Independent Auditors' Report

To the Trustees and Participants in the
GoldenTree Asset Management Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of GoldenTree Asset Management Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the GoldenTree Asset Management Retirement Plan (the "Plan") for eligible employees of GoldenTree Asset Management, L.P. (the "Employer" or "Plan Sponsor") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees who have completed ninety days of service and are age twenty-one or older.

Principal Trust Company (the "Trustee") serves as the trustee of the Plan for most of the Plan's assets, excluding the investment in GoldenTree Partners (100), L.P. (the "Partnership"). Trustees of the Plan with regard to the Partnership are certain employees of the Plan Sponsor, as appointed by the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Sponsor is responsible for the oversight of the Plan and determines the appropriateness of investment offerings and monitors the investment performance.

Contributions

Salary deferral – Each year, participants may make pre-tax elective deferrals up to 100% of their annual compensation, as defined in the Plan agreement, up to the 401(k) deferral limit. As of June 1, 2011, all new eligible employees were automatically enrolled in the Plan at a defaulted percentage of 3%, subsequently increased to 6% as of July 1, 2015, unless they opt out or elect to change the default election deferral. Participants may also elect to designate all or any portion of their elective deferral contributions as Roth elective deferral contributions.

For both the 2017 and 2016 Plan years, the 401(k) deferral limit was $18,000. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution permitted for both 2017 and 2016 was $6,000. Participants may also contribute amounts representing distributions from other eligible retirement plans as defined in the Plan agreement (rollover).

Employer matching contributions – The Employer may make discretionary matching contributions at a percentage as determined by management. Such contributions will be calculated based on a participant's elective deferral contributions and compensation, as defined in the Plan agreement, for the Plan year, excluding any portion of the Plan year in which a participant is not an active participant. This contribution, if any, will be made on an annual basis on the last day of the Plan year to all active Plan participants. There were no Employer matching contributions for the years ended December 31, 2017 and 2016.

Employer profit sharing contribution – The Employer may authorize a profit sharing contribution, which is a discretionary contribution as determined by management. This contribution, if any, will be made on an annual basis before the end of the Plan year and will be allocated to active participants who are either employed on the last day of the Plan year or who have met their early retirement age (as defined in the Plan agreement) and are no longer employed by the Employer during the Plan year. Contributions are made out of current or accumulated net profits of the Employer. There were no Employer profit sharing contributions for the years ended December 31, 2017 and 2016.

1. Description of the Plan (continued)

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and an allocation of the Employer's contributions, Plan earnings and losses, participant forfeitures, and charges for withdrawals. Allocations are based on participant earnings, account balances, or as defined in the Plan agreement. Refer to Note 2 for information on investment transactions and income recognition on individual participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The following investment options are available to the participants: mutual funds, common/collective trusts and a pooled separate account. Employer contributions are automatically invested into the participants' respective investment options. Refer to Note 2 regarding the Partnership.

Vesting and Forfeitures

Participants are immediately vested in their voluntary contributions, qualified non-elective contributions, as well as any discretionary Employer matching and/or discretionary Employer profit sharing contributions, plus actual earnings thereon. Forfeitures, if any, will be used first to pay administrative expenses and second, to reduce Employer contributions. At December 31, 2017 and 2016, there were no forfeitures to be allocated to cover the Plan's administrative expenses.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or their beneficiaries, may elect to receive a lump-sum amount equal to the value of the participant's account balance with full vested rights. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), and are stated in United States Dollars. The following is a summary of the significant accounting policies used in preparing the financial statements:

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2017 and 2016.

Notes Receivable from Participants and Withdrawals

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. There were no discharged loans for the years ended December 31, 2017 and 2016.

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, excluding any portion invested in the Partnership. The loans are secured by the balance in the participant's account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1 to 5 years, unless the loan is for the purchase of a primary residence. Loans bear interest at a rate of prime plus 1% as determined at the time the loan is approved. Principal and interest are payable rateably through semi-monthly payroll deductions.

Participants may also obtain a cash withdrawal of all or a portion of the value of their vested contributions including rollover contributions and any Employer contribution (but excluding any qualified non-elective contributions, qualified matching contributions, safe harbor contributions, earnings on those contributions and any amount invested in the Partnership) on the basis of hardship as permitted under the Plan.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the valuation policies. See Note 4 for discussion of the value measurements.

