INDEPENDENT AUDITORS' REPORT

To the Trustees of
Future Ford of Concord 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Future Ford of Concord 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Symetra Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Other Matter

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2017 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

To the Trustees of
Future Ford of Concord 401(k) Plan

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

1. Description of Plan

The following description of Future Ford of Concord 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Future Ford of Concord (the "Company") on February 1, 2005, and was most recently amended on January 1, 2018. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees of the Company over the age of 21 with at least one year of service are eligible to participate in the Plan, except for union employees, nonresident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Newport Group, Inc. was the appointed Third Party Administrator and Symetra Life Insurance Company ("Symetra") was the appointed custodian for the Plan in 2017 and 2016, and acted at the direction of the Plan's administrator (see Note 10).

Contributions

Participant contributions are made through payroll deductions and are subject to the limits imposed by Section 402(g) of the IRC. Participants may elect to contribute up to 100% of their eligible pre-tax compensation to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company makes discretionary matching contributions based on participant's elective deferrals. The Company matched 50% of the participant's contributions up to a maximum of 3% of eligible compensation for the year ended December 31, 2017. The Plan also allows for a discretionary profit sharing contribution. No discretionary profit sharing contribution was made for the year ended December 31, 2017. Participants must be employed on the last day of the Plan year to share in Company matching and profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

1. Description of Plan, continued

Vesting

Participant and employer contributions, rollovers, and net earnings, are fully vested when made or earned (see Note 10).

Notes Receivable from Participants

Participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Note receivable terms range from one to five years. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate of one percentage point over the prime interest rate at the time the note receivable originates. Interest rates on notes receivable from participants at December 31, 2017 ranged from 4.25% to 5.25% per annum. Principal and interest are paid in equal installments through payroll deductions or personal check for prepayment on the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from participant and employer contributions, with the exception of hardships that may not be taken from employer contributions. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the third party administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of investments offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures from excess employer matching contributions will be used to reduce future employer discretionary contributions. Forfeited excess employer matching contributions totaled $7,417 and $4,084 as of December 31, 2017 and 2016, respectively. Forfeited funds in the amount of $4,084 were used to reduce employer matching contributions during the year ended December 31, 2017.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies utilize information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 and 2016 excess contributions to the applicable participants prior to April 15, 2018 and 2017, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies, continued

Information Certified by the Custodian

Symetra has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, which was used to prepare the accompanying financial statements and supplemental schedules.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Continued

3. Fair Value Measurements, continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,212,831	$ -	$ -	$ 2,212,831
Investments, at fair value	$ 2,212,831	$ -	$ -	$ 2,212,831

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,927,187	$ -	$ -	$ 1,927,187
Investments, at fair value	$ 1,927,187	$ -	$ -	$ 1,927,187

4. Information Prepared and Certified by Custodian (unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Symetra:

	2017	2016
Investments, at fair value	$ 2,212,831	$ 1,927,187
Investments, at contract value	$ 169,659	$ 125,431
Net appreciation in fair value of investments	$ 286,979	N/A

5. Investment Contract with Symetra Life Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Symetra. Symetra maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Continued

5. Investment Contract with Symetra Life Insurance Company, continued

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by Symetra, represents contributions made under the contract, plus earnings, less participant distributions and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

6. Party-in-Interest Transactions

The investment contract is managed by Symetra, the custodian of the Plan. Any purchases and sales of this fund is performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan uses a prototype plan document sponsored by Newport Group, Inc. (formerly known as Verisight, Inc.). Verisight, Inc. received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement.

Continued

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and a guaranteed investment contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 8, 2018, the date which these financial statements were available to be issued. Management concluded that, except as noted below, no material subsequent events have occurred since December 31, 2017 that requires recognition or disclosure in such financial statements.

The Plan was amended to include a 6 year vesting schedule for employer matching and profit sharing contributions effective January 1, 2018. Participants who were employees of the Company prior to January 1, 2018 will continue to be fully vested in all accounts.

On January 1, 2018, Pensys Fiduciary Services, Inc. was the appointed as a fiduciary, Empower Retirement was appointed Third Party Administrator, Advised Assets Group, LLC was appointed investment advisor, and Great-West Life & Annuity Insurance Company ("GWLAIC") was appointed as the custodian for the Plan. All the Plan's investments were transferred to GWLAIC in March 2018.

