CAROLINA CONTAINER COMPANY
401(k) RETIREMENT PLAN
Summary of Accounting Policies

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

MANAGEMENT ESTIMATES

The presentation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

EVENTS OCCURRING AFTER REPORTING DATE

The Plan has evaluated events and transactions that occurred between December 31, 2017 and October 11, 2018, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Carolina Container Company ("Company") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. *General*. The Plan is a defined contribution plan covering all employees of the Company who have completed six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. *Contributions*. Each year, participants may make salary deferral contributions from 1% to 50% of their compensation, up to the maximum dollar amount permitted by law. The Company will make discretionary matching contributions as determined by the Company for participants employed on the last day of the Plan year and have completed 1,000 hours of service during the plan year. For the year ending December 31, 2017, the matching contribution was 100% of the first 3% of eligible compensation plus 50% of salary deferrals between 3% and 5% of eligible compensation. The Company will make a profit sharing contribution at the discretion of the Board of Directors annually to all employees that meet the age and service eligibility requirements, are employed on the last day of the Plan year, and have completed 1,000 hours of service during the Plan year. Contributions are allocated in proportion based on total compensation in the employee's participant group. There are seven different participant groups. There was no profit sharing contribution for the year ended December 31, 2017. The annual additions to a participant's account are limited to the amount permissible under the Internal Revenue Code.

C. *Participant Accounts*. Each participant's account is credited with the participant's contribution, the allocation of the Company's contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. *Investment Options*. Upon enrollment in the Plan, a participant may direct contributions in various investment options offered by the Plan. Participants may change their investment options at any time. All investments are participant directed.

E. *Vesting*. Participants are vested immediately in their contributions plus the actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Employer matching and profit sharing contributions vest as follows:

Years of Service	% Vested
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

F. *Payment of Benefits*. On termination of service due to death, disability, financial hardship or retirement, participants may elect to receive the vested portion of their participant account in a lump sum or in installments. In-service financial hardship withdrawals are also allowed of the vested portion of the participant account.

***NOTE 1 - DESCRIPTION OF PLAN** (Continued)*

G. *Forfeited Accounts*. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $14,704 and $25,157, respectively. $0 of forfeited nonvested accounts was used to reduce administrative fees and $17,259 was used to reduce employer matching contributions during the year ended December 31, 2017.

NOTE 2 - SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The Plan's funds are maintained by the trustee, TD Ameritrade Trust Company. The Plan administrator has instructed the independent auditors not to examine the information certified as complete and accurate by the trustee. The trustee's certification applies to all Plan investments and investment transactions for the dates presented, except for the life insurance policies held at AXA Equitable, Phoenix, and MetLife, which were valued at $300,682 and $292,242 at December 31, 2017 and 2016, respectively.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***NOTE 3 - FAIR VALUE MEASUREMENTS** (Continued)*

Common/collective trust funds "CCT": Valued at the net assets value (NAV) of units provided by fund managers. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Life insurance policies: Valued based on the cash surrender value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 18, 2011, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of money market funds managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Stanley Benefit Services, Inc. provides administrative services to the Plan. Fees paid by the Plan for administrative services qualify as party-in-interest transactions.

Sharrard McGee & Co, P.A. is the Plan auditor. Fees paid by the Plan for auditing services qualify as party-in-interest transactions.

NOTE 8 - ALLOCATED LIFE INSURANCE POLICIES

Prior to April 2000, Plan participants could use up to 25% of the yearly contribution to purchase whole life policies. The Plan is the named beneficiary. Premiums are recorded when paid. The cash surrender value of these polices is included in Plan assets.
