each sub-account can redeem its investments. These investments are valued based on NAV as the practical expedient.

Unit values are calculated daily before taking into consideration unitholders' contributions and withdrawals made on that day. These transactions are then valued using those unit values and recorded for that day. There are no restrictions on the funds and no unfunded commitments.

There were no assets held for investment at December 29, 2017. The pooled separate accounts referred to above relate to the Plan's holdings as of December 31, 2016.