ERISA Section 408(b)(2) Annuity Services & Compensation Disclosure
From Symetra Life Insurance Company

Symetra
Group Variable Annuity

This disclosure statement contains information about the Symetra Group Variable Annuity product and services that Symetra Life Insurance Company (Symetra Life, we, us, our) provides to your retirement plan in connection with the product. This disclosure statement is not intended to replace the Contract issued to you and Certificates issued to your participants under the Contract. In the event of conflict between the Contract and this disclosure statement, the Contract shall control. This information is designed to help you fulfill your duty as a plan fiduciary in accordance with Section 408(b)(2) of the Employee Retirement Income Security Act of 1974 (ERISA). This statement contains the following: the Recordkeeping Services we provide; our Direct and Indirect Fees; and Payments to Financial Professionals.

Recordkeeping Services

The product has a separate account that invests in an array of mutual funds all of which are segregated sub-accounts of the separate account. In addition, as an insurance company, we are also able to offer the Symetra Life Fixed Account. The fixed account provides a guarantee of principal with a fixed interest rate. This account is an investment in the general account of Symetra Life and is not segregated from Symetra Life's other assets.

Your plan allows your participants to direct the investment of their own contributions into the available portfolios. The product allows your participants to direct the investment of their own contributions subject to the plan's authorization. Your participants give us instructions on how to invest their contributions based on the options available. Recordkeeping Services are provided in connection with offering the product. The following services are provided where allowed by the plan and by governing Internal Revenue Service and Department Of Labor regulations. Some services require Plan Administrator authorization.

Allocating Forfeitures
Benefit elections at separation from service
Call Center Services, including toll-free phone and fax services
Case Statements (to Plan Administrator)
Change of address
Change of beneficiary
Change of servicing agent
Change of investment selection
Confirmations of Account Activity

Symetra Life, through our separate account offered under the product, offers investment options that invest in mutual funds that are unaffiliated with Symetra Life. We execute trades on behalf of your plan with those mutual funds based on your plan and/or your participants' instructions. By providing these services, this eliminates the cost of engaging another party to perform these services. We also act as an agent on the daily trading of these funds through our separate accounts. As a result, we may receive 12b-1 and sub-transfer agency ("Sub-TA") fees for performing these services. While these fees are retained by Symetra Life, or its broker-dealer affiliate, Symetra Securities, Inc., they are considered in our pricing. For the specific fee amounts, please see the Investment Options Table below. The Investment Options Table details a reasonable estimate of the fees we receive in the form of 12b-1 or sub-TA fees paid to us expressed as a percentage of the assets invested in that investment option.

We are not a plan fiduciary under ERISA. You are responsible for selecting this product, including its plan lineup. Your plan participants select their own investment options and Symetra Life has no discretion over this process. Additionally, we carry out administrative and Recordkeeping Services based on your direction as the plan's fiduciary. We are not a registered investment adviser.

Direct and Indirect Compensation

For all of the services described above, Symetra's compensation includes the following direct contract-level charges and indirect compensation. All compensation described in this section is integral to the total compensation received by Symetra Life for all Recordkeeping Services described above. No individual source of revenue should be considered in isolation with respect to a single service.

Direct Compensation from Contract Charges

The following Contract-level charges are paid directly by each participant or the Contractholder to Symetra Life:

Annual Administrative Maintenance Fee: $30 each calendar year not to exceed $35 (currently waived).

Asset Charge: The charge is 1.40% of the daily net asset value of the accumulation unit for each "Portfolio" under the contract on an annual basis. The charge may be reimbursed in part to participant accounts. Contact your sales agent or us for details. (This charge does not apply to investments in the Fixed account.)

In some contracts, the Asset Charge is comprised of a Mortality and Expense Risk charge equal on an annual basis to 1.25% of the daily net asset value of the sub-account and the Asset Related Administration Charge equal on an annual basis to .15% of the average daily net asset value of the Separate Account. Check your Contract for details.

Contingent Deferred Sales Charge (CDSC): The charge is a declining percentage over a specified period of years of the amount withdrawn from the participant's accumulation account or Contract holder's accumulation account. This charge may vary or may not be applicable to your Contract. See your Contract for details.

Notwithstanding whether your Contract was sold with a CDSC schedule, your Plan and participants have no further CDSC charges for withdrawals because your Contract's anniversary is past the last Contract year in which Symetra Life would charge a CDSC under the terms of your Contract.

