NOTE A - DESCRIPTION OF PLAN:

The following description of the RHA 401(k) PROFIT SHARING PLAN (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ruffolo Hooper & Associates, M D., PA, Physicians Independent Management Services, Inc., and Reliance Pathology Partners, L.L.C. (the 'Employers'). Employees who have completed one hour of service and are age twenty-one or older are eligible to make elective contributions or Roth elective deferrals. Employees who have completed one thousand hours of service during the twelve months beginning on the first day of employment and are age twenty-one or older are eligible to receive matching or discretionary contributions as of the next plan entry date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, up to regulatory maximums. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective January 1, 2006, the Plan was amended to accept Roth elective deferrals made on behalf of the Participants. Roth deferrals are subject to federal income taxes in the year of deferral, but the deferrals and, in most cases, the earning on the deferrals are not subject to federal income taxes when distributed. A Participant's Roth elective deferrals are allocated to a separate account maintained for Roth deferrals.

Effective January 1, 2007, if a participant does not affirmatively elect to have a specified amount contributed to the Plan as an elective contribution, the participant will be deemed to have elected to contribute 3 percent of their compensation to the Plan as an elective contribution for each pay period from their entry date. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers various mutual funds and a brokerage option as investment options for participants. If the employee does not make a selection, the Plan auto elects the investment fund (default fund) of the Vanguard Target Retirement fund closest to the retirement age of that employee.

Effective January 1, 2009, the Plan was amended and restated to reduce the discretionary matching contribution formula to 50% of elective deferrals not to exceed 6% of eligible compensation. Additionally, the Plan was restructured for the discretionary profit sharing contributions to an allocation based on a category-based formula. These changes were certified by the board of directors effective January 1, 2009, in a resolution dated April 22, 2009.

Contributions are subject to certain limitations.

NOTE A - DESCRIPTION OF PLAN (CONTINUED):

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the employers' contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount, in annual installments over the participant's life expectancy, or as an annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. However, if the value exceeds $1,000, no distribution shall be made before the participant's 65th birthday without written consent. If a participant does not elect to have a mandatory distribution greater than $1,000 but less than $5,000 paid directly to an eligible retirement plan in a direct rollover or to receive the distribution directly, the Plan must pay the distribution in a direct rollover to an individual retirement account designated, by the Plan. If a participant does not elect a distribution greater than $5,000, then the participant's account balance remains in the Plan until the participant directs a distribution or reaches retirement age or death. The Plan was amended on October 1, 2010 to include all changes both allowed and required with respect to the Heroes Earnings Assistance and Tax Relief Act of 2008 (HEART Act).

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled $22,739 and $35,447, respectively. These accounts will be used to reduce future employer contributions.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Units of the Vanguard Retirement Savings Trust are valued at the fair market value of the Vanguard Retirement Savings Master Trust at year end. Equities are valued at last quoted sales prices as of the close of trading at year end. Securities not traded on the year end date are valued at the last quoted bid prices. Fixed income securities are valued using the last quoted bid price.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned. Capital gain distributions are included in dividend income.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by employees of the Company who receive no compensation from the plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

Subsequent Events

The Plan administrator has evaluated subsequent events through October 2, 2018, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements. There were no material subsequent events that required recognition or additional disclosure.

Reclassifications

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

NOTE C - INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED):

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Vanguard Fiduciary Trust Company held the Plan's investment assets as of December 31, 2017 and 2016, and executed investment transactions for the years then ended. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplementary schedules are complete and accurate:

- Investments, as shown in the statements of net assets available for benefits.
- Net appreciation in fair value of investments as shown in the statements of changes in net assets available for benefits.
- Supplementary schedule of assets (held at end of year) December 31, 2017.

NOTE D - INVESTMENTS (UNAUDITED):

Plan assets are held by the trustee, Vanguard Fiduciary Trust Company (a "party-in-interest").

All securities values, appreciation, gains, losses and allocation of investment earnings to participants are determined by the trustee. In addition, the Plan administrator has obtained a certification from the trustee that the information provided is complete and accurate.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $3,254,986 and $963,785 for the years ended December 31, 2017 and 2016, respectively.

NOTE E - FAIR VALUE MEASUREMENT (UNAUDITED):

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability; and
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trusts: Valued based on the deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENT (UNAUDITED) (CONTINUED):

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017 and 2016:

	Fair Value Measurements at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 31,339,370	$ -	$ -	$ 31,339,370
Common Collective Trust	-	6,396,430	-	6,396,430
Total Assets	$ 31,339,370	$ 6,396,430	$ -	$ 37,735,800

	Fair Value Measurements at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 27,035,810	$ -	$ -	$ 27,035,810
Common Collective Trust	-	5,675,219	-	5,675,219
Total Assets	$ 27,035,810	$ 5,675,219	$ -	$ 32,711,029

NOTE F - CASH SURRENDER VALUE OF LIFE INSURANCE POLICIES:

The Plan holds one life insurance policy on a specific participant as of the year ended December 31, 2017. The Plan held two life insurance policies on specific participants as of the year ended December 31, 2016. A portion of the employee contribution is applied towards paying the premium on the policies. Premiums paid on these policies totaled $12,722 and $15,596 in 2017 and 2016, respectively. The cash surrender value of these insurance policies at December 31, 2017 and 2016, was $269,143 and $367,894, respectively. Fair value is not believed to be significantly different.

NOTE G - RELATED PARTY TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE H - PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

The Plan administrator will facilitate the distribution of account balances to each participant in accordance with the Plan provisions until all assets have been distributed by the trustee.

NOTE I - TAX STATUS:

The Plan obtained its latest determination letter on April 8, 2010 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not subject to income tax examinations for years prior to the year ended December 31, 2014.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 as of December 31, 2017 and 2016:

	2017	2016
Net assets available for benefits per the financial statements	$ 38,252,715	$ 33,157,206
Net assets available for benefits per the Form 5500	$ 38,252,715	$ 33,157,206

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED):

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements for the years ended December 31, 2017 and 2016 to the net income (loss) on Form 5500:

	2017	2016
Net increase (decrease) in net assets available for benefits per the financial statements	$ 5,095,509	$ (267,968)
Net income (loss) per the Form 5500	$ 5,095,509	$ (267,968)

NOTE K - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE L - EMPLOYEE CONTRIBUTIONS:

During 2017, the Plan Administrator discovered a shortfall of $9,550 in employer matching contributions and employee contributions that were remitted during 2015 and 2016. This was the result of employee contributions not being withheld at the correct rate resulting in a corresponding shortfall in employer matching contributions. The Plan Administrator corrected the error during the year ended December 31, 2017 by funding both the employee contribution and the employer matching contribution shortfalls.

NOTE M - COMMON COLLECTIVE TRUST (UNAUDITED):

The Plan invested in Vanguard Retirement Savings Trust (the "Trust"), a common collective trust, a fully benefit-responsive investment contract through Vanguard for Employee Benefit Plans. The Trust invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into "wrapper" contracts issued by third-parties, and invests in cash equivalents represented by shares in a money market fund.

Distributions to the Trust's unit holders are declared daily from the net investment income and automatically reinvested in the Trust on a monthly basis, when paid.

NOTE M - COMMON COLLECTIVE TRUST (UNAUDITED)(CONTINUED):

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) not consented to by the wrap issuer, (2) any communications with participants to induce them to transfer assets in or out of the Trust, (3) any transfer of assets from the Trust directly to competing investment option, (4) establishment of a plan that competes for employee contributions, (5) any change in law or regulation that could have a material adverse effect of the Trust's cash flow, or (6) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator has no knowledge that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.
