A.S. I. HASTINGS, INC. 401(K) PENSION PLAN

Notes to Financial Statements December 31, 2017

NOTE 1. DESCRIPTION OF PLAN

General

The A.S.I. Hastings, Inc. 401(k) Pension Plan (the "Plan"), is a defined contribution plan established in 2004. The Plan is sponsored by A.S.I. Hastings, Inc. (the "Company"). The Plan provides participants with a salary deferral option pursuant to applicable provisions of the Internal Revenue Code (the "IRC"). Through October 31, 2017, The Plan engaged Nationwide Financial Services, Inc. ("Nationwide"), custodian of the Plan, to hold and invest Plan assets and execute Plan transactions. Effective November 1, 2017, Ascensus Trust Company became the custodian of the Plan's assets.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Significant elements of the Plan are summarized below. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

Eligibility

Employees who are at least 18 years of age and have completed three months of service are eligible to participate in the Plan and may enroll on the first day of each month after having met the eligibility requirements. Excluded employees include those whose employment is governed by a collective bargaining agreement as well as non-resident aliens with no U.S. earned income from the Company.

Participant Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, including amounts designated as "Roth" contributions. In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan. Participant contributions are subject to limitations imposed by Internal Revenue Service ("IRS") regulations. Employees may also contribute amounts ("rollover contributions") representing distributions from other qualified sources.

Employer Contributions

The Company may make discretionary contributions including employer matching contributions and profit sharing contributions. To qualify for any employer contributions, a participant must meet the eligibility requirements above as well as be employed by the Company on the last day of the Plan year. In 2018, the Company elected to make matching contributions related to the 2017 Plan year equal to 10% of the first 5% of participant deferral contributions made to the Plan. There were no profit sharing contributions to the Plan for 2017.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, the Company's contributions (if any), and allocations of Plan earnings, losses and expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled are those that can be provided from the participant's vested account.

Upon enrollment in the Plan, participants direct the allocation of their accounts to any or all of the Plan's investment options. Subsequently, participants may change their allocations and transfer account balances between the investment options in accordance with the Plan.

A.S. I. HASTINGS, INC. 401(K) PENSION PLAN

Notes to Financial Statements December 31, 2017

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in employer contributions at the rate of 20% after two years of credited service and in 20% increments for each year of credited service thereafter until fully vested after six years of credited service. Prior to November 1, 2017, a year of credited service was measured as a plan year during which a participant completes 1,000 hours of service. Effective November 1, 2017, the Plan changed its method of measuring vesting service to the elapsed time method.

Upon attainment of normal retirement (the later of age 65 or five years of participation in the Plan), death, disability, or termination of the Plan, participants become fully vested in their accounts.

Forfeitures

Forfeitures of employer contributions are to be used to reduce employer contributions. During 2017, \$234 was added to the forfeitures account and was available to reduce future employer contributions as of December 31, 2017. As of December 31, 2016, there was no balance in the forfeitures account.

Notes Receivable from Participants (Participant Loans)

Participants who are active employees may borrow from the non-Roth portion of their accounts, as defined, a minimum of \$1,000 up to a maximum generally equal to the lesser of \$50,000 or 50% of the participant's account balance. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at the prime rate as published in the *Wall Street Journal*. The interest rates for notes receivable outstanding as of December 31, 2017 ranged from 3.25% to 4.25%. The repayment terms provide for loan payments to be made through payroll deductions and for loans to be amortized over a reasonable period of time not to exceed five years, unless the loan qualifies as a home loan, as defined, in which case the loan term may extend to 30 years.

Payment of Benefits

Upon termination of service due to death, disability, or normal retirement, participants are entitled to receive a distribution of their account in a lump sum or defer distribution if their vested account balance exceeds \$5,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Generally, initial distributions must begin the later of when the participant retires or the year following the year in which the participant attains the age of 70½.

Upon employment termination, if a participant's vested account balance is between \$1,000 and \$5,000, and if the participant has not elected to receive a cash distribution or have the balance rolled over into an individual retirement account ("IRA") of his/her choosing, the Plan may transfer the participant's account balance into an IRA. Also at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

In addition, distributions from a participant's rollover account may be made at any time. The Plan also allows for (i) in-service distributions for participants who have attained age 59½, and (ii) hardship withdrawals in certain circumstances as defined by the Plan and in accordance with the IRC.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of registered investment companies includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to plan administration as well as fees associated with notes receivable from participants and processing of distributions are charged directly to the transacting participant's account and are included in administrative expenses. Certain investment related expenses are also included in administrative expenses.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

A.S. I. HASTINGS, INC. 401(K) PENSION PLAN

Notes to Financial Statements December 31, 2017

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIANS

The Plan's investments were held by the Plan's custodians, as follows: Nationwide Financial Services, Inc. ("Nationwide") as of December 31, 2016 and from January 1, 2017 to October 31, 2017, and by Ascensus Trust Company from November 1, 2017 to December 31, 2017. All investments are participant-directed. All investment information disclosed in the accompanying financial statements and supplemental schedule (Schedule H, Part IV, Line 4i), including investments held at December 31, 2017 and 2016, and net realized and unrealized appreciation in fair value of registered investment companies and interest and dividend income on investments for the year ended December 31, 2017, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Nationwide and Ascensus, Inc. (as agent for Ascensus Trust Company and the record-keeper of the Plan from November 1, 2017 to December 31, 2017).

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value at December 31, 2017 and 2016. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies: Valued based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,667,729	\$ -	\$ -	\$ 2,667,729
Total investments at fair value	<u>\$ 2,667,729</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,667,729</u>

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 2,594,323	\$ -	\$ -	\$ 2,594,323
Total investments at fair value	<u>\$ 2,594,323</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,594,323</u>

There were no transfers between Levels 1 and 2, and no transfers in or out of Level 3 between December 31, 2016 and 2017.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company pays certain administrative costs of the Plan, and also provides administrative services for the Plan at no cost to the Plan. Certain investments were managed by Nationwide, or are held by Ascensus Trust Company, the custodians of the Plan (Note 3). These transactions qualify as exempt party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, if not already fully vested, participants become 100% vested in their accounts.

Notes to Financial Statements

NOTE 7. TAX STATUS

The Company has adopted a prototype plan and relies upon the prototype plan's opinion letter from the IRS, which stated that the plan and related trust are designed in accordance with the applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 9. UNTIMELY PARTICIPANT CONTRIBUTIONS

The Company identified an instance in which amounts withheld from employees during 2017 totaling \$8,740 were not forwarded to the custodian within the reasonableness timeframe established by the Department of Labor. The Company intends on calculating and contributing to the Plan the associated lost earnings related to this amount during 2018.