Market Value Adjustment (MVA): equal to net investment loss. The adjustment applies to Transfers and Withdrawals in excess of 10% of the Contract holder's and participant's Fixed Account value per Certificate Year, when the current interest rate (credited to new Purchase Payments) is more than the interest rate being credited to the funds transferred or withdrawn. There is no market value adjustment for participant-initiated events such as termination of employment, in-service distributions, loans, financial hardship, disability or death. For a complete list of participant-initiated events, please see your Contract. (The MVA applies only to investments in the Symetra Fixed Account.)

Transfer Charge: $10 for any transfer after the first 12 transfers in a calendar year (currently waived).

Withdrawal Charge: $25 for each withdrawal after the first withdrawal in a Certificate Year (currently waived).

Indirect Compensation

For investment-related indirect fee information as of the date of this disclosure document, please see the Investment Options Table below. In our role as distributor and transfer agent for the investment options under the contract, Symetra or its affiliate, Symetra Securities, Inc., may receive distribution (12b-1 fees) from the funds that are investment options under the contract and sub-transfer agency/recordkeeping fees/administration from the investment company (or its affiliate) for plan assets invested in the investment option. Symetra Life only offers mutual funds in the product that are unaffiliated with us; we do not collect any Portfolio-level investment management fees. The investment management fees and other fees deducted from the investment option by the mutual fund company are equal to the amounts shown in the separate disclosure statements we provide you for compliance with the Department of Labor's 404a-5 regulation under ERISA. Data for unaffiliated funds is obtained from sources external to us. We cannot guarantee the accuracy, completeness or timeliness of this data.

Symetra's compensation will also include the following elements:

1. any investment gains resulting from Symetra's trading errors or other share or unit value discrepancies. Symetra will keep any gains and absorb any losses derived from re-processing transactions due to our trading errors. If such re-processing results in a loss, Symetra will make the plan and plan participants whole.
2. earnings (*i.e.*, "float income") on funds received, or credited to the Contract, before they are invested, allocated or applied in accordance with allocation instructions from the plan; or funds transferred from your Contract and held in Symetra Life's general account before actual disbursements are made from the general account. For more information about float income, please contact us for details.
3. varying amounts of revenue from the Symetra Fixed Account. The amount of revenue varies based on the spread (if any) between the net earned rate of Symetra Life's general account investments and interest rates credited for the Symetra Fixed Account. If there is no spread, we bear the risk of loss for crediting the guaranteed minimum interest rate we credit to the Symetra Fixed Account shown in your Contract.

All of the indirect compensation we receive helps Symetra Life offset the costs of providing you the Recordkeeping Services described in this disclosure statement.

[1] 12b-1 Fees are paid to us by the investment company (or its affiliate) to offset our distribution and marketing expenses and shareholder costs.

[2] Sub-transfer agency and service agreement fees remitted to us by the investment company (or its affiliate) offset the cost of Recordkeeping Services associated with administering plan and individual participant accounts.

[3] In any calendar quarter, if Symetra Life assets are under $100 million invested in the Fidelity VIP Portfolios excluding the Government Money Market Portfolio, Symetra Life may receive no compensation. For assets over $100 million but under $125 million, Symetra Life receives 0.05% of the average net assets invested in the Fidelity VIP Portfolios excluding the Government Money Market Portfolio. Symetra Life receives 0.10% of the average net assets in excess of $125 million invested in the Fidelity VIP Portfolios excluding the Government Money Market Portfolio.

[4] Symetra Life receives 0.25% of the average net assets in excess of $100 million invested in Invesco Portfolios. For assets under $100 million and above $50 million, Symetra Life receives 0.20% of the average net assets. For assets under $50 million, Symetra Life receives 0.15% of the average net assets. Effective October 1, 2016, Symetra Life will receive 0.15% of the average daily net assets and will no longer receive higher amounts for higher balances.

* Restricted Portfolios. These Portfolios are open to investors who have been continuously invested in them. However, if they ever reach a zero balance, regardless of how the zero balance occurred (through withdrawals, repetitive payments, transfers, loans, etc), the investment option will no longer be available for future investments.

Payments to Sales Agents

As the plan fiduciary, you purchased our Contract through a sales agent who is registered with a broker-dealer. The agent's responsibilities included providing you information about the Contract. Symetra Life has sold the Contract through the agent who is licensed by the state and appointed by Symetra Life to sell the Contract. The agent's broker-dealer/supervising agency is compensated for services through a sales commission. It is the broker-dealer's responsibility to pay the agent.

