INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Participants of
Novantas 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Novantas 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2017 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2017. The Plan administrator has obtained a certification from the trustee as of December 31, 2017 and for the year ended December 31, 2017 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company. Their report, dated October 6, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by Fidelity Management Trust Company, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.

1. DESCRIPTION OF PLAN

General

The following description of the Novantas 401(k) Plan (the "Plan") of Novantas Inc. (the "Company" or "Plan Administrator") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a participant directed, defined contribution plan, established in January 2000 in accordance with the provisions of Internal Revenue Code ("IRC") Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of the Plan

The Plan Administrator oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Administrator.

Eligibility

All employees of the Company except for interns, nonresident aliens who do not receive any U.S. sourced earned income, and union employees covered by a collective bargaining agreement, are eligible to participate in the Plan provided they are eighteen years or older. Employees can enter the Plan immediately upon satisfying the eligibility requirements.

Contributions

Each year, participants may contribute up to 70% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company may make discretionary matching contributions for those participants who make deferral contributions to the Plan. In 2017, the Employer matched 100% of each participant's deferrals up to 6% of their eligible compensation. For the year ended December 31, 2017, the Company contributed $1,337,752 to the Plan.

The Company may also make discretionary nonelective contributions for participants with at least 501 hours of service during a Plan year. No such contributions were made for the year ended December 31, 2017

Participant Accounts

Each participant directs participant and Company contributions to any of the investment options offered by the Plan. Each participant's account is credited with the participant's contribution, Company contributions, if any, and the Plan's earnings (losses), participant withdrawals, and administration expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions is earned evenly over five years of continuous service. A participant is 100% vested after five years of credited service, or upon death, or termination because of disability.

Notes Receivable from Participants
Participants are allowed to borrow from their accounts an amount equal to no less than $1,000 and no greater than $50,000 or 50% of the participant's vested balance. Principal and interest are repaid ratably through payroll deductions. The loans bear interest at a rate commensurate with a prevailing commercial rate for a secured personal loan. Repayment terms for general loans is five years, and the repayment period extends to ten years for loans used to purchase a primary residence. Interest rates ranged from 4.25% to 5.25% at December 31, 2017.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his/her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution. In-service distributions are permitted for participants who have attained age 59 1/2 and for certain hardships.

Forfeited Accounts
Forfeiture balances can be used to reduce future Plan Sponsor contributions or are to be allocated to participants at the end of each year. As of December 31, 2017 and 2016, forfeited non-vested accounts totaled $250,543 and $58,077, respectively. There were no forfeitures used during 2017.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in compliance with the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Payment of Benefits
Benefit payments are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Loans are considered to be in default if any schedule repayment remains unpaid by the last business day of the calendar quarter following the calendar quarter in which the loan payment was missed. At such time, the Plan Administrator would consider the participant loan to be in default, and the delinquent participant note receivable would be deemed a distribution based on the terms of the Plan document.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4, Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold, as well as held during the year.

Plan Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Reclassifications
Certain amounts previously reported in the 2016 financial statements have been reclassified to conform to the 2017 presentation. Such reclassifications do not change the net assets available for benefits at December 31, 2016.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and interest income on notes receivable in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded in accordance with FASB ASC 820, Fair Value Measurement, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

The fair value of the registered investment companies is based on the net asset value of the shares held by the Plan at year end as reported on the active market on which the funds are traded.

The fair value of the common/collective trusts are determined by the respective Fund managers using the net asset value (NAV) as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemptions related to the Common/collective trusts as of December 31, 2017 and 2016. The Common/collective trusts can be redeemed daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 24,644,276	$ -	$ -	$ 24,644,276
Common/collective trusts measured at NAV (a)				222,301
Total investments, at fair value				$ 24,866,577

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 18,602,486	$ -	$ -	$ 18,602,486
Common/collective trusts measured at NAV (a)				168,486
Total investments, at fair value				$ 18,770,972

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefit.

5. PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable also qualify as party-in-interest transactions. All such transactions are exempt from the prohibited transaction rules.

6. TAX STATUS

The Plan adopted a prototype profit sharing 401(k) plan which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Furthermore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in all Employer contributions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment types. These investments are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in risks in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2016
Net assets available for benefits per the financial statements	$ 18,996,354
Adjustment from contract value to fair value for fully benefit-respsonsive investment contracts	415
Net assets available for benefits per Form 5500	$ 18,996,769

10. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events occurring after December 31, 2017 through October 2, 2018, the date the financial statements were available to be issued. Based on this evaluation, the Plan Administrator has determined that no subsequent events require recognition or disclosure in these financial statements.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Participants of
Novantas 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Novantas 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2017 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Fidelity Management Trust Company held the Plan's investment assets and executed investment transactions as of and for the year ended December 31, 2017. The Plan administrator has obtained a certification from the trustee as of December 31, 2017 and for the year ended December 31, 2017 that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2017 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at Year End) as of December 31, 2017 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2016 Financial Statements

The financial statements of the Plan as of December 31, 2016 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company. Their report, dated October 6, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by Fidelity Management Trust Company, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2017 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA.