The Plan's investment in the Partnership is recorded at fair value, which represents the Plan's proportionate interest in the net asset value ("NAV") of the Partnership as reported by management of the Partnership. The Plan's assets are directly affected by the performance of the Partnership. The principal investment objective of the Partnership is to achieve superior risk-adjusted total returns by investing, directly or through its master participation agreement with GoldenTree Master Fund, Ltd. and primarily in public and private non-investment grade and non-rated debt securities; although the offering memorandum details a broad range of investments that it may utilize in order to achieve the Partnership's principal investment objective. The Partnership was removed as an investment option from the Plan as of September 30, 2009 and is further discussed in Note 4.

The Plan offers investments in mutual funds, common collective trusts and a pooled separate account, see Note 4 for additional information.

Net appreciation (depreciation) in the fair value of the Plan's investments, as reported on the statement of changes in net assets available for benefits, includes the realized gains or losses and the unrealized appreciation or depreciation on investments bought and sold as well as held during the year.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or depreciation in fair value of investments.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)" ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. In addition, the update limits disclosures to investments for which the entity elected to measure the fair value using the practical expedient rather than all eligible investments. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan adopted ASU 2015-07 as of January 1, 2016, as Plan management believes this presentation is more relevant to the users of the financial statements. This standard involves presentation and disclosure and, therefore, did not have a material impact on the Plan's financial statements.

2. Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

In July 2015, FASB issued ASU 2015-12, which is made up of three parts: "(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient". Only Part I and Part II of the ASU are applicable to the Plan. Part I of ASU 2015-12 requires that fully benefit-responsive investment contracts ("FBRICs"), as defined within the FASB ASC Master Glossary, be measured, presented, and disclosed only at contract value and eliminates certain disclosures previously required for FBRICs. Part II of ASU 2015-12 requires that all Plan investments be disaggregated based only on general type, which eliminates certain additional disclosures related to the disaggregation of Plan investments in multiple ways including the need to disaggregate investments by nature, characteristics and risks. Additionally, Part II of this guidance also eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. The Plan has adopted ASU 2015-12 (Part I and II) as of January 1, 2016. This standard involves presentation and disclosure and, therefore, did not have a material impact on the Plan's financial statements.

3. Information Certified by the Trustee

Other than the fair value of the Partnership, certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation (depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

4. Fair Value Measurements

In accordance with the authoritative guidance on fair value measurements and disclosures under US GAAP, the Plan follows a standard that establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels are defined as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

4. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or the liability, either directly or indirectly, for substantially the full term of the financial instrument and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts are valued using NAV provided by the Trustee, which are based on the fair value of the underlying investments held by the fund less its liabilities. The trust's NAV is used as a practical expedient to estimate fair value since it is not probable that the fund will sell the investment for an amount different than the reported NAV.

The **pooled separate account** invests mainly in domestic stocks. The NAV is based upon the value of the underlying assets as determined by the Trustee’s valuation.

The **Partnership** is an investment vehicle recorded at fair value, which represents the Plan’s proportionate interest in the NAV of the Partnership as reported by the management of the Partnership.

The preceding methods produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 24,200,672	$ -	$ -	$ 24,200,672
Total assets in the fair value hierarchy	$ 24,200,672	$ -	$ -	$ 24,200,672
Investments measured at net asset value*				12,258,906
Total investments at fair value				$ 36,459,578

	Assets at Fair Value as of December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 19,727,029	$ -	$ -	$ 19,727,029
Total assets in the fair value hierarchy	$ 19,727,029	$ -	$ -	$ 19,727,029
Investments measured at net asset value*				10,087,657
Total investments at fair value				$ 29,814,686

*Certain investments measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no transfers into or out of Level 1, Level 2, or Level 3 during the years ended December 31, 2017 and December 31, 2016.

4. Fair Value Measurements (continued)

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017 and 2016, respectively.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trusts [a], [b], [c]	$ 8,754,000	N/A	Daily	None
Pooled separate account [d]	$ 3,320,385	N/A	Daily	None
GoldenTree Partners (100), L.P.	$ 184,521	N/A	**	**
	$ 12,258,906			

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trusts [a], [b], [c]	$ 7,380,188	N/A	Daily	None
Pooled separate account [d]	$ 2,495,725	N/A	Daily	None
GoldenTree Partners (100), L.P.	$ 211,744	N/A	**	**
	$10,087,657			

[a] The investment objective of the Principal Stable Value Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments.