The sales commissions that we pay for the sale of the Contract, and which you pay indirectly through our fees, are reflected in the Schedule A of your Form 5500. Please contact us or your agent for information regarding the exact amount of the commission we pay on the sale of your Contract.

Group Variable Annuity Investment Options

Overview

Document Summary

This document includes important information that may help you compare the different investment options (if available) under your retirement plan. For additional information about your investment options, visit the Internet Web site address shown in the Tables below, contact your Plan Administrator or Trustee or call us at 1-800-796-3872 as representatives are available Monday through Friday from 6:00 AM to 4:30 PM Pacific Time to assist you. You can also receive a free paper copy of the information available on the Web site or additional information about your annuity product, by contacting your Plan Administrator or Trustee or call us at 1-800-796-3872.

This document has 3 parts. Part I has a telephone number where you can call for your fixed interest rates. Part II shows you the fees and expenses. Part III contains information about the annuity options available in the product under your retirement plan.

Please visit www.symetra.com/IndividualsFamilies/Products/glossary/ for a glossary of investment terms relevant to the investment options under this plan. This glossary is intended to help you better understand your options.

Part 1: Performance Information

Table 1

Table 1 focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available by going to https://www.symetra.com/IndividualsFamilies/Products/Annuities/ and selecting Group Variable Annuity from the first drop-down box and Performance and Portfolios from the second drop-down box. To provide investment instructions, please contact us at 1-800-796-3872. You can transfer money among the investment options 12 times per certificate year free of a transfer charge. The transfer charge is currently waived. The minimum amount you can transfer out of an investment option is $500, or the entire value of the investment option if less. In addition, transfers out of the Fixed Account are limited to 10% of the Fixed Account value per certificate year.

You have the right to exercise voting, tender and similar rights related to the variable investments offered under your retirement plan. You will receive information regarding such rights and how to exercise them at the time of a vote, tender or other event.

Table 2

Table 2 focuses on the performance of investment options that have a fixed or stated rate of return. Table 2 shows the annual rate of return of each such option, the term or length of time that you will earn this rate of return, and other information relevant to performance.

Part 2: Fee and Expense Information

Table 3

Table 3 shows fee and expense information for the investment options listed in Table 1 and Table 2. Table 3 shows the Total Annual Operating Expenses of the options in Table 1. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. Table 3 also shows Shareholder-type Fees. These fees are in addition to Total Annual Operating Expenses.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Part 3: Annuity Information

Table 4

Table 4 focuses on the annuity options under your plan. Annuities are insurance contracts that allow you to receive a guaranteed stream of payments at some future date, usually when you retire. The annuity in your plan is a deferred annuity meaning that you accumulate an account balance that can later be converted (at your choice) into an income stream. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

Group Variable Annuity Investment Options

Table 3: Fees and Expenses

Investment Option	Type of Option	Total Annual Operating Expense (%)	Total Annual Operating Expense Per $1000	Shareholder-type Fees

These charges are based on each Participant's balance invested in the product, and paid directly by each Participant.

Annual Administrative Maintenance Fee: $30 each calendar year not to exceed $35 (currently waived).

Withdrawal Charge: $25 for each withdrawal after the first in a certificate year (currently waived).

Transfer Charge: $10 for any transfer after the first 12 transfers in a calendar year (currently waived).

Asset Charge: The charge is 1.40% of the daily net asset value of the accumulation unit for each "Portfolio" under the contract on an annual basis. The charge may be reimbursed in part to participant accounts. Contact your sales agent or us for details. (This charge does not apply to investments in the Fixed account.) In some contracts, the Asset Charge is comprised of a Mortality and Expense Risk charge equal on an annual basis to 1.25% of the daily net asset value of the sub-account and the Asset Related Administration Charge equal on an annual basis to .15% of the average daily net asset value of the Separate Account. Check your Contract for details.

Market Value Adjustment (MVA): equal to net investment loss. The adjustment applies to Transfers and Withdrawals in excess of 10% of the Contract holder's and participant's Fixed Account value per Certificate Year, when the current interest rate (credited to new Purchase Payments) is more than the interest rate being credited to the funds transferred or withdrawn. There is no market value adjustment for participant-initiated events such as termination of employment, in-service distributions, loans, financial hardship, disability or death. For a complete list of participant-initiated events, please see your contract. (The MVA applies only to investments in the Symetra Fixed Account.)

Contingent Deferred Sales Charge (CDSC): The charge is a declining percentage over a specified period of years of the amount withdrawn from the participant's accumulation account or Contract holder's accumulation account. This charge may vary or may not be applicable to your Contract. See your Contract for details. Notwithstanding whether your Contract was sold with a CDSC schedule, your Plan and participants have no further CDSC charges for withdrawals because your Contract's anniversary is past the last Contract year in which Symetra Life would charge a CDSC under the terms of your Contract.

Please reference your quarterly participant statement for an explanation of fees specifically charged to your account.

Investment Option	Objectives/ Goals	Pricing Factors	Restrictions/ Fees
Group Variable Annuity https://www.symetra.com/IndividualsFamilies/Products/RetirementPlans	To provide a guaranteed stream of income for a period of time based on your participant account value. This option is available through a variable annuity contract your employer has with Symetra Life Insurance Company. You do not need to exercise this option and can receive a distribution equal to your participant account value.	You have the right to elect annuity payments in the form of a life annuity, life annuity with monthly payments guaranteed, and joint and survivor life annuity. You can choose to have fixed or variable payments, or both. The payment amount will be based on many factors including the guarantees, if any, under the annuity option you choose, the frequency of annuity payments, the investment performance, if you choose variable annuity payments, and the annuitant's age at the time you elect to annuitize your contract. There is no additional cost to begin receiving annuity payments under the contract. Table 3 lists the Total Annual Operating expenses of the investment options as well as the charges paid directly by each participant. In addition, there is no additional cost for the death benefit available under the contract your employer has with us and payable to your named beneficiary. This benefit is generally the return of all deposits less subsequent withdrawals. Your death benefit does not continue after you have elected an annuity payment option.	If the amount applied to an annuity option is less than $5000 we may pay you in a lump sum cash distribution where permitted by state law. If annuity payments are less than $250, we may decrease the frequency so that each payment is at least $250. Once you begin receiving annuity payments, the option you chose cannot be stopped or changed. The Annual Administration Maintenance Charge continues to be deducted annually once you begin receiving annuity payments (currently waived). Employees should consult with their Plan Sponsor prior to electing an annuity option.

ERISA Section 408(b)(2) Annuity Services & Compensation Disclosure
From Symetra Life Insurance Company

Symetra
Group Variable Annuity

This disclosure statement contains information about the Symetra Group Variable Annuity product and services that Symetra Life Insurance Company (Symetra Life, we, us, our) provides to your retirement plan in connection with the product. This disclosure statement is not intended to replace the Contract issued to you and Certificates issued to your participants under the Contract. In the event of conflict between the Contract and this disclosure statement, the Contract shall control. This information is designed to help you fulfill your duty as a plan fiduciary in accordance with Section 408(b)(2) of the Employee Retirement Income Security Act of 1974 (ERISA). This statement contains the following: the Recordkeeping Services we provide; our Direct and Indirect Fees; and Payments to Financial Professionals.

Recordkeeping Services

The product has a separate account that invests in an array of mutual funds all of which are segregated sub-accounts of the separate account. In addition, as an insurance company, we are also able to offer the Symetra Life Fixed Account. The fixed account provides a guarantee of principal with a fixed interest rate. This account is an investment in the general account of Symetra Life and is not segregated from Symetra Life's other assets.

Your plan allows your participants to direct the investment of their own contributions into the available portfolios. The product allows your participants to direct the investment of their own contributions subject to the plan's authorization. Your participants give us instructions on how to invest their contributions based on the options available. Recordkeeping Services are provided in connection with offering the product. The following services are provided where allowed by the plan and by governing Internal Revenue Service and Department Of Labor regulations. Some services require Plan Administrator authorization.

Allocating Forfeitures
Benefit elections at separation from service
Call Center Services, including toll-free phone and fax services

Symetra Life, through our separate account offered under the product, offers investment options that invest in mutual funds that are unaffiliated with Symetra Life. We execute trades on behalf of your plan with those mutual funds based on your plan and/or your participants' instructions. By providing these services, this eliminates the cost of engaging another party to perform these services. We also act as an agent on the daily trading of these funds through our separate accounts. As a result, we may receive 12b-1 and sub-transfer agency ("Sub-TA") fees for performing these services. While these fees are retained by Symetra Life, or its broker-dealer affiliate, Symetra Securities, Inc., they are considered in our pricing. For the specific fee amounts, please see the Investment Options Table below. The Investment Options Table details a reasonable estimate of the fees we receive in the form of 12b-1 or sub-TA fees paid to us expressed as a percentage of the assets invested in that investment option.