1. DESCRIPTION OF PLAN

General

The following description of the Novantas 401(k) Plan (the "Plan") of Novantas Inc. (the "Company" or "Plan Administrator") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a participant directed, defined contribution plan, established in January 2000 in accordance with the provisions of Internal Revenue Code ("IRC") Section 401. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of the Plan

The Plan Administrator oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Administrator.

Eligibility

All employees of the Company except for interns, nonresident aliens who do not receive any U.S. sourced earned income, and union employees covered by a collective bargaining agreement, are eligible to participate in the Plan provided they are eighteen years or older. Employees can enter the Plan immediately upon satisfying the eligibility requirements.

Contributions

Each year, participants may contribute up to 70% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

The Company may make discretionary matching contributions for those participants who make deferral contributions to the Plan. In 2017, the Employer matched 100% of each participant's deferrals up to 6% of their eligible compensation. For the year ended December 31, 2017, the Company contributed $1,337,752 to the Plan.

The Company may also make discretionary nonelective contributions for participants with at least 501 hours of service during a Plan year. No such contributions were made for the year ended December 31, 2017

Participant Accounts

Each participant directs participant and Company contributions to any of the investment options offered by the Plan. Each participant's account is credited with the participant's contribution, Company contributions, if any, and the Plan's earnings (losses), participant withdrawals, and administration expenses, if applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer contributions is earned evenly over five years of continuous service. A participant is 100% vested after five years of credited service, or upon death, or termination because of disability.

Notes Receivable from Participants
Participants are allowed to borrow from their accounts an amount equal to no less than $1,000 and no greater than $50,000 or 50% of the participant's vested balance. Principal and interest are repaid ratably through payroll deductions. The loans bear interest at a rate commensurate with a prevailing commercial rate for a secured personal loan. Repayment terms for general loans is five years, and the repayment period extends to ten years for loans used to purchase a primary residence. Interest rates ranged from 4.25% to 5.25% at December 31, 2017.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his/her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his/her account as a lump-sum distribution. In-service distributions are permitted for participants who have attained age 59 1/2 and for certain hardships.

Forfeited Accounts
Forfeiture balances can be used to reduce future Plan Sponsor contributions or are to be allocated to participants at the end of each year. As of December 31, 2017 and 2016, forfeited non-vested accounts totaled $250,543 and $58,077, respectively. There were no forfeitures used during 2017.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in compliance with the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Payment of Benefits
Benefit payments are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Loans are considered to be in default if any schedule repayment remains unpaid by the last business day of the calendar quarter following the calendar quarter in which the loan payment was missed. At such time, the Plan Administrator would consider the participant loan to be in default, and the delinquent participant note receivable would be deemed a distribution based on the terms of the Plan document.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4, Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold, as well as held during the year.

Plan Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein at the date of the financial statements and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Reclassifications
Certain amounts previously reported in the 2016 financial statements have been reclassified to conform to the 2017 presentation. Such reclassifications do not change the net assets available for benefits at December 31, 2016.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and related investment activity, notes receivable from participants and interest income on notes receivable in the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, the statement of changes in net assets available for benefits for the year ended December 31, 2017 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2017.

4. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded in accordance with FASB ASC 820, Fair Value Measurement, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

The fair value of the registered investment companies is based on the net asset value of the shares held by the Plan at year end as reported on the active market on which the funds are traded.

The fair value of the common/collective trusts are determined by the respective Fund managers using the net asset value (NAV) as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemptions related to the Common/collective trusts as of December 31, 2017 and 2016. The Common/collective trusts can be redeemed daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 24,644,276	$ -	$ -	$ 24,644,276
Common/collective trusts measured at NAV (a)				222,301
Total investments, at fair value				$ 24,866,577

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 18,602,486	$ -	$ -	$ 18,602,486
Common/collective trusts measured at NAV (a)				168,486
Total investments, at fair value				$ 18,770,972

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefit.

5. PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable also qualify as party-in-interest transactions. All such transactions are exempt from the prohibited transaction rules.

6. TAX STATUS

The Plan adopted a prototype profit sharing 401(k) plan which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Furthermore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in all Employer contributions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment types. These investments are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in risks in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2016
Net assets available for benefits per the financial statements	$ 18,996,354
Adjustment from contract value to fair value for fully benefit-respsonsive investment contracts	415
Net assets available for benefits per Form 5500	$ 18,996,769

10. SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events occurring after December 31, 2017 through October 2, 2018, the date the financial statements were available to be issued. Based on this evaluation, the Plan Administrator has determined that no subsequent events require recognition or disclosure in these financial statements.