[b] The investment objective of the other Principal trusts is to seek total return consisting of long-term growth of capital and current income, consistent with the investment strategy of an investor who expects to retire in the target year of the fund.

[c] The investment objective of the Neuberger Berman Value Equity Fund is to build client wealth through investments in undervalued U.S. equities.

[d] The investment objective of the Principal LargeCap S&P 500 Index Separate Account is to invest the majority of its assets in common stocks of companies that compose the S&P 500 Index in an attempt to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P 500 Index.

** The Partnership is valued at the NAV provided by the Partnership's administrator on a monthly basis. The Plan Sponsor, which is also the investment manager for the Partnership, relies upon the valuation policy and procedures established by the Partnership to determine that the NAV is properly reported. The NAV was used as a practical expedient as provided by FASB guidance.

The Plan Sponsor evaluates the underlying redemption policy to determine that the Plan's investment in the Partnership cannot be redeemed on a timely basis or if there are other restrictions. The Plan invests in Class C and Class F of the Partnership. Class C and Class F hold special investments that the Partnership believes either lack a readily assessable market value or should be held until the resolution of a special event or circumstance. Therefore, the Plan's investment in the Partnership cannot be redeemed until a realization of a special investment, as determined by its general partner.

The Plan was amended effective January 1, 2009 to suspend the Partnership from receiving new participant money. Effective September 30, 2009, the Partnership was removed as an investment option for Plan participants. Remaining illiquid shares held by the Plan as of December 31, 2017 will be redeemed into the applicable participant accounts in subsequent years.

5. Related-Party Transactions and Party-In-Interest Transactions

Investments of the Plan include an investment in the Partnership which is managed through common ownership and control with the Plan.

In addition, certain Plan investments are shares of mutual funds managed by the Trustee and therefore, these transactions qualify as exempt party-in-interest transactions. A portion of fees incurred by the Plan for the investment management services are paid through revenue sharing, rather than a direct payment. For the year ended December 31, 2017 the Plan made direct payments for administration services totaling $2,401 which were not covered by revenue sharing. As described in Note 2, the Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Federal Income Tax Status

The IRS has determined and informed the Plan by a letter dated October 24, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax exempt. Therefore, no provisions for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment instruments, including mutual funds and investment contracts. These investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's investment in the Partnership is subject to various risk factors including market, credit, interest rate and currency risk, both on and off its balance sheet. The Partnership may have exposure to these risks to varying degrees, which may be material to the Plan's investment. There can be no assurance that the Plan will be able to realize the value of such investments in a timely manner.

7. Risks and Uncertainties (continued)

Although the Plan Sponsor of the Partnership uses its best judgment in estimating the fair value of investments, there are inherent limitations in any estimation technique. Future events that could be material to the financial statements will also affect the estimates of fair value, including the ultimate liquidation of the investments.

The Plan Sponsor has a fiduciary responsibility to the participants of the Plan. As such, the Plan Sponsor is liable to make good on losses to the Plan resulting from a breach of fiduciary duty and to make the Plan whole for any adverse consequences of noncompliance, which may result in prohibited transactions that would ultimately give rise to significant receivables. Any receivable to be recorded may include an allowance for estimated uncollectible amounts. There was no allowance provided as of December 31, 2017 or 2016, as all amounts were considered collectible by the Plan Sponsor.

8. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

9. Delinquent Participant Contributions

During 2017, the Plan was untimely in remitting certain participant contributions (including loans) totaling $93,429. Late remittances of participant contributions constitute a prohibited transaction, regardless of materiality. The Plan has self-corrected this payment during 2018 and remitted the lost earnings to the Plan during 2018. The lost earnings amounts have been included in other receivables for the year ended December 31, 2017.

10. Subsequent Events

The Plan's management has evaluated the period from January 1, 2018 to October 9, 2018, the date the financial statements were available to be issued, for subsequent events requiring recognition or disclosure in the financial statements. Effective March 1, 2018, Principal Trust Company was no longer the Trustee and was replaced by Fidelity Management Trust Company.

There were no additional material subsequent events noted during this period.
