BROWNING 401(k) SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2017

NOTE 1 – Description of the Plan

The following description of the Browning 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Dick Browning, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. An eligible employee is any person employed by the Company or employed by any of the following adopting employers: Cerritos Dodge, Inc., Auto Square Autos Inc., VAHI, Inc., DAV, Inc., Victorville Nissan, Hi Desert Autos, Inc., Triangle Motors, Inc., and KMS Automotive Inc. (collectively, the employer) who have completed three consecutive months of service and are age 21 or older. Eligible employees may enroll on the entry date coinciding with or following the date eligibility is met. The Plan Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective January 1, 2017, Great-West Trust Company, LLC (Great-West) became the trustee of the Plan. In addition, the Plan Administrative Committee adopted a prototype non-standardized 40(k) plan effective January 1, 2017. As a result of the adoption, the Plan has an auto-enrollment provision whereby all newly eligible employees hired after January 1, 2017 are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Contributions

Participants may contribute total pre-tax and after-tax contributions to the Plan up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. In addition, the Plan provides for discretionary employer matching contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited nonvested accounts totaled $4,646 and $1,910, respectively. These accounts will be used to reduce future employer contributions to the Plan or to pay administrative expenses. In 2017, employer contributions were reduced by $10,516 from forfeited nonvested accounts.

NOTE 2 – Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and other income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Corrective Distributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

NOTE 2 – Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

In-Service Withdrawals

Participants who are at least 59-½ years of age are entitled to receive a distribution of all or any portion of their vested account balance.

Hardship withdrawals, which meet a hardship purpose of immediate and heavy financial need, are permitted as provided in the plan agreement. Such amounts may be subjected to certain income tax penalties.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2018, the date the financial statements were available to be issued.

NOTE 3 – Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, the trustee of the Plan, and John Hancock, the custodian of the plan, has certified that the following data as included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value, excluding the life insurance cash value
- Notes receivable from participants
- Net appreciation in fair value of investments, excluding life insurance cash value
- Interest and other income
- Schedule of assets held at end of year

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and

NOTE 4 – Fair Value Measurements (Continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-bearing cash: Valued on a trade-date basis with accrued interest.

***Life insurance cash value*:** Valued at cash surrender value, which approximates fair value.

Collective trusts: Valued based on the net asset value (NAV) on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trusts is used as a practical expedient to estimate fair value and is determined by the trustee based on the fair value of underlying assets in the trusts, less the liabilities.

Stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV of the stable value fund is used as a practical expedient to estimate fair value and is determined by the trustee based on the fair value of underlying assets in the trusts, less the liabilities.

NOTE 4 – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 3,927,274	$ 3,927,274	$ -	$ -
Total assets in the fair value hierarchy	$ 3,927,274	$ 3,927,274	None	None
Investments measured at net asset value [(a)]	15,258,439			
Investments at fair value	$ 19,185,713			

	Assets at Fair Value as of December 31, 2016			
	Total	Level 1	Level 2	Level 3
Life insurance cash value	$ 34,332	$ -	$ -	$ 34,332
Interest-bearing cash	16,583,782	16,583,782	-	-
Total assets at fair value	$ 16,618,114	$ 16,583,782	None	$ 34,332

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent), as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

Investments in all common collective trust funds can be redeemed each business day at the current net asset value. Investments in the stable value fund can be redeemed each day for participant requested withdrawals. Plan level redemptions for the stable value fund require 90 days written notice from the plan administrator. There are no other withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2017.

NOTE 4 – Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2017:

	Life Insurance Cash Value
Balance, beginning of year	$ 34,332
Increase in value	4,048
Policy termination	(38,380)
Balance, end of year	$ -

NOTE 5 – Related-Party Transactions and Party-In-Interest Transactions

During the year ended December 31, 2017, the Plan was invested in shares of mutual funds, a stable value fund, and collective trust funds managed by Great-West. Great-West is the trustee and recordkeeper as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third-party administrator of $72,529, which was not covered by revenue sharing. The plan sponsor pays directly any other fees related to the Plan's operations.

Effective January 1, 2017, Great-West provides certain administrative services to the Plan pursuant to the service agreement between the Company and Great-West. If the revenue received by Great-West exceeds the amount owed under the agreement, Great-West remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expense. During 2017, the plan received $15,111 from Great-West which was recorded as other income. A total of $15,111 in excess was used to pay non-related third party plan administrative expenses. The Plan sponsor may make a payment to Great-West or other non-related third parties for administrative expenses not covered by revenue sharing.

NOTE 5 – Related-Party Transactions and Party-In-Interest Transactions (Continued)

Effective January 1, 2017, Great-West entered into a multi-year affinity relation with the National Automobile Dealers Association (NADA), which the plan sponsor is a member. As a part of the agreement Great-West entered into a License Agreement with NADA under which Great-West will pay a royalty to NADA. The amount of the royalty is 15 basis points annually, calculated based on the amount of all assets under the administration by Great-West under the NADA retirement program, which includes the assets of the Plan. During the year ended December 31, 2017, royalty fees paid to NADA by Great-West totaled $18,767. The royalty fees paid to NADA are paid directly by Great-West and are not an obligation of the Employer, the Plan or the participants of the plan. As Great-West is the trustee of the plan assets fees paid under the royalty agreement to NADA qualify for party-in- interest transactions.

NOTE 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – Tax Status

On March 31, 2014, the IRS stated that the prototype non-standardized profit-sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 to the Form 5500:
