RIVERBED TECHNOLOGY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Riverbed Technology, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 2003 to provide retirement benefits for the employees of Riverbed Technology, Inc. (the "Company"). The Plan is a defined contribution plan covering all employees meeting certain eligibility criteria who have attained twenty-one years of age. Employees are eligible to participate if they are not nonresident aliens, interns, or part-time, temporary or seasonal employees. The Plan is subject to the provisions of ERISA and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Retirement Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performances.

The Company acquired Aternity, Inc. in 2016. Effective January 17, 2017, the Aternity, Inc. 401(k) Plan (the "Aternity Plan'), a defined contribution plan, was merged into the Plan. In connection with the merger, net assets totaling approximately $1.7 million were transferred into the Plan.

Participant Contributions – Participants may elect to contribute, on a pretax basis or post-tax basis (Roth) up to 100% of their annual eligible compensation, subject to annual limits specified by the IRC. For the year ended December 31, 2017, the annual limitation was $18,000. Any participant age 50 or older may defer up to an additional $6,000 into the Plan for the year ended December 31, 2017. Participants are also allowed to roll over contributions from other qualified employer-sponsored retirement plans and individual retirement accounts.

Employer Contributions – The Company may make discretionary matching or profit sharing contributions. For the year ended December 31, 2017, the Company made matching contributions equal to 50% of each participant's contribution, up to a maximum of 4% of each participant's pretax compensation per payroll period, subject to the limitations each quarter and the annual limitation.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – The Plan maintains an account for each participant, which is credited with the participant's contributions and the Company matching contributions, as well as allocations of the Company's profit sharing contributions, if any, and Plan investment earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in 100% of their voluntary contributions as well as 100% of employer contributions, plus actual earnings thereon.

Investment Options – Participants are allowed to direct the investment of their account balance into the various investments offered through the Plan.

Notes Receivable from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance or $50,000. The term of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence, which can be for a longer period. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing lending rates, as determined by the Plan administrator. The interest rate shall remain fixed throughout the life of the loan. Principal and interest are paid ratably through payroll deductions and loans are due immediately upon termination of employment.

Payment of Benefits – Upon termination of service, upon attainment of age 59½, death, disability, or retirement, a participant may receive a lump-sum distribution or a direct rollover distribution into another qualified plan. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances. Minimum required distributions must begin by April 1 of the calendar year following the year the participant reaches age 70½. At the time of retirement or termination of employment, if a participant's account balance is in excess of $5,000, the participant may delay the receipt of distributions. If a terminated participant's balance is between $1,000 and $5,000 and no instructions have been received from such participant, the amount will be rolled over to an individual retirement account, as designated by the Plan administrator. A balance less than $1,000 will be distributed directly to the participant as a lump-sum payment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Unallocated Accounts – At December 31, 2017 and 2016, unallocated accounts resulting from excess employer contributions and the forfeiture balance transferred from a defined contribution plan which was merged into the Plan totaled $426 and $2,910, respectively. The unallocated account balances may be used to pay for the Plan's administrative expenses or to reduce employer contributions. For the year ended December 31, 2017, $3,269 was used to pay plan expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Net Assets Transferred in – Net Assets transferred in includes participants' net assets from Aternity plan that was merged into the Plan due to acquisition in 2016.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses was recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Concentrations – As of December 31, 2017 and 2016, one investment accounted for approximately 13% and 14% of total investments, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require one year's notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 194,379,996	$ -	$ -	$ 194,379,996
Investments Measured at Net Asset Value:

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank has certified the completeness and accuracy of all investments and notes receivable from participants presented in the statements of net assets available for benefits as of December 31, 2017 and 2016, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2017, and the related investment and interest income presented in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

NOTE 5 – TAX STATUS

The Plan has adopted the Charles Schwab Trust Company prototype plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on June 19, 2014 stating that the prototype plan is designed in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 6 – RELATED PARTY TRANSACTIONS

Schwab Retirement Plan Services, Inc. ("SRPS"), an affiliate of Charles Schwab Bank, provides certain administrative services to the Plan pursuant to a service agreement between the Company and SRPS. Charles Schwab Bank and/or its affiliates ("Charles Schwab") receives revenue from certain investment service providers for services Charles Schwab provides to the funds. This revenue is used to offset certain amounts owed to SRPS for its administrative services to the Plan.

NOTE 7 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund, which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and in the statement of changes in net assets available for benefits.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2017, there were unintentional delays in remitting $871 of employee deferrals to the Plan trustee within the period prescribed by Department of Labor regulations. The Company computed the lost earnings on $250 of these deferrals and contributed lost earnings to the Plan in April 2018. The Company intends to compute the lost earnings on $621 of these deferrals and contribute lost earnings to the Plan in 2018.

NOTE 10 – SUBSEQEUNT EVENTS

Effective July 10, 2018, the Plan was formally amended to add voluntary employee contributions as permitted contributions.

The Company has evaluated subsequent events through October 8, 2018, the date the financial statements were available to be issued.
