PUPPET, INC. 401(K)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

1. Plan Description

The following description of the Puppet, Inc. 401(k) (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established on January 1, 2011 by Puppet, Inc. ("Puppet" or the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Eligibility

Employees of the Company, excluding interns and internal contractors, are eligible to participate in the Plan upon completing one month of service and reaching the age of 18. Participants can enter the Plan on the first day of the month following the date on which the eligibility requirements are met.

c. Participant Contributions

Participants may elect to defer up to 90% of their eligible compensation, limited by the requirements of the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Additionally, participants may roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan.

The Plan includes an automatic enrollment feature whereby all current employees not deferring and any new employees that meet the eligibility requirements are automatically enrolled with a 3% deferral rate unless they elect otherwise. Each year this percentage is increased by 1% until the participant reaches a 6% deferral rate.

d. Employer Contributions

The Company, at its discretion, may make matching or profit sharing contributions to the Plan. During 2017 and 2016, the Company made matching contributions of 25% of a participant's contributions, with a maximum match of \$1,000 for each participant. There were no profit sharing contributions made during 2017 or 2016.

e. Participant Accounts

Participants are able to direct their account balances into a variety of investments offered by the Plan. Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. The benefit to which a participant is currently entitled to is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants become vested in their discretionary employer matching and profit sharing contributions on a four year graded scale, with 25% vesting for each year of service.

g. Notes Receivable From Participants

The Plan does not allow for participant loans.

h. Payment of Benefits

Upon reaching retirement age, termination of service, disability or death, a participant or their beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a partial payment. However, account balances less than \$5,000 may be distributed as a rollover into an individual retirement account for the benefit of the participant or beneficiary at the discretion of the Plan Administrator. Participants may withdraw rollover contributions at any time or make an in-service withdrawal of elective deferrals or employer contributions if they have reached the normal retirement age of 65.

i. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their employee deferrals and rollover contributions or 100% vested employer contributions as a result of an immediate and heavy financial need. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

j. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses of the Plan or to reduce future employer contributions. For the years ended December 31, 2017 and 2016 approximately \$9,000 and \$0, respectively, of forfeitures were utilized to reduce employer contributions or to pay administrative expenses. There were approximately \$6,000 and \$0 of forfeitures available to reduce future contributions or to pay administrative expenses at December 31, 2017 and 2016, respectively.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

d. Payment of Benefits

Benefits are recorded when paid.

e. Administrative Expenses

Substantially all administrative expenses are paid by the Company. Investment related expenses not paid by the Company are deducted from investment earnings before allocation to participant accounts. For the years ended December 31, 2017 and 2016, direct expenses paid by the Plan were approximately \$14,000 and \$2,000, respectively.

3. Investments

The Metropolitan Life Insurance Company ("MetLife") Stable Value Fund (the "SVF Fund") is a common collective trust investing in certain MetLife group annuity contracts. The SVF is valued daily at fair value based on the net asset value ("NAV") of the underlying investments. The NAV per unit is computed by dividing the total assets of the SVF, less its liabilities, by the total number of units outstanding at the time of such computation. It is the intent of the fund to preserve capital.

Certain events limit the ability of the Plan to transact at NAV (contract value) with the issuer. Such events include but may not be limited to the following: (1) withdrawal requests made by participants with the advice or direction from the plan sponsor, plan administrator, plan fiduciary or agent, (2) the addition of a competing investment option, (3) the adoption of a new eligible plan meeting certain criteria, or (4) the participating plan making a withdrawal from the Plan. The Plan sponsor does not believe that any of the events which could limit the Plan's ability to transact at contract value with participants are probable of occurring. Earnings from the investment in the common collective trust are included in interest and dividend income on the accompanying statements of changes in net assets available for benefits.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for fair value measurements, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at fair value based on quoted market prices.

Common collective trust - The Plan's interest in the common collective trust is valued at the NAV of the common collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. Participant transactions can occur daily.

There were no unfunded commitments at December 31, 2017 and 2016.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016:

Investments at Fair Value at December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,579,350	\$ -	\$ -	\$ 16,579,350
Total	<u>\$ 16,579,350</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,579,350</u>
Investments at NAV:				
Common collective trust				110,255
Total investments				<u>\$ 16,689,605</u>

Investments at Fair Value at December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,601,264	\$ -	\$ -	\$ 10,601,264
Total	<u>\$ 10,601,264</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,601,264</u>
Investments at NAV:				
Common collective trust				188,298
Total investments				<u>\$ 10,789,562</u>

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by Ascensus, Inc. as agent for Ascensus Trust Company, the trustee of the Plan as of December 31, 2017 and 2016 and for the years then ended as complete and accurate:

- Investments, at fair value
- Investment income
- Schedule of assets (held at end of year)

7. Related-Party and Party-In-Interest Transactions

Certain Plan investments are offered by Vanguard Investments, an affiliate of Ascensus Trust Company, the trustee of the Plan. These investments and investment transactions are considered exempt party-in-interest transactions.

The Plan sponsor, Puppet, is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

8. Income Tax Status

The Plan was restated effective June 22, 2017 using the Ascensus, Inc. Non-Standardized 401(k) Profit Sharing Plan prototype document ("Plan Document") which received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan Document was in compliance with the applicable standards of the IRC. Prior to the restatement, the Plan utilized the prior version of the Ascensus Non-Standardized 401(k) Profit Sharing Plan prototype document which received a favorable opinion letter dated March 31, 2008. The Plan has been amended since the date of the opinion letters. However, management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, management believes that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2017 and 2016.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Excess Contributions Payable

Certain highly compensated individuals receive a refund distribution of a portion of their elective deferrals in order for the Plan to comply with the non-discrimination requirements of the IRC. For the Plan year ended December 31, 2016, the amount due to employees to pass these tests was \$7,956, and is recorded as a liability on the statements of net assets available for benefits.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

11. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	<u>2017</u>	<u>2016</u>
Net assets available for benefits reported on the the financial statements	\$ 17,123,848	\$ 11,083,419
Excess contributions	<u>-</u>	<u>7,956</u>
Net assets available for benefits reported on the Form 5500	<u>\$ 17,123,848</u>	<u>\$ 11,091,375</u>

The following is a reconciliation of the net increase in net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 for the years ended December 31:

	<u>2017</u>	<u>2016</u>
Net increase in net assets available for benefits reported on the financial statements	\$ 6,040,429	\$ 4,638,197
Excess contributions	<u>(7,956)</u>	<u>7,956</u>
Net increase in net assets available for benefits reported on the Form 5500	<u>\$ 6,032,473</u>	<u>\$ 4,646,153</u>

12. Non-exempt Transactions

Certain participant contributions that occurred in 2017 were identified that were not remitted to the Plan by the Company within the time period required by the Department of Labor. These late remittances constitute prohibited transactions as defined by ERISA. Management remitted the lost earnings to the Plan related to these late contributions during 2018.

13. Subsequent Events

Management has evaluated the potential recognition and disclosures in the financial statements of subsequent events that have occurred through October 10, 2018, which is the date the financial statements were available to be issued.