We are not a plan fiduciary under ERISA. You are responsible for selecting this product, including its plan lineup. Your plan participants select their own investment options and Symetra Life has no discretion over this process. Additionally, we carry out administrative and Recordkeeping Services based on your direction as the plan's fiduciary. We are not a registered investment adviser.

Direct and Indirect Compensation

For all of the services described above, Symetra's compensation includes the following direct contract-level charges and indirect compensation. All compensation described in this section is integral to the total compensation received by Symetra Life for all Recordkeeping Services described above. No individual source of revenue should be considered in isolation with respect to a single service.

Direct Compensation from Contract Charges

The following Contract-level charges are paid directly by each participant or the Contractholder to Symetra Life:

Annual Administrative Maintenance Fee: $30 each calendar year not to exceed $35 (currently waived).

Asset Charge: The charge is 1.40% of the daily net asset value of the accumulation unit for each "Portfolio" under the contract on an annual basis. The charge may be reimbursed in part to participant accounts. Contact your sales agent or us for details. (This charge does not apply to investments in the Fixed account.)

In some contracts, the Asset Charge is comprised of a Mortality and Expense Risk charge equal on an annual basis to 1.25% of the daily net asset value of the sub-account and the Asset Related Administration Charge equal on an annual basis to .15% of the average daily net asset value of the Separate Account. Check your Contract for details.

Contingent Deferred Sales Charge (CDSC): The charge is a declining percentage over a specified period of years of the amount withdrawn from the participant's accumulation account or Contract holder's accumulation account. This charge may vary or may not be applicable to your Contract. See your Contract for details.

Notwithstanding whether your Contract was sold with a CDSC schedule, your Plan and participants have no further CDSC charges for withdrawals because your Contract's anniversary is past the last Contract year in which Symetra Life would charge a CDSC under the terms of your Contract.

Market Value Adjustment (MVA): equal to net investment loss. The adjustment applies to Transfers and Withdrawals in excess of 10% of the Contract holder's and participant's Fixed Account value per Certificate Year, when the current interest rate (credited to new Purchase Payments) is more than the interest rate being credited to the funds transferred or withdrawn. There is no market value adjustment for participant-initiated events such as termination of employment, in-service distributions, loans, financial hardship, disability or death. For a complete list of participant-initiated events, please see your Contract. (The MVA applies only to investments in the Symetra Fixed Account.)

Transfer Charge: $10 for any transfer after the first 12 transfers in a calendar year (currently waived).

Withdrawal Charge: $25 for each withdrawal after the first withdrawal in a Certificate Year (currently waived).

Indirect Compensation

For investment-related indirect fee information as of the date of this disclosure document, please see the Investment Options Table below. In our role as distributor and transfer agent for the investment options under the contract, Symetra or its affiliate, Symetra Securities, Inc., may receive distribution (12b-1 fees) from the funds that are investment options under the contract and sub-transfer agency/recordkeeping fees/administration from the investment company (or its affiliate) for plan assets invested in the investment option. Symetra Life only offers mutual funds in the product that are unaffiliated with us; we do not collect any Portfolio-level investment management fees. The investment management fees and other fees deducted from the investment option by the mutual fund company are equal to the amounts shown in the separate disclosure statements we provide you for compliance with the Department of Labor's 404a-5 regulation under ERISA. Data for unaffiliated funds is obtained from sources external to us. We cannot guarantee the accuracy, completeness or timeliness of this data.

Symetra's compensation will also include the following elements:

1. any investment gains resulting from Symetra's trading errors or other share or unit value discrepancies. Symetra will keep any gains and absorb any losses derived from re-processing transactions due to our trading errors. If such re-processing results in a loss, Symetra will make the plan and plan participants whole.
2. earnings (*i.e.*, "float income") on funds received, or credited to the Contract, before they are invested, allocated or applied in accordance with allocation instructions from the plan; or funds transferred from your Contract and held in Symetra Life's general account before actual disbursements are made from the general account. For more information about float income, please contact us for details.
3. varying amounts of revenue from the Symetra Fixed Account. The amount of revenue varies based on the spread (if any) between the net earned rate of Symetra Life's general account investments and interest rates credited for the Symetra Fixed Account. If there is no spread, we bear the risk of loss for crediting the guaranteed minimum interest rate we credit to the Symetra Fixed Account shown in your Contract.

All of the indirect compensation we receive helps Symetra Life offset the costs of providing you the Recordkeeping Services described in this disclosure statement.

[1] 12b-1 Fees are paid to us by the investment company (or its affiliate) to offset our distribution and marketing expenses and shareholder costs.

[2] Sub-transfer agency and service agreement fees remitted to us by the investment company (or its affiliate) offset the cost of Recordkeeping Services associated with administering plan and individual participant accounts.

[3] In any calendar quarter, if Symetra Life assets are under $100 million invested in the Fidelity VIP Portfolios excluding the Government Money Market Portfolio, Symetra Life may receive no compensation. For assets over $100 million but under $125 million, Symetra Life receives 0.05% of the average net assets invested in the Fidelity VIP Portfolios excluding the Government Money Market Portfolio. Symetra Life receives 0.10% of the average net assets in excess of $125 million invested in the Fidelity VIP Portfolios excluding the Government Money Market Portfolio.

[4] Symetra Life receives 0.25% of the average net assets in excess of $100 million invested in Invesco Portfolios. For assets under $100 million and above $50 million, Symetra Life receives 0.20% of the average net assets. For assets under $50 million, Symetra Life receives 0.15% of the average net assets. Effective October 1, 2016, Symetra Life will receive 0.15% of the average daily net assets and will no longer receive higher amounts for higher balances.

* Restricted Portfolios. These Portfolios are open to investors who have been continuously invested in them. However, if they ever reach a zero balance, regardless of how the zero balance occurred (through withdrawals, repetitive payments, transfers, loans, etc), the investment option will no longer be available for future investments.

Payments to Sales Agents

As the plan fiduciary, you purchased our Contract through a sales agent who is registered with a broker-dealer. The agent's responsibilities included providing you information about the Contract. Symetra Life has sold the Contract through the agent who is licensed by the state and appointed by Symetra Life to sell the Contract. The agent's broker-dealer/supervising agency is compensated for services through a sales commission. It is the broker-dealer's responsibility to pay the agent.

The sales commissions that we pay for the sale of the Contract, and which you pay indirectly through our fees, are reflected in the Schedule A of your Form 5500. Please contact us or your agent for information regarding the exact amount of the commission we pay on the sale of your Contract.

Group Variable Annuity Investment Options

Overview

Document Summary

This document includes important information that may help you compare the different investment options (if available) under your retirement plan. For additional information about your investment options, visit the Internet Web site address shown in the Tables below, contact your Plan Administrator or Trustee or call us at 1-800-796-3872 as representatives are available Monday through Friday from 6:00 AM to 4:30 PM Pacific Time to assist you. You can also receive a free paper copy of the information available on the Web site or additional information about your annuity product, by contacting your Plan Administrator or Trustee or call us at 1-800-796-3872.

This document has 3 parts. Part I has a telephone number where you can call for your fixed interest rates. Part II shows you the fees and expenses. Part III contains information about the annuity options available in the product under your retirement plan.

Please visit www.symetra.com/IndividualsFamilies/Products/glossary/ for a glossary of investment terms relevant to the investment options under this plan. This glossary is intended to help you better understand your options.

Part 1: Performance Information

Table 1

Table 1 focuses on the performance of investment options that do not have a fixed or stated rate of return. Table 1 shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. Information about an option's principal risks is available by going to https://www.symetra.com/IndividualsFamilies/Products/Annuities/ and selecting Group Variable Annuity from the first drop-down box and Performance and Portfolios from the second drop-down box. To provide investment instructions, please contact us at 1-800-796-3872. You can transfer money among the investment options 12 times per certificate year free of a transfer charge. The transfer charge is currently waived. The minimum amount you can transfer out of an investment option is $500, or the entire value of the investment option if less. In addition, transfers out of the Fixed Account are limited to 10% of the Fixed Account value per certificate year.

You have the right to exercise voting, tender and similar rights related to the variable investments offered under your retirement plan. You will receive information regarding such rights and how to exercise them at the time of a vote, tender or other event.

Table 2

Table 2 focuses on the performance of investment options that have a fixed or stated rate of return. Table 2 shows the annual rate of return of each such option, the term or length of time that you will earn this rate of return, and other information relevant to performance.

Part 2: Fee and Expense Information

Table 3

Table 3 shows fee and expense information for the investment options listed in Table 1 and Table 2. Table 3 shows the Total Annual Operating Expenses of the options in Table 1. Total Annual Operating Expenses are expenses that reduce the rate of return of the investment option. Table 3 also shows Shareholder-type Fees. These fees are in addition to Total Annual Operating Expenses.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's Web site for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals.

Part 3: Annuity Information

Table 4

Table 4 focuses on the annuity options under your plan. Annuities are insurance contracts that allow you to receive a guaranteed stream of payments at some future date, usually when you retire. The annuity in your plan is a deferred annuity meaning that you accumulate an account balance that can later be converted (at your choice) into an income stream. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

Table 3: Fees and Expenses

Investment Option	Type of Option	Total Annual Operating Expense (%)	Total Annual Operating Expense Per $1000	Shareholder-type Fees

These charges are based on each Participant's balance invested in the product, and paid directly by each Participant.

Annual Administrative Maintenance Fee: $30 each calendar year not to exceed $35 (currently waived).

Withdrawal Charge: $25 for each withdrawal after the first in a certificate year (currently waived).

Transfer Charge: $10 for any transfer after the first 12 transfers in a calendar year (currently waived).

Asset Charge: The charge is 1.40% of the daily net asset value of the accumulation unit for each "Portfolio" under the contract on an annual basis. The charge may be reimbursed in part to participant accounts. Contact your sales agent or us for details. (This charge does not apply to investments in the Fixed account.) In some contracts, the Asset Charge is comprised of a Mortality and Expense Risk charge equal on an annual basis to 1.25% of the daily net asset value of the sub-account and the Asset Related Administration Charge equal on an annual basis to .15% of the average daily net asset value of the Separate Account. Check your Contract for details.

Market Value Adjustment (MVA): equal to net investment loss. The adjustment applies to Transfers and Withdrawals in excess of 10% of the Contract holder's and participant's Fixed Account value per Certificate Year, when the current interest rate (credited to new Purchase Payments) is more than the interest rate being credited to the funds transferred or withdrawn. There is no market value adjustment for participant-initiated events such as termination of employment, in-service distributions, loans, financial hardship, disability or death. For a complete list of participant-initiated events, please see your contract. (The MVA applies only to investments in the Symetra Fixed Account.)

Contingent Deferred Sales Charge (CDSC): The charge is a declining percentage over a specified period of years of the amount withdrawn from the participant's accumulation account or Contract holder's accumulation account. This charge may vary or may not be applicable to your Contract. See your Contract for details. Notwithstanding whether your Contract was sold with a CDSC schedule, your Plan and participants have no further CDSC charges for withdrawals because your Contract's anniversary is past the last Contract year in which Symetra Life would charge a CDSC under the terms of your Contract.

Please reference your quarterly participant statement for an explanation of fees specifically charged to your account.

Table 4: Annuity Options

Investment Option	Objectives/ Goals	Pricing Factors	Restrictions/ Fees
Group Variable Annuity https://www.symetra.com/IndividualsFamilies/Products/RetirementPlans	To provide a guaranteed stream of income for a period of time based on your participant account value. This option is available through a variable annuity contract your employer has with Symetra Life Insurance Company. You do not need to exercise this option and can receive a distribution equal to your participant account value.	You have the right to elect annuity payments in the form of a life annuity, life annuity with monthly payments guaranteed, and joint and survivor life annuity. You can choose to have fixed or variable payments, or both. The payment amount will be based on many factors including the guarantees, if any, under the annuity option you choose, the frequency of annuity payments, the investment performance, if you choose variable annuity payments, and the annuitant's age at the time you elect to annuitize your contract. There is no additional cost to begin receiving annuity payments under the contract. Table 3 lists the Total Annual Operating expenses of the investment options as well as the charges paid directly by each participant. In addition, there is no additional cost for the death benefit available under the contract your employer has with us and payable to your named beneficiary. This benefit is generally the return of all deposits less subsequent withdrawals. Your death benefit does not continue after you have elected an annuity payment option.	If the amount applied to an annuity option is less than $5000 we may pay you in a lump sum cash distribution where permitted by state law. If annuity payments are less than $250, we may decrease the frequency so that each payment is at least $250. Once you begin receiving annuity payments, the option you chose cannot be stopped or changed. The Annual Administration Maintenance Charge continues to be deducted annually once you begin receiving annuity payments (currently waived). Employees should consult with their Plan Sponsor prior to electing an annuity option.
